Wij beginnen deze keer met het tonen van een afbeelding, waaronder een uitspraak is geplaatst van Johannes Kepler:

Waar materie is, daar is geometrie. Geometrie betekent letterlijk aardmeetkunde, het meten van de aarde. Het gaat om afmetingen, vormen en figuren zoals deze op aarde voorkomen. Meetkunde is één van de oudste wetenschappen. Het is de enige exacte wetenschap die niet uitgaat van

aannames, maar van zekerheden. In oude kunstwerken is veel geometrie aanwezig. Moderne kunst heeft weinig meer opmet geometrie. In de schepping is geometrie overal aanwezig, of zoals Keplet stelt dat waar er materie is, daar is ook geometrie. Wijzelf maakten diverse kunstwerken groot en klein, waarin met name de vijfhoek als geometrische vorm aanwezig is. Op bijgaande foto's kunt u een werkstuk zien dat gemaakt is van speksteen. Het zijn twee vijfhoeken of pentagons die tegen elkaar aan zijn geplaatst, de één naar links wijzend, de ander naar rechts wijzend, als concave en convexe. Er zijn twee gaten in geboord, als twee ogen om mee te kijken, te kijken naar de wereld, te zien hoe de schepping en materie geometrisch in elkaar zit. Hoe kijken wij naar de wereld, naar het leven, naar kunstwerken?

Wij kunnen horizontaal kijken, zoals in afbeelding 1. Dan lijkt het werkstuk op een locomotief, een stukje mechaniek dat zich voort kan bewegen door de tijd, dus actie.

Wanneer wij het werkstuk een kwart slag draaien en het vertikaal bezien, komt er iets dynamisch tevoorschijn, een levend wezen, een dier.

Uit de nieuwsbrief van Marja de Vries, de schrijfster van een aantal belangrijke boeken, nemen wij onderstaande over ter informatie:

Als iets in lijn is met de universele wetmatigheden, functioneert het optimaal, komt het overeen met wie we in essentie zijn, is het in balans en harmonie met het grotere geheel en draagt het bij aan het welzijn van alles en iedereen.

'Samenlevingen in Balans' is de term waarmee ik verwijs naar samenlevingen waarvoor geldt dat inzicht in de werking van de universele wetmatigheden een inherent onderdeel is van alle aspecten van de cultuur.

Lieve mensen,

Hier is weer een nieuwe nieuwsbrief over de laatste ontwikkelingen rond mijn boeken *De Hele Olifant in Beeld* en *Samenlevingen in Balans*

en mijn streven om bij te dragen aan de transformatie van leren en onderwijs, en dat alles op zo'n manier dat we een wereld kunnen creëren die bijdraagt aan het wereldwijd welzijn van alles en iedereen, dus zonder iets of iemand buiten te sluiten of over het hoofd te zien, en dat niet alleen op de korte termijn maar vooral ook op de lange termijn en voor de komende zeven generaties.

De Hele Olifant in Beeld en de Gulden Snede Verhouding

In *De Hele Olifant in Beeld* (2007) schrijf ik dat de westerse wetenschap – en aanvankelijk vooral in Russische landen - op steeds meer plekken de Gulden Snede verhouding op het spoor komt en dat te verwachten is dat dit proces in de komende tijd door zal gaan. Nu, inmiddels 9 jaar nadat ik mij manuscript bij de uitgeverij inleverde, vond ik daar een indrukwekkende bevestiging van op de website van het door de Britse biofysica Mae-Wan Ho opgerichte [Institute of Science in Society \(ISIS\)](#) **De Gulden Snede verhouding en de Nobel Prijs voor scheikunde in 2011**

Allereerst is daar een artikel van Mae-Wan Ho te vinden waarin ze vermeldt (wat mij was ontgaan) dat in 2011 Daniel Shechtman de Nobel Prijs voor Scheikunde heeft ontvangen voor het ontdekken van de op de Gulden Snede verhouding gebaseerde 'quasicrystals' (ook bekend als quasi periodic crystals). Terwijl kristallen een 2, 3, 4 of 6 voudige symmetrie kennen, had zijn quasicrystal die hij al in 1982 creëerde een **5-voudige symmetrie**. Iets wat op dat moment voor onmogelijk werd gehouden. Daarom wilde niemand hem aanvankelijk geloven en kreeg hij te horen: "There is no such thing as quasicrystals, only quasiscientists."

Inmiddels is echter duidelijk dat quasicrystals gekenmerkt worden door het feit dat de structuur gebaseerd is op de Gulden Snede verhouding met als gevolg dat – in lijn met de werking van de universele wetten – het 'minimumenergiestructuren' zijn. Hier is [het hele verhaal](#) te lezen.

De Gulden Snede verhouding ligt aan de basis van al het leven Maar bovendien en waar ik vooral heel blij van word beschrijft biofysica

Mae-Wan Ho in een serie van 7 artikelen die in 2014 en 2015 verschenen zijn hoe de Gulden Snede verhouding aan de basis van al het leven ligt! Ze baseert zich hierbij zowel haar eigen inzichten als op de inzichten van diverse andere wetenschappers. Het werk van een aantal wetenschappers dat ze in deze artikelen noemt, noem ik ook in *De Hele Olifant in Beeld*. Zij gaat echter nog een heel stuk verder. Zo beschrijft ze ook de Gulden Snede verhouding in relatie tot hersengolven en maken volgens haar de bijzondere kenmerken van het irrationele getal Phi (1, 618...) het bovendien eindelijk mogelijk om de inzichten in de kwantumfysica met de relativiteitstheorie van Albert Einstein te verenigen. De artikelen zijn voor de leek niet allemaal even eenvoudig te lezen, maar voor wie het interesseert zijn hier de linken naar de eerste 6 artikelen:

Part 6 ['E-Infinity Spacetime, Quantum Paradoxes and Quantum Gravity'](#)

De Gulden Snede verhouding ook aan de basis van de structuur van water

En in het 7^e artikel, het meest recente artikel van Mae-Wan Ho dat in maart 2015 verscheen, beschrijft ze dat wetenschappers onlangs ook ontdekt hebben dat de Gulden Snede verhouding aan de basis ligt van de structuur van water! (Zen Gardner | Josh Richardson) Plant growth is governed by the Fibonacci sequence, which can be understood as a law of accumulation. The role of the Fibonacci sequence in the growth of plants is an intriguing example of the unifying order behind all creation. These patterns exist at all levels and permeate the universe, reminding us that the same swirling energy is shaping, sunflowers, whirlpools, spinning galaxies, and our own DNA.

Sacred Geometry is the meeting of science and spirituality, ‘the blueprint, the structure of spacetime that organizes matter.’ It is an ancient science that explores and explains the language or building blocks of all things in our Universe.

When one looks into the absolutely vast amount of information that has been collected on the extensive number of forms in which Nature employs the proportion of Phi, it is obvious that there is no other specific number that recurs throughout life on Earth with such regularity.

In effect, the Fibonacci sequence describes how things grow, building and multiplying according to what’s already there. This growth by accumulation is reflected in how trees branch, flowers form, and ferns unfurl.

All phenomena, from the infinitely small to the infinitely big... the growth of plants, human body proportions, the structure of crystals, the orbit of the planets, light, music and more has a specific geometric structure. Everything in the Universe follows the same geometric

pattern that fractals over and over creating endless possibilities of light, color, shape and sound. Every motion, system of growth, cell, plant, animal, planet, star, galaxy and black hole are all ruled by the mathematical laws of sacred geometry. Ancient cultures around the world have used this 'mystery school' knowledge to build monuments, churches and sacred sites. We have been studying these places for ages and through modern science perhaps we now beginning to understand the meaning and purpose behind these structures.

In an overwhelming number of plants, a given branch or leaf will grow out of the stem approximately 137.5 degrees around the stem relative to the prior branch. In other words, after a branch grows out of the plant, the plant grows up some amount and then sends out another branch rotated 137.5 degrees relative to the direction that the first branch grew out of.

The Fibonacci sequence governs the placement of leaves along a stem, ensuring that each leaf has maximum access to sunlight and rain. If you look straight down along a stem, the leaves (or branches) emerging from it will spiral such that when you count from one leaf to the one that lines up directly below it, the number of leaves between them and the number of times that group of leaves spirals around the stem will both be Fibonacci numbers.

This same principle is at work in the formation of pine cones, sunflowers, pineapples, and cacti. All have a double spiral structure that allows their smaller elements (seeds, for instance) to pack closely and efficiently. Look at the middle of a sunflower: you will see that the seeds line up in crisscrossing spirals radiating from the center, and if you count the number of spirals turning in each direction (clockwise/counterclockwise), they will always be Fibonacci numbers.

Kamille toont de 21 (blauw) en 13 (lichtblauw) spiralen. Dergelijke ordeningen met betrekking tot opeenvolgende Fibonacci-nummers komen voor in een grote variëteit aan planten.

Here are fifteen plants that perfectly demonstrate this principle:

Dodecahedral Geometry of the Bodies Auric Field and Chakra Symmetry ...

The Flower of Life has twelve centres around a column of seven levels

. The octave has 7 tones but there are also five elevated tones (black keys on the piano keyboard)

so there are actually 12 so called halve tones in an octave.

The black keys correspond to the five back-side vortices to the chakras

between Ajna and Swadhisthana.

Despite the observation that chakras canalize through seven levels, there are not seven

- but six PAIRS of main chakras in the "Vis Vita" around the human body.

Crown and root or Sahasrara and Muladhara are two poles of ONE Chakra-Pair

Basic "Platonics":

1. EARTH

The Cube in an octagonal grid.
The diagonals form a Tetrahedron

2. FIRE

Six Tetrahedra in this constellation form an Octahedron grid.

3. AIR

Octahedron - Pyramid grid. In the empty space between eight Octahedron fits the Vector Equilibrium.

4. VAPOUR

Cub-octahedron or Vector Equilibrium
(Archimedean solid between air and water).

5. WATER

The Icosahedron as a twisted Cub-octahedron.

6. AETHER

The Dodecahedron as inverse Icosahedron.

THE MYSTERY OF THE TETRAGRAMMATON (Part 1)

CODE MAP & PASSWORD FOR THE ANCIENT ETHERIC

"KRYSTOS GRID" MULTI-DIMENSIONAL ORGANIC INTERNET

Mesha Stele at the Louvre (dated 840 BC); perhaps the earliest known use of the Tetragrammaton. I have no doubt this Cipher-Password comes from considerably earlier eras, from the Atlantis "Krystos Grids"

If after reading the previous posts in this blog you have not yet gathered that in very ancient times and way before officially accepted history, much more advanced civilizations existed which utilized the etheric Frequency-Modulated crystal (Krystos) Grids to power and serve as

medium of shareable transmission of a type of Organic Living Internet which ultimately not only changed things "on the screen" so to speak but altered the surrounding "reality" itself, then you have not been really reading at all. This is in no small part what the expression Demiurgic Technology means; our present Timeline's information age technology is but a minor copycat attempt only operating at an inorganic level, a tiny partial subset of a much more powerful multi-dimensional science of SYNCHRONIC CONVERGENCE incorporating a superior form of Language in its software, a linguistic Fractal Resonance tool that is presently unfathomable to most people, but which for ex those attuned to Gematria and so forth, are keenly aware of.

Spelling of Tetragrammaton and connected forms in the Masoretic Hebrew text (vowel points in red).

YHWH intended to be pronounced as Adonai: יהוה

In the best Biblical manuscripts and scholarly editions: יהוה

Adonai, with its slightly different vowel points: אדני

Note that when the prefixed prepositions ו and ב are attached to יהוה the Sewa vowel diacritic becomes patah - , normal when preceding a consonant with hateph-patah - (rather than becoming hireq - , normal when preceding a consonant with another Sewa) - ביהוה

YHWH intended to be pronounced as Elohim: יהוה

In the best Biblical manuscripts and scholarly editions: יהוה

Elohim itself: אלהים

Tetragrammaton related Masoretic vowel points

(CLICK TO ENLARGE)

In our present semi-medieval religious dominated mindset, the childish explanations we are given for the case above of the so called

Tetragrammaton, mostly verge on the laughable; for ex we have the Watchtower Society (otherwise known as Jehova's Witnesses) indoctrinating its believers on the fable that this is the "true name of God" in the "original Bible". But, was it really the name of God or rather the multiform CIPHER ENCRYPTED PROTECTED PASSWORD TO ACCESS AN INTRANET THAT SURVIVED THE FALL (SHUT-OFF) OF THE ATLANTIS GRIDS, and could be still operated in a very limited manner...? First of all and irrefutably so, the Tetragrammaton cipher password was related to the Pyramids, and this can be easily seen when just looking at its original taught template within the Pythagorean school of ancient Greece (Pythagoras / born 570 BC, died 495 BC), which sought to educate on the triangular "LAMBDOMA" as origin of all science of proportions and Form Manifestation (also evident origin of the symbolic term "The Lamb" as applied to 'Jesus' in the Gospels, since 'Jesus' is proposed to be the LOGOS COMPUTING DEMIURG, thus the "lamb" or Lambdoma is the template configuration in the Creation process).

THE TETRAGRAMMATON.
 By arranging the four letters of the Great Name, $n + n^2$ (I H V H), in the form of the Pythagorean Tetrad, the 72 powers of the Great Name of God are manifested. The key to the problem is as follows:
 $\cdot \cdot \cdot = I = 10 = 10$
 $\cdot \cdot \cdot = H I = 5 + 10 = 15$
 $\cdot \cdot \cdot = V H I = 6 + 5 + 10 = 21$
 $\cdot \cdot \cdot = H V H I = 5 + 6 + 5 + 10 = 26$
 The Great Name of God = 72

Now it is well known that Pythagoras was a superhuman ('godly') figure secretly rumored to be able to travel in Space/Time, taught by Hermes and sent to 3D Earth to help mankind; in other words Pythagoras is the real link between ancient Egypt of the Pyramids as leftover of Atlantis and the following devolved surviving civilizations in our occidental world, as far as knowledge concerns. This is why for ex within Masonic circles Pythagoras is regarded as an archetype of 'Jesus' within the "LOGOS & NOUS" secret knowledge; the utter caricature that this distinction has been turned into by the current academic establishment is a testament to the interdiction of all science and knowledge of crucial matters in our current civilization. I suggest you rather start thinking of the NOUS as akin to your Personal Computer and of the LOGOS as akin to the Worldwide Internet, to better grasp what they were trying to convey when using these terms. Merely speaking along the lines of vague notions of "mind" or "reason" is directly obfuscating the true meaning and precision of the distinction; what matters is that your "Psychic Mind" as an individual is both totally different to the "Body Computer" and its sensory apparatus, as well as the universal Organic Internet Etheric Servers which only your "Psychic Mind" can access and be a part of, but not your "Body Computer" -i.e. the Brain-. The way we currently adjektivize "EGO" is intended to mean the attachment of this rogue program to the Brain as "Body Computer" demigod, thus inverting the order of precedence and control from the bottom up, for all practical means turning humans into zombie prisoners of their bodily-bound Ego as the lowest order mind computer, while disconnecting humans from their medium level "Psychic Mind" (the NOUS) which can indeed link to and interact with the higher etheric universal mind of the cosmic Organic Internet (the LOGOS), as this much higher level runs the programs of Creation & Manifestation within a Multi-Dimensional (Demiurgic) platform. What we call the single highest God, is considerably higher than all of this, and this is the pertinent issue which religions have "flattened out" to the thin layer of a pancake version of the multi-dimensional realities, in which humans are immediately near the highest God with very few intermediate layers of Creation & Manifestation in between, the equivalent of what Flat-Earthers did in respect to astronomy, in regards to the conceptual apprehension of the Multiverse -when of course the opposite is true, that 3D humans are at

near the bottom within a very thin frequency layer, and from there on lies a vast Multiverse of intricate layers of frequency all the way to the very but very far top where we would place God-

Pythagorean creation of the Musical Scale and Harmonics through his LAMBDOMA

Therefore the original concept of the Trinity was never a religious notion but rather a "synchronic-geometric" Multi-Dimensional construct to help humans navigate through the laws governing the processes of CREATION & MANIFESTATION, as derived of the knowledge inherent to the Lambdoma and the Triangular / Pyramidal Convergence of Resonance within the Multiverse; and this is the exact reason for ex the Masons have always called God the Great Architect, simply because in their secret lodges they have hoarded the ancient "mystery" knowledge concerning these things. These elite pirates of wisdom have always known that while there is a Geometry to Creation via frequencies & harmonies/harmonics, at the same time there is a SOFTWARE aspect to it, embodied for ex in the so called "Kabbalah". What this means is that the language of the Logos software of Creation & Manifestation, is also imbued of the properties of Synchronic Convergence & Resonance, unlike our daily use of language in a strictly utilitarian created mode which is merely linear & aggregative while most often randomly configured; yet within this apparent random language, a higher set of distractedly called "Kabbalistic" cues and fractals organize a subset of Higher Synchronic Language somewhat or partially resonating to the Nous & Logos of

Demiurgic Creation, whereby those attuned to this subset can 'read' a much different higher Reality-Behind-Reality simply by focusing the higher mind on the very language in itself (as in the practice of Gematria, etc). However yet another aspect of language as ENCRYPTION & PASSWORD to access the Demiurgic tools of Living Internet computing, is also relevant although distinct from the previously described aspect, and this is where the Tetragrammaton precisely fits in within the larger scheme of things.

It's easy to see that when the Tetractys is composed of 153 dots, then the resulting internal figures consist of 10 Upwards Triangles and 6 Downwards Triangles; this is my opinion is the origin of the "10 Commandments", as this specific Tetractys had enormous importance. The geometrical schematic probably came about after careful analysis on the construction of the Pentagram and the Hexagram, both of which in turn result from the construction of the Vesica Pisces, which is defined in numbers as the ratio between 265 & 153, thus 153 is the key to the Portal between Pentagram & Hexagram:

VESICA PISCES ratio

153 is a triangular number, and below you are able to notice how the last 10 numbers in its Tetractys go from 144 to 153; the sum of the first five factorials yields: [$1!+2!+3!+4!+5! = 153$] also reaffirming the pentagramic structure. The last 13 numbers add up to: [$141+142+143+144+145+146+147+148+149+150+151+152+153 = 1911$]. Since 153 is the 17th triangular number, when multiplying both: [$153 \times 17 = 2601$], and the English alphabet consists of 26 letters, while in Standard Universal English Gematria ($a=1, b=2, \dots, z=26$): [$GOD = 26$].

Vesica Pisces and Star of David

Pentagram and the Vesica Pisces

Pentagram, Hexagram and the Vesica Pisces; the common AB side between Pentagram & Hexagram is indeed the earlier shown "153" (segment BD in the Vesica Pisces Ratio figure) proportional segment. We will see in Part 2 & Part 3 ahead, that the name for the "Mary Magdalen" figure in the Gospels narrative, carefully encodes "153" in Greek Gematria, symbolizing the female Vulva in esoteric (higher dimensional) terms or the Sacred Fish in exoteric (3D) terms, also encoded as ICHTUS

Thus it is self-evident that the Vesica Pisces as the interlocking/underlying structure between the Pentagram and the Hexagram (Star of David) was regarded as the basic template of the DEMIURGIC SCIENCE OF CREATION & MANIFESTATION, and its associated symbols and numbers were given a "religious" significance in order to preserve this deep secret of higher wisdom, through the following ages in the DESCENT OF MANKIND, or

devolution downwards into the Age of Material Darkness which is reaching its apex point now.

Vesica Pisces as conjunction area between 2 circular waves forms a Sonic Interference Pattern, basis for a Double Helix Grid of resonance & shape

The numbers 1 / 5 / 3 that form 153, are also triangular numbers, and this is why when we add their cubes, one returns to 153 again: [$(1 \times 1 \times 1) + (5 \times 5 \times 5) + (3 \times 3 \times 3) = 153$]. A fractal echo of this interference is found for ex in the Transit of Venus across the Sun when seen from the Earth, which periodical occurrence forms a Pentagram in Venus orbit:

Venus Pentagram formed by each Venus Transit over the Sun as seen from Earth

In other words every manifestation is intrinsically or inherently linked to all other manifestations through the essential templates of formation, or through the EVENTS in Space/Time that mark relevant happenings, all part of the same fractality; what this implies is the notion of a DEMIURG COMPUTER PROGRAM underlying all manifestations, operating via Holographic Fractals, then geometries, numbers, letters, words, names, events, etc, become all part of the same exact program or software, but express a different linear projection of them. If there was no underlying Morphogenetic Field through which the Living Software (Logos & Nous) could lock into pattern, there would be no "reality" as such in the Multiverses. Now if you quickly go backwards in the figures presented here, then at the end you'll see the "YHWH" within the Tetractys as an "opening" Password which is encrypted and cipher encoded for protection. This explains the otherwise absurd "religious" prescriptions for not uttering that "name" aloud, the substitutions of it via adding the vowels and so forth, for the alter "names" Adonia, Elohim, Lord, etc etc etc; evidently these were all mere cover stories to preserve the secrecy

surrounding the encryption of the Password procedure. So while it was allowed to write the Tetragrammaton "YHWH" (or "IHVH"), it was not allowed to vocalize it, as only the High Priest on the Day of Atonement (TONE, frequency) could utter it in full voice. And few people know that the origin of the term "YAHOO" is one of the possible loud vocalization of the "YHWH" Tetragrammaton, because it used to be an anecdotal urban legend amongst computer geeks.

symbol of the Tetragrammaton within the Pentagram

And all the different people that throughout history have been privy to these other higher sciences, in turn proceeded to encode in their own devised names for places and such, the same formulas, such as for ex the famous GRAND TETON mountains in Wyoming are formed by GRAM / TE / TON within the above figure, or as for ex the 5 letter name for T/E/X/A/S is also depicted as within the same Tetragrammaton pentagram, or as for ex the new monotheistic God of Pharaoh Amenophis IV better known as Akhenaten/Akhenaton (the God "ATON" or

"ATON") is also found in MA / TON, etc etc etc. Therefore the science of Formation is the same as the science of SOUND and number, as the light of the orb ATON is the same as the sonic TONE but just in another manifestation.

THAT "IHVH" ("IHWH" OR "YHWH") KNOWN AS THE TETRAGRAMMATON CANNOT BE THE SO CALLED

"NAME OF GOD" IS EVIDENT IN THE FACT THAT THERE IS A NAME (Tetragrammaton) TO DENOTE THE

NAME "IHWH", THUS IT'S STANDS AS SELF EVIDENT THAT THIS IS NOT A NAME BUT A CIPHER-CODE

FOR SOMETHING ELSE ALTOGETHER (since when another name is needed to denote a name...!?)

Pict - Celt tuning fork megalith (Bronze Age) -and hammer to strike the tuning fork like a bell-

In my opinion, what it was all about, was an attempt to preserve for millennia the secret password and code-map for the now deactivated but active in the very ancient past organic internet as interactive with the Pineal Gland and the Pituitary Gland; this type of far more advanced multi-dimensional Living Information Field worked its way through the different MORPHO-GENETIC FIELDS, finding the appropriate organic antennae and receivers, as in the case of the Pineal gland which acted as a Resonator (Receiver / Transmitter in the 3D body). We can better visualize this advanced organic internet as akin to the tuning fork vibrating to specific resonance, the difference being that a metal inorganic tuning fork only resonates to a prefixed single frequency of resonance, whereas the Pineal Gland & Pituitary resonate to varying different frequency resonances, as they are multi-dimensional organs that can "MODULATE" several inputs and proceed to "ATTUNE" to them -in the original way these glands worked in the ancient past before Devolution kicked in-

OSIRIS pine cone shaped Pineal Gland at the top of the dual helix Kundalini energy coils traversing up the spine

Pine Cone double-helix Vortex inducing structure, as multi-dimensional organic wormholing; THIS IS THE HIDDEN REASON WHY THE PINE TREE IS AN INTEGRAL PART OF "CHRISTMAS" (i.e. Birth of the Light), because it represents the PINEAL GLAND lighting up into higher-dimensions from inside the skull cave at the center of the Brain

pine cone shaped Pineal Gland statue at the Vatican; the above dome symbolizes the skull cave inside the Brain, while the 2 flanking birds symbolize the Reptilian to Avian morphing of the Kundalini's DNA bio-port of resonant frequency transmission

Masonic G secretly meaning Gland as kundalini G-spot

Now this is where we are forced to use a Gematria like higher synchronic system of understanding Language in order to quickly get out of the linear logic analytical thinking, and wade through the compartmentalized mental moat (water pit surrounding a castle) so to speak; we instantly begin to see the multiform correspondences in the Subconscious Mind, between apparently distant themes in the Conscious Mind -such as Patmos Island, Atlantis, the Tetragrammaton, genetic science, etc-:

“GLAND” ~~~ “ISLAND”

“PATMOS ISLAND GREECE” ~~~ “PINEAL GLAND”

“(St) “PAUL” ~~~ “PINEAL”

(St) PETER” ~~~ “PITUITARY”

“POPE” ~~~ “POLE” (PAUL)

The Cathedral represents the Skull, and the “KEYS TO THE KINGDOM” held by “St Peter” (or currently the “POPE”) at the Vatican represent the power to shut-off or reactivate the Pineal & Pituitary Glands

as organic multi-dimensional fractals of the Earth Axis North & South Magnetic Poles. The general idea being, that at the moment of the GALACTIC CROSS, then this perfect fractalization between inner & outer resonates to its fullest, opening the Vortex portal of the human DNA and energizing the Kundalini energies to once again fire up the Pineal & pituitary Glands into supernal light. Unavoidably so one is confronted with the awareness that within the illuminati there is a very tiny elite which understood to some extent the organic higher science involved since they know full well that this was the previous mode of existence of more evolved humans, but which have concealed such advanced knowledge from the masses, attempting to utilize it only for themselves, while giving distracting “theologies” to mankind, only there to serve as carriers of the concealed wisdom found in the religious symbols, narratives, names and so forth.

each re-illuminated Pineal is the REBIRTH OF A STAR, as the "inner projection" of 5D or 4D Psionic Energy coalesces into the formation of cosmic bodies unto the immediately below Density/Dimension of light frequency; in other words a higher ascended being has a lighted celestial body in the under-dimension as his "name" or "mark" in the lower "sky" fractal. As the cosmos is nothing but a fractal multi-dimensional HOLOGRAM, with one same

being having MULTIPLE manifestations throughout the Holographic Multiverses

The vast majority of Christians are painfully ignorant of the fact that the ENTIRE New Testament was written in Greek (Koine Greek to be exact), thus the importance of the pre-christian Greek eras is crucial to its understanding, but even more so to the underlying secret CIPHER GEMATRIA encoding -akin to the counterpart similar Hebrew cipher Kabbalah encoding that permeates the Old Testament; the relevant difference is that while the modern Jewish scholars know full well about the triple or quadruple layers of Kabbalah encryptions found in the Old Testament texts, amongst the Christian scholars it is still a "non admitted" fact that its equivalent Greek encryptions are found in the New Testament -one could easily call it the most obvious grand secret ever held in out occidental civilization-. In other words the powers-that-be have taught a "Literalist" version of spirituality & wisdom, forcefully concealing from the masses the deeper strata of meanings embedded in the encrypted Gematria layers. The great advantage in writing a blog as opposed to a dry academic thesis, becomes the unlimited freedom to casually jump from one topic to another, and weave them as one wishes, thus much easily arriving at the painfully absent synthesis of most formal studies (*best defined as the manufactured imposition to know more & more about less & less, until one gets to know practically everything about almost nothing, assuring an unlimited shelf life to all the really Big Lies crafted under the cover of analytical modus operandi -scholars paid to take apart everything without ever assembling anything back really-*), provided one knows where is going or aiming at, that is.

"IHWH" is a Hebrew 4-letter cipher code formula

"TETRAGRAMMATON" is a Greek word denoting the "IHWH"

**"IHWH" matches perfectly the 4-letter human Genetic Code
"ACTG"**

The "TETRAGRAMMATON" (means: '4 letter word') matches what then?

— It has to be something of comparable grand importance —

Let's begin by looking at the map of Egypt, Israel, Greece, the Mediterranean, the Aegean:

the Aegean Sea seems to have been land until more recently -even including Cyprus-, just like the Black Sea that feeds its waters into it

(CLICK TO ENLARGE)

Now one gets the distinct impression the entire area currently known as "Greece" actually had previously been rather centered in the present flooded Aegean Sea, which includes the Dodecanese Sea in its Southern portion -where crucially the famed PATMOS ISLAND of Book of Apoc/Rev lore lies-

"The name Aegean has been variously derived from Aegae, a city of fvvoia; from Aegeus, father of Theseus, who drowned

himself in the sea believing his son had been slain by the Minotaur; and from Aegean, an Amazon queen who drowned in it.

The sea's ancient name, Archipelago, now applies to its islands and, generally, to any island group" -Encyclopedia Answers

Important to remember that "Aegean" Sea means Archipelago as well as the name of Theseus father, who "drowned", while Theseus dared to go into the much feared LABYRINTH to kill the Minotaur monster, carrying ARIADNE's ("Arian DNA") thread to find his way back. I don't know about you, but to me it seems as if the entire present "Aegean Sea" area then more land than sea had fewer islands and perhaps an underground system of tunnels and LABORATORIES (... Labyrinth... Laboratory... Labarum... Labrys... -catch my drift...?-), which operated for GENETIC ENGINEERING PURPOSES DURING THE TAURUS ("Minotaur"... "Minos" era during "Taurus"...) ZODIACAL ERA. In my extrapolation, this "Aegean" area sank deeper or the water level increased perhaps due to related incoming floods from the present Black Sea area and concomitant volcanism/tectonic shifts, becoming a full sea openly connected to the Mediterranean Sea -all the deep secrets of the area disappearing from further history, only preserved in Greek mythology and Gematria styled obscure encrypted wisdom for the tiny few 'illuminati' relatively in the know-. Otherwise how can one for ex possibly explain the absolute anomaly within the Muslim circles, which seem to believe that the White Race was genetically engineered exactly in... (you guessed it...) PATMOS ISLAND about 6 thousand years ago...???? I don't believe for one second their racist preposterous claim, yet it stands as a smoking gun evidence for my extrapolation, in the sense that this area and specially Patmos Island hides ancient secrets of enormous importance linked to Egypt and further back to global Atlantis; therefore the Book of Apoc/Rev supposedly written in Patmos Island in the Dodecanese Sea as part of the Aegean Sea, has to be considered in the terms I am here elucidating. Specially since it concerns a "Beast That Was, Is Not, But Will Rise Again", a Beast that is split into 2, one Beast from the Sea and another Beast from the Earth; the almost self-evident pun of Atlantis as a sunken "island" of sorts, and of the Aegean area sinking under the water,

requires no PhD in Harvard high IQ but simply the most elemental detective dog-sniffing trait.

"CHI RHO" SIGN OF CONSTANTINE - at Coll de Nargo` - Spanish Pyrenees (including the "Alpha & Omega" at left & right, the "S" money symbol at the bottom, and both "+" and "x" crosses); the "p" AT THE TOP STANDS FOR PAX/PEACE AT THE POLES AFTER THE CATAclysms, AND A TIME FOR "P"ROCREATION THROUGH "S"EX -this the reason the Omega is shaped like a "P"enis-, a time for a new Adam & Eve to multiply

If you truly believe that Emperor Constantine actually saw this “CHI RHO” (XP in our present English alphabet) sign in the sky preceding a defining battle, then you are a lost cause in the realm of naivete; it’s utterly obvious this was a much but much more ancient cipher glyph spanning all the way from the Aegean area to present Ireland (via the Pyrenees). As RHODES Island in the south end of the Aegean /

Dodecanese Sea was by far the most important besides Crete, and as Aegean meant ARCHIPELAGO, one is tempted to reduce its meaning to just such, but this is only scratching the surface of the encoding:

ARCHIPELAGO ~ “CHI”

RHODES ~ “RHO”

The connection of the British/Irish Isles via the Picts & Celts to the same mystery is evident in the names:

“ARCHIPELAGO” ~ “GAELIC”

In my other older blog I’ve explained on several occasions that Language as being etheric/psychic and non material, runs from/to all directions of Time and is NOT strictly formed or dependent on historical precedence always in a fixed Past-To-Future sequence as conventional philology claims, in other words the Alpha & Omega points of “beginning” and “end” often switch positions depending on the SUBCONSCIOUS SUBTEXT OF THE NEURO-LINGUISTICS, WHICH ARE MOST DEFINITELY NOT A SINGLE STRAIGHT LINEAR VECTOR OF HISTORICAL TIME AS WE CONSCIOUSLY EXPERIENCE IT, BUT RATHER A MOST COMPLEX INTER-DIMENSIONAL MULTIPLE-TIMELINES FIELD, THAT FOR ALL PRACTICAL PURPOSES IS A VERITABLE MAZE OR LABYRINTH.

WE SEEM TOTALLY INCAPABLE OF GRASPING THE NOTION THAT MUCH MORE ADVANCED

ANCIENT CIVILIZATIONS HAD A PLETHORA OF OPTIONS TO ESCAPE CATAclysmic EARTH

CHANGES; SEEMINGLY THAT ONE OF THESE ALTERNATIVES WAS TO “SWITCH BACK” INTO A

**FORMER ERA OR TO "SWITCH" FORWARD" INTO A
FUTURE ERA, BEING ABLE TO PINPOINT**

**A PERIOD IN TIME UNDER MORE STABLE CONDITIONS
(i.e. TIME TRAVEL is selective groups)**

<http://deep-high.blogspot.com/2011/09/ancient-ark-agendas-nibiru-matrix.html>

-I used the "Restore-Point" computer analogy in my previous older blog, to illustrate this-

Thus the "Labyrinth" resulting context pertains not only to the Subconscious Neuro-Linguistic Construct per se, but to very the end-destination of the actual reality itself in which the Time-Traveller surviving groups landed in; a veritable Labyrinth in many senses of the expression, where MANY REFERENTIAL TIMELINES JUXTAPOSE BACK & FORTH AS VIEWED FROM S SINGLE TIMELINE VECTOR. If you have trouble understanding this, simply picturing a group during for ex the fall of Lemuria days, deciding to time travel a very long span back in time to "begin again" -thus past becomes future and so on and so forth-, or inversely time traveling a long span forward into the future to "begin again", and this for ex could be our present civilization perhaps DISCONNECTED IN LINEAR TIME from the much more ancient in the night of times global & inter-planetary civilizations of Lemuria & Atlantis. Under this scenario, the attempt to square off a smooth linear sequential time where one civilizations springs from a previous one in the same exact Timeline, could be impossibilities brought on by a narrow mindset unaware of the intricacies of the Time-Travel agendas of survival. However the Linguistic Templates could encapsulate much better these Timeline Labyrinths, evidencing a Subconscious multi-language phenomenon of SYNCHRONIC CONVERGENCE; and that these converging patterns is where the actual & true memory of the Labyrinth movements is to be found in the form of Neuro-Linguistic scripts attached to Karmic Records of Akashic nature (only this type of Synchronic Language capable of traversing various

Timelines instantaneously). In my opinion the knowledge of this aspect of language as Carrier of Multiple Timelines Records (RAM/ROM organic memories in the Morpho-Genetic Fields) is evident in the insistence of all ancient "mother" tongues such as Hebrew, Sanskrit, Greek, etc, to delve in the FRACTAL PATTERN "SACRED" ASPECT of language as "Zero-Time" Informatics.

Synchronic Linguistics then carry data information across eons in varied simultaneous manners:

TETRAGRAMMATON (5 Vowels / 9 Consonants)

But in Universal Standard English Gematria / a=1, b=2, ..., z=26:

59 = ISLAND

"TETRAGRAMMATON"

(Consonants: 3 letter T, 2 letter M, 2 letter R, 1 letter G, 1 letter N)

(Vowels: 3 letter A, 1 letter E, 1 letter O)

Skull & Bones "322" code ~ "322" / "TMR", where M:R is Rev 13:18

$$(3 \times T) + (2 \times M) + (2 \times R) + (1 \times G) + (1 \times N) = \\ (3 \times 20) + (2 \times 13) + (2 \times 18) + (1 \times 7) + (1 \times 14) = 143$$

But this simple procedure shows that the word Tetragrammaton perfectly encodes the Apoc/Rev code, as:

143 = PATMOS ISLAND

Implying that the "IHWH" cipher was tied to whatever took place in the Aegean/Dodecanese area very long ago before our

historical Timeline "restarted" about 13 thousand years ago, and that the convoluted thread is found in certain language ciphers,

working at many levels in astonishing minutia (the Subconscious Filed is considerably more elaborate than the Conscious):

$$(3xT)+(2xR) = (3 \times 20) + (2 \times 18) = 96 = \text{ATLANTIS}$$

$$(2xM)+(1xG)+(1xN) = (2 \times 13) + (1 \times 7) + (1 \times 14) = 47 = \text{BEAST}$$

If you are beginning to panic at the realization that language is a completely different animal than the stable & limited tiny little thing you were taught it is, may I suggest you reassess what specially Carl Jung discovered in respect to the Subconscious/Unconscious from the point of view of this new realization; of course both Freud and Jung became aware that language has "many" other much more elaborate and intricate aspects of staggering depth & complexity, serving AS AN ANCHOR TO MANY TIMELINES AND INCARNATIONS THROUGH A "SYMBOLIC MULTI-LAYERED" MEANING, this peculiar awareness stemming from their study of Dreams. When we dream, we are not merely recreating previous memories in a single present incarnation, but evidently sometimes jumping both backwards & forward in Time across several eons and incarnations as well, and these 2 psychologists realized that, yet chose for perhaps political reasons (their well being under the powers-that-be) to speak only regarding a narrow angle of what they had discovered -because that was exactly what they were paid to do, and nothing more-. Yet they were no fools, and were keen to observe the "vast flyovers" of the Subconscious Mind during the deep Dream of sleep. Carl Jung was a bit more brave and began disclosing for ex several findings pertaining the period of Pharaoh Akhenaten days, as the apex of the assimilation of the Hyksos (HABIRU) immigrants into Egypt, and their subsequent expulsion (becoming the "HEBREW"). He was brave because he was part of the illuminati elite, and yet chose to reveal some of the secret knowledge they hoard for themselves, which if publicly known would reveal many fraudulent schemes of vast importance; Freud even more publicly also chose to elaborate on Pharaoh Akhenaten being

the real model of the flight of "Moses" from Egypt, and he indeed wrote a book about it . As Freud had hired Jung, the exchange of secret information between them must have been phenomenal, and we can only guess what conversations they had concerning these things; as we know, Egyptology was precisely at a high nearly feverish point exactly during that time, and we have records of at least Freud engaging in wild speculations about ancient Egypt. How all this was swept under the rug, is a testament to how strongly manipulated academia has been ever since, to indoctrinate a grossly (laughable really) fraudulent & childish version of history and the origins.

Now if we reverse the number totals for each Consonant of the word "TETRAGRAMMATON":

$$(3xT)+(2xM)+(2xT)+(1xG)+(1xN)$$

$$(3 \times 20) + (2 \times 13) + (2 \times 18) + (1 \times 7) + (1 \times 14)$$

$$[(60) + (26) + (36) + (7) + (14)] + [(06) + (62) + (63) + (7) + (41)] = 322$$

So it's recursively back to the same Skull & Bones "322" code once again.

But then there is even more simultaneously embedded:

$$\{60 \sim 6+0=6\} \{26 \sim 2+6=8\} \{36 \sim 3+6=9\}$$

$$6 \times 8 \times 9 = 432$$

$$\text{where: } [234 + 432 = 666]$$

$$\text{and: } [13 \times 18 = 234] / \text{Rev 13:18 verse about the "666"}$$

This is where we have to pause a bit and reflect on what a much more advanced type of Etheric Organic Living Internet interactive with our Pineal & Pituitary Glands may imply, in terms of SECURITY; let me

translate to you in case you are slow at following the plot. If you any way or manner worried about the security in your computer or in the present day very limited Internet in general, just imagine what kind of security might be needed to protect the actual DIRECT ACCESS TO YOUR BRAIN VIA YOUR PINEAL & PITUITARY GLANDS WHEN RESONANTLY LINKED TO THE MORPHO-GENETIC FIELDS OF A SUPER ADVANCED MULTI-DIMENSIONAL ORGANIC INTERNET...! The slightest breach of security would mean the possibility of Human Devolution...! I humbly ask here: was this perhaps what actually transpired in "ancient" times (or times that were ancient but maybe are located in what to us is our "future" in the sequential Time-Travel)...? IS THIS WHAT THE SYMBOLIC ALLEGORY OF THE "GARDEN OF EDEN" HAS TRIED TO EITHER CONVEY OR CONCEAL, THAT WE WERE HACKED INTO WHEN THE ATLANTIS "KRYSTOS GRIDS" WERE SWITCHED OFF AND THE TIGHT SECURITY WAS THUS BREACHED...?

THE MYSTERY OF THE TETRAGRAMMATON (Part 2)

OUT OF THE LINEAR ANALYTICAL THINKING

(trapped in a brain maze/labyrinth)

& INTO THE LOST SYNCHRONIC UNDERSTANDING

- And how this transition involves an awareness of the Brain structure-

Hypersphere etheric Time & Energy flow by Jay Weidner; observe the shapes of the letters "Y" and "V" or "W". The outer circle is the shape of the greek letter "Omega" while the center spiral vortex is the diagram for the shape of the greek letter "ALPHA" (but only in straight lines)

In my other older blog -(see below "THE ISLAND – PLAN YOUR ESCAPE")- I already gave away the fundamental hidden theme behind the last book of Apoc/Rev in the "Bible", involving several hijackings of the Brain bio computer that took place aeons ago, propelling humanity unto a devolved state (the current "normal" mode of Consciousness a Disease caused by Devolution), essentially run by a manipulated Consensual Reality obtained by peer pressure, indoctrination, and the stress of the daily existence as the programming vectors of the computer matrix, which reinforce a very narrow & limited sense of "reality" merely augmented to spectacular levels of delusion by the prevailing 5-Senses-Only mental construct. This hidden theme considering a hijacking and "switch-off" interdiction of both the software and the hardware so to speak, is pretty evident as soon as we simply pay attention to the basics

of that book, supposedly written in Patmos Island in Greece (formerly Turkey) -in Universal Standard English Gematria / a=1, b=2, ..., z=26):

PATMOS = 84 = BRAIN MIND

ISLAND = 59 = SLAVE

The Island – Plan Your Escape (CLICK TO ENLARGE)

Political figures to the tune of the current incumbent Obama sell a pollyanish mantra of “Hope & Change” within the bounds and limits of a view of reality strictly confined to the current state of Consciousness and its mode of operation, as if this was the normal state of humankind - albeit the original state-, indeed a good state of being in cognitive terms akin to defining wellness; every politico is out there to indoctrinate us

in the delusion that some surgical tweaks to the system in terms of ideological approaches to the reality of governance, will suffice to “take care of the world”, and humans at it. Just vote for me they say, and since we do have the correct ideology, then the future is so bright we gotta wear shades; except that the real hard truth is that the tiny few elites which use the politicos as their front covers are not simply moneyed classes and mega corporations as most assume, but a radically more complex saga behind the trappings of our material projection are at work, only a small human part of which is a secretive global elite which have hoarded for themselves the knowledge that much more advanced civilizations already existed in the far past of this planet. Most naive people have seemingly insurmountable problems apprehending the inevitable consequences of that acknowledgement, which are essentially that these ESOTERIC elites also possess some extant leftover HYPER-DIMENSIONAL SCIENCE scattered throughout after the collapse of those previous civilizations, and that these bits and pieces of multi-dimensional science confer them a tremendous comparative advantage in respect to the general population -most of which do not even fathom what that science could even be about, much less its practicalities-, specially since they have managed lately to reverse engineer some extant bits & pieces into feasible secret technologies. While those looking always for the spectacular side of all things fringe handsomely pay many a conference superstar of the wisdom circles to entertain them with material secret technologies (hardware), seldom do they realize that the most important of those secret technologies involve the mind (bio software), i.e. NEURO-LINGUISTICS as the code behind energy and transmutation or quantum projection.

WAS THE SO CALLED TETRAGRAMMATON SIMPLY ABOUT “RELIGIOUS BELIEFS”

OR WAS IT ACTUALLY ABOUT A FORMER MORE ADVANCED NEURAL SCIENCE...?

-related to the Brain as transducer/receptor of higher Etheric (Torus) energy fields-

(how we lost Higher Consciousness and/or how to regain it in "2012-2016" due time)

"BINDI" dot for Third Eye in Hinduism

Without going too far, a great chunk of the Hindu & Buddhist mysticism precisely concerns visualizing the inside of the head, attempting to regain an activation & control of the center glands in the brain; these traditions explicitly speak about reclaiming the lost THIRD EYE -located behind the forehead at the center of the brain-, as the necessary step in attaining spiritual enlightenment. Anybody that is still under the delusion that the "Bible" is strictly an independent "Judeo-Christian" tradition that arose all by itself directly from God is just an idiot, since profuse evidence suggests a clear link to much more ancient roots be them in the Chinese, Hindu, Egyptian, Sumerian an even Atlantean / Lemurian cultures that predate it and are actually the different pillars upon which it indeed rests,

evidently cherry-picking on a few of these fountains of very ancient knowledge & wisdom to construct its body of mysticism. In the figure above we see the famous hindu "BINDI" dot placed right above the yes in the forehead as a reminder of this process of re-activating the Third Eye, and when we simply look at this very word in plain English, we instantly realize it contains the same formula of the Tetratragrammaton, as well as it strongly suggests the word "EDEN":

"BINDI" = B + "INDI" = B + "IDIN"

"IDIN" ~~~ "EDEN"

In reverse "NIDI" is same formula as "YHVH"

Rearranging the letters "INDI" also same formula as "INRI" of the Cross

Are the 2 TABLETS of the 10 Commandments a graphic symbol of Neuro-Linguistic Programming of the 2 Left & Right BRAIN HEMISPHERES...?

If you have never fathomed such underlying secret science beneath the "Literalist" approach that organized religions have imposed over the "Bible", then please do become aware at once now that you could very well have been but a glorious blind fool all this time and painfully happily at it all along; because this is actually quite self-evident once you get the hang of it, even more so presently as we even have the prominent aid of the term TABLET as used for ex in the APPLE line of hand held computers to indicate the same awareness (yes, apple as in the forbidden fruit of the Garden of Eden's allegory). But the same exact archetype is present in the overall division of the "Bible" into the Old & New Testaments, signifying the old linear analytical material bound LEFT BRAIN hemisphere (Left Tablet) evolving into the more complex and capable of factoring in love in the processing, the new RIGHT BRAIN.

LEFT (Brain) TABLET ~ "L-Tablet"

RIGHT (Brain) TABLET ~ "R-Tablet"

"L" 1+ space in the alphabet becomes "M"

"R" 1+space in the alphabet becomes "S"

"LR" becomes "MS" (as in... MicroSoft...!)

Are the 2 Testaments in the Bible a symbol for liberating humanity from the SLAVERY OF THE LEFT BRAIN (material, linear, analytical) and into the freedom of the RIGHT BRAIN capable of computing Empathy, Love, and Wisdom...?

(always in Universal Standard English gematria / a=1, b=2, ..., z=26):

LEFT = 43 = MARK

RIGHT = 62 = TORAH

(Left) x (Right) = 43 x 62 = 2666

4 x 3 x 6 x 2 = 144

Now in reverse:

34 = ONE / (implying the Left Brain carries the Ego Consciousness)

26 = GOD / (implying the Right Brain carries the Divine Consciousness)

Thus you have many organizations and people still operating flagrantly in "only" the LEFT BRAIN -trapped in it and enslaved by it, call it the outrageous idiotic Monopoly of the Left Brain-, proclaiming themselves to be saved and the representatives of God, while they indoctrinate us into all kinds of dogmas, rules, judgements, hierarchies, authorities, and so forth, completely unaware that they represent what is to be ABANDONED and not imposed on others in such contrived MASTER & SLAVE logic prototypical of the LEFT BRAIN. In other words, the Left Brain's linear logic based in Separateness & Aggregative mode of processing cannot ever possibly embed the higher Divine Consciousness, ending up in merely making a complete demented mockery or pathetic distortion of it, because the Ego runs the Left Brain and the Ego is incompatible with higher multi-dimensional divine Consciousness,

period. Ego as a demented linear logic mantra always constructs phony laws under the guise of "If this very important thing happened in the far past, then the future must be ruled by it", always recycling karma and trauma forever & ever:

Ego utilizes the "Past" to make you become very but very busy... walking in circles; the Left Brain is the storage room for all this clutter & trinket hoarding as fetiche compulsion. But the madness has a method, as all this junk seeks to keep you within the strict confines and limits of the Left Brain, permanently obsessing about its hoarded stuff and unable to proceed on unto new Right brain pastures

In the context of the "Bible" this is found in the banner of "YHVH" of the Old Testament understood in the "Literalist" way of the Left Brain, as a cruel authoritarian imposing full of rules & judgements "God". Whereas in the New Testament this is found in the "JESUS" as emblem of the new Right Brain proclaiming that Love & Truth is the only real teachings here. And of course the story of the New Testament is about a spiritual person who fought against organized religion, and the organized religions ultimately killed him. Beneath the surface of this carefully crafted story lies the subliminal that the Right Brain as the "New Brain" of higher Consciousness cannot conquer the Left Brain, and the Right Brain must always be sacrificed to the Left Brain. But we find exactly the same subliminal script rummaging in the Neuro-Linguistics of the Old & new Worlds -Europe as the Left Brain and America as the Right Brain-, once again the whole conspiracy of the New World Order nothing more than a ritual repetition of the same staged story, that America ultimately is always "owned & ruled & manipulated" by the

European illuminati masters, and this mandates another sacrifice of America in turn.

OLD TESTAMENT (Left Brain Tablet) ~~~ EUROPE

NEW TESTAMENT (Right Brain Tablet) ~~~ AMERICA

And if you don't read the New Testament that way (the obvious clear way) than you need glasses or a psychiatrist -or both-, because that is the story of the New Testament in a nutshell, as it was written. Evidently the old prison of the Left Brain is represented by the Organized Religions or the Old Political Structures and Ideologies, while the liberation provided by the Right Brain is symbolized as "Jesus", his "12 Apostles" an irrefutable figure of the 12 Constellation of the Zodiac, in order to find the appropriate time of this Expansion of Consciousness -the opening window beginning with the "2012-2016" paradigm, when the old Consciousness passes away-. And the entire saga has been already pre-scripted as found in the Old Testament's story of the failed attempt "to reach heaven" at the Tower of Babel episode; you are foretold that any attempt at leaving the prison of the Left Brain by changing the neuro-linguistics "bricks" of the script, will be met by utter division and failure -because a trojan virus firewall of sorts will kick in to divide the language and render the whole enterprise a royal wreck-. This is the reason that America differs radically from Europe in the sense of the attempt at a single universal language (English in North America, and Spanish in South America, English becoming the first attempt once again at a "One Language" world at large).

"2 TABLETS" = 81 = TOWER

"Tower of Babel" ~~~ "Babel" ~~~ "Bible"

"TOWER OF BIBLE" = 111 = COMPUTER

The 10 Commandment in Roman numerals

Thus if neuro-linguistics is the playground where the battle of the EXODUS FROM THE LEFT BRAIN SLAVE PRISON TOWARDS THE FREEDOM OF THE RIGHT BRAIN takes place and shape, you must pay extreme attention to all the relevant or key pieces of the script. For ex you will notice that the left to right fourth line "IVIX" above contains the total digits & formula for the numbers 1 to 10 in Roman numerals, the letters "V" & "X" always single and the letter "I" can repeat), but once again this is the same "YHVH" formula if you care to look -written in reverse-, and this time the letter "V" is a total match in the same location of the sequence:

"XIVI" ~~~ "YHVH"

"IV" or "4th Comandment" & "IX" or "9th Commandment"

1492

85

The year chosen for the "discovery" of America: in this ritual way,

Americais "still tied up at the center" to the Old Testament

"IV" + "IX" = 64 = ZERO

***THIS IS WHY THE 911 SITE WAS NAMED "GROUND ZERO",
RITUALLY SYMBOLIZING***

***THE RETURN OF AMERICA TO "ZERO", THE BEGINNING,
THE LEFT BRAIN***

If you do not get the sense that there is a NUMERICAL pun to all these "Names of God" linguistics, than you are slow in the head, because clearly there is such pun and quite visibly so: if we care to write the "IV" (4th Commandment) and the "IX" (9th Commandment) and translate them to English Gematria, we have 2 well known esoteric numbers:

["IV" = 31] & ["IX" = 33]

{ 31 = 13+18 / as in Rev 13:18, the "666" verse }

{ 33 = MAGIC = NAME / for ex 33 Degrees in Masonry }

31 x 33 = 1023

10 & 23

"10 Commandments" consisting of 23 objects: 2 Tablets and 21 numerical digits

In this "IVIX" or in reverse "XIVI" formula, the "I" digit is the one that repeats in each left & right Tablet, representing those organs within the Brain that repeat themselves in each hemisphere, like for

86

ex the 2 Thalamus or the 2 Amygdalas; but the overall diagram is reverse, so that the "IV" ("VI") represents the RIGHT BRAIN hemisphere, and the "IX" ("XI") represents the LEFT BRAIN hemisphere; furthermore the "I" digit only repeats up to 3 times (per rules of Roman numerals), representing 3 main organs within the Brain which repeat fractally & symmetrically on each hemisphere of the Brain. Now we are ready for the realization that the entire allegory of the "Biblical" narrative seeks to subliminally construct the Brain structure:

The 2 Brain hemispheres and the lower central conjoining structure (image by Roger Harris/Science Photo Library/Corbis)

The expression the "BOOK OF LIFE" in mysticism, therefore means to convey the teaching regarding the

Neuro-Linguistic Scripts that operate the Bicameral Brain; this very "Book of Life" then often becomes the

"Tree of Life", because the "book" indicates the Script aspect of the SOFTWARE while the "Tree" indicates

the HARDWARE where this operates on; AND ALSO THE ELEVATION OF THE BRAIN INCLUDING THE

SPINE, ARE A FRACTAL OF THE SHAPE OF A TREE

Open notebook with the center SPIRAL where both mirror "Tablets" functionally join & pivot; this is the spine and where it merges within the Brain center

The "V" represents the TRIANGULAR NUMERICAL STRUCTURE

The "X" represents the CUADRANGULAR NUMERICAL STRUCTURE

Symbolically "V + X" means "Triangular + Cuadrangular"

Which is the "7" (symbolized as the "7th day" of the Sabbath)

The "10 Commandments" within the "2 Tablets" of the "Mosaic Law"; the 4th (IV) is the SABBATH

<http://video.google.ca/videoplay?docid=-6226036544608625413>

But this is where it all takes a definite flavor akin to the approach Bryan Kemila proposes (see above video); because these 2 crucial "IV/4" and "IX/9" Commandments basically mandate us to keep the Sabbath Holy and to Not Lie. However in English the oh-so-obvious puns of these 2 key words "Sabbath" and "Lie" are "BATH" and "be-LIE-ve"; since the bath is the unholiest room of the house where the "SH*T" duties (defecation) run their course down the sewer lines, also matching the 1st & last initials of "S-abbat-H" being precisely "SH", then it follows subliminally that every time you go to defecate as well as every time you actually Believe, then you are trespassing the mandates in the neuro-linguistic script. And this is exactly what Bryan Kemila has illustrated, that this 3D matrix construct is fully embedded to the hilt with psychotic puns and implied contradictions, only cleverly disguised as subliminals. But you will only find these blatant anomalies and the underlying demonic scripts, when looking into the LANGUAGE - directly so as a software and not just as a conventional conscious tool of utilitarian communication by social convention-; which in my opinion

stems from the fact that the Language we use is almost entirely based on the Left Brain and contains a myriad demonic puns and innuendos that express the psychotic nature of the Left Brain as an isolated Island in terms of Consciousness, a veritable Lunatic Asylum of Consciousness if you will. Yet typically alongside those demonic puns you often also find the higher consciousness scripts in the very same words, as for ex:

"SABBATH" = 53

"TETRAGRAMATON" = 153

(with 1 "M")

Observe how when reverse (viewed from behind) the Right hemisphere of the 4th ("IV" reversed as "VI") Commandment is in short sentence "Keep the Sabbath Holy", while the Left hemisphere of the 9th ("IX" reversed as "XI") mirror Commandment is in short sentence "Do Not Lie". As the Sabbath is allegorized as the day when God finished Creation and rested, what all this mirroring suggest is that:

THE LEFT HEMISPHERE TENDS TO MOST OFTEN ('always') LIE

THE RIGHT HEMISPHERE HAS TROUBLE COMPLETING THINGS

The Human Brain (CLICK TO ENLARGE)

The bottom (in blue) Cerebelum's center as the letter "Y"

The above Left & Right THALAMUS & AMIGDALAE as the letters "H" & "H"

Their connections between Brain hemispheres as the letter "V" or "W"

Tetragrammaton Template Formula in software terms: "YHVVH" or "YHWH"

If you think that Language only comes from the linear past in a sequential societal progression through the uses & customs of the era simply explained by Philology, please skip to another blog more in tune to your narrow understanding of linguistics; here we study Language NOT as a mere product of Matter or Space or Time along the lines of historical human evolution (certainly NOT bound to their 3D laws), but as a precipitation of higher dimensional Psychic realms beyond linear Time, most of the higher Synchronic aspects of Linguistics actually coming from what we perceive to be the Future. However the implication is that the Left Brain CANNOT process this higher aspect of Linguistics, therefore at every occasion where it finds Synchronic Fractals of Higher Truths embedded in language, the Left Brain clicks by default into a totally psychotic modus operandi. Then it follows that since very ancient times all the study and awareness of the higher aspects of Language and Numbers were expressions of people engaging in their Right Brain attributes, bypassing the prison constraints of their Left Brains; and this feat intrinsically involves A DISCONNECT FROM THE 3D LINEAR SEQUENTIAL TIME, this the reason these people are often called "Prophets". For ex you may find that the clearest esoteric diagram concerning the letters of the Tetragrammaton as "YHVVH" or "YHWH" occurs not in the most ancient but in the latest and modern (or post modern) universal language which our present English-; interestingly, when we write the Tetragrammaton with just 1 letter "M" instead of 2, we obtain the Vesica Pisces notorious number 153 *—always in Universal Standard English Gematria / a=1, b=2, ..., z=26—*:

TETRAGRAMMATON = 153

(13 letters)

VESICA PISCES "ab": "cd" = 153:265 sacred ratio, shown within the layout of 3 intersecting circles (the Trinity as Triple Egg)

In the figure of the Vesica Pisces shown, the above Pentagram yields Number 10 for the outer & inner points, while the below Hexagram yields Number 13 for the outer & inner points including the center point "c"; thus in one crucial diagram concerning the formation of the Vesica Pisces, you have the defining numeric archetype for the "10 COMMANDMENTS", "JESUS + THE 12 APOSTLES", THE TRINITY, THE SACRED VULVA OF THE "VIRGIN" (AS BIRTH PORTAL OF 3D REALITY), AND THE NUMBER OF THE SACRED 153 FISHES OF THE "MIRACLE FISHING", AS WELL AS THE FAMOUS "SACRED FISH" OR "ICHTUS" AS GRAPHIC DIAGRAM FOR THE TITLE OF JESUS IN EARLY CHRISTIANITY -which in

fact was the emblem of the early Christians before Emperor Constantine instituted the Cross-. The "3 Vulvas" or 3 Vesica Pisces formed in the figure, are represented in the Gospels as the "3 MARY"s (the Virgin Mary, Mary the Magdalene, Mary the sister of Lazarus) yet also the "3 MARY"s who went to the sepulchre of Jesus in the allegorical narrative (Mary Magdalene, Mary of Cleopas, Mary Salome):

http://en.wikipedia.org/wiki/The_Three_Marys

VESICA PISCES RATIO 153 : 265

"153 : 265" consists of 6 Numbers

"VESICA" consists of 6 Letters / "PISCES" consists of 6 Letters

VESICA PISCES VULVA & THE GOLDEN MEAN, SIMPLIFIED, EXPRESSING THE UNION OR DIVISION OF MALE & FEMALE ("Phi-Male") / figure courtesy of the Rubymala website:

<http://www.rubymala.com/content/geometry/relationships.htm>

The epithet 'η Μαγδαληνη' for the Magdalene in Greek Gematria equals the same

number 153 as 'the 153 fishes in the net', namely 153 (John 21:11)

WHAT THIS MEANS IS THAT THE AMYGDALAS ("MADGALENE") BEAR A CRUCIAL ROLE IN THE OPENING OF THE VESICA PISCES PORTAL WITHIN THE BRAIN

And by extension, that since "MAGDALA" literally meant "TOWER", then it follows

that this is the real hidden meaning behind the allegory of the "Tower of Babel", an

event taking place actually inside the brain towards accessing the INNER higher dimensions

You must understand once and for all that the Gospel narratives were allegorized following an underlying numerical/geometrical secret blueprint, by the secret team of researchers who were part of the so called "MYSTERY SCHOOLS" at the time of the Greco-Roman civilization, who sought to profit from the ancient Atlantean and Egyptian (if not the Chinese, Hindu, and Sumerian) knowledge they hoarded for themselves; the figure of "Mary Magdalene" represents the Vesica Pisces as a "sacred vulva" or "phi-sh", WHICH CONTAINS THE GOLDEN MEAN PROPORTION (called Phi) considered most sacred in antiquity; this Golden Mean proportion is found everywhere in Nature, from trees to shells to the group division of our DNA, because it is the easiest way IN WHICH A WAVE CAN EMBED OR "PHI-NEST" INTO INFINITY (easiest infinite replication, thus the term "in-PHI-nity", from infinite Beginning to End so to speak without limit, thus the term "FINI" or "PHINI" denoting End, and this is what secretly the Book of Apoc/Rev name "ALPHA & OMEGA" really signifies).

Triple VESICA PISCES made to resonate in 4 layers, forming 6 MAGIC SQUARES (of 4x4 grid) at the intersections of those 4 concentric rings

In this magnificent figure we see how the TETRAGRAMMATON (meaning 4 words) ties into the Triple Vesica Pisces not as a Geometry so much but as a LINGUISTIC WATCHTOWER (a WatchTower is a NxN square grid to be filled with letters in a magical manner, somehow secretly resonant with NxN Magic Squares in a numerical form); so we have 4 Concentric rings for each of the 3 Vesica Pisces, configuring the resulting 6 Magic Squares of 3x3 structure. What is crucial to gather here, is the understanding of the geometrical figures as MADE TO RESONATE OR VIBRATE CONCENTRICALLY TO "GENERATE LIFE" SO TO SPEAK, BUT THROUGH THE MEDIUM OF THE NUMBERS & LETTERS ARRANGED IN GEOMETRICAL LATTICES AND SHAPES, A SYSTEM OF DEMIURGIC SOFTWARE THAT IS NOT LINEAR OR MERELY SEQUENTIAL, BUT AS A FORM OF "CRYSTALLOGRAPHIC SOFTWARE SCRIPT". Let's repeat that once again...:

What is crucial to gather here, is the understanding of the geometrical figures as being

MADE TO RESONATE OR VIBRATE CONCENTRICALLY TO "GENERATE LIFE" SO TO SPEAK

In other words:

THE LINGUISTIC & NUMERICAL SOFTWARE OF DEMIURGIC CREATION

IS EMBEDDED IN SYCHRONIC VIBRATION FROM SACRED GEOMETRY;

THE GEOMETRICAL RESONANT TEMPLATES ALSO CONTAIN THE SOFTWARE LANGUAGE

(THIS IS WHAT IS ESOTERICALLY KNOWN AS "THE TEMPLE" OR DEMIURGIC PROGRAM,

and this is the origin of the so called "kabbalah" or the other similar bodies

of sacred/magic Script)

Concentric Circles of Spiral QUANTA tend to induce in Consciousness a spiral VORTEX

The same very potent optic illusion of Concentric Circles inducing the Vortex, is the basis for the ATOMIC QUANTUM LEAP OF THE ELECTRON; i.e. the duality Wave/Particle is induced by this Vortex tendency in CONSCIOUSNESS, if it is seen as "Circle" then it is Particle and if it is seen as Spiral then it is Wave. BRYAN KEMILA'S OBSERVATION REGARDING THE "SEDUCTION" OF THE ELECTRONS ANYBODY...?

In my humble opinion, the completely abnormal centerpiece of most organized religion to focus solely on the "believe" aspect ("BE-LIE-EVE") as opposed to KNOW FROM WITHIN in the experience of Gnosis by synching to higher realms (the higher or inner Knowing of the Gnostics) contains the main tenet of the illusory nature of this semi-virtual 3D "reality", which is a precipitation —call it "Quantumnization"— of a WAVE or VIBRATION construct down into "material solidity" of "particles/mass" (Eve or Mary the Mother/MATER of MATTER, in perfect concordance of pun from Latin to English) in Consciousness terms. It relates to the origin of the term

“idolatry” as derived from worshipping material icons, in other words as the compulsion TO ENDOW THE INNER HIGHER REALMS OF THE SAME FLAWED AND VIRTUALIZED / ILLUSORY LAWS OF THE 3D OUTER MATERIAL MATRIX. This powerful realization once again comes to mankind -after nearly all of the so called Gnostics were systematically exterminated throughout centuries after having been the 2nd largest spirituality in the planet-, and as such for ex today it is vividly present in the sarcasm of Brian Kemila’s video given in the link above, concerning the hypnotic process of believing in 3D material conjuring as fully “real” (and “original”) when in fact it involves a twist of Consciousness akin to the optical illusions given above. You do not need to agree to the whole extent of Kemila’s radical view, because even if you agree just in part with the 3D construct as being only “semi-virtual”, his observations nevertheless are still pertinent to the issue (from his own point of view). Put in a different manner, what is crucial is the understanding of the illusory process of “Quantumization” so to speak, and not so much the details of the issue; what matters is if you actually fall for the belief that this reality is fully original and true, or if you distrust this reality as a false construct, and a virtualized one through computer mechanisms, at that -the creation or recycling feats of Demiurges, not the higher Divine Consciousness-.

Vesica Pisces as conjunction area between 2 circular waves

Kabbalah circle of linguistic memes

Kabbalah Tree of Life within the circle of Sacred Geometry

Tree of Life and linguistic Sephiroths (software language memes)

For Language to become "Magic Software" for Creating/Altering reality (to become

Demiurgic), it has to be endowed of 4 main things -at a minimum-:

- (1). POSSESS A SACRED GEOMETRY FRACTAL CONFIGURATION
- (2). CONTAIN THE MATHEMATICAL STRUCTURE OF MAGIC SQUARES
- (3). SET IN A CIRCULAR MOTION & VIBRATION TO INDUCE A VORTEX

(4). BE IN A TRIPLE VESICA PISCES INTERFERENCE HOLOGRAPHIC PATTERN

Left & Right THALAMUS with the "Y" pattern

The same "Y" pattern of the lower Cerebelum is then fractally repeated in each THALAMUS "Y" band, while putting each Thalamus side to side generates the "H" diagram. **What the Tetragrammaton intends to convey, is the genesis of the Human Holographic Body Computer centered in the Brain as repeating the same fractal patterns yet only changing both the position in the sequence of the software as well as the orientation in the geometry.**

the 2 left & right AMYGDALAS are the FEMININE REPRODUCTION OPERATION

Left Amygdala ~~~ "MARY MAGDALENE" (physical Birth)

Right Amygdala ~~~ "VIRGIN MARY" (spiritual Birth)

Thus while the 2 left & right Brain Hemispheres fractalize later in the sequence, the same split of the left & right Amygdalas and the left & right Thalamus (pun of Babylonian "TAMMUZ"), the more central PINEAL & PITUITARY glands are not located at each hemisphere mirroring each other, *but they are "male" and single, located centrally -one above and the other below-*; this is the origin of the Christian esoteric allegory of the "Father" (above) and the "Son" (below). Later in the sequence -in the Gospel narrative sequence, that is- they fractalize in the 2 main figures of "Peter & Paul":

"PAUL" ~~~ "PINEAL" (light, fire)

"PETER" ~~~ "PITUITARY" (rock, earth)

The "3 Mary"s or the "2 Mary"s are contained in the upper 3 or lower 2 vortices of the letter:

"W"

Which represent the union of both Brain Hemispheres (thus "EVE" or "EWE") via the "V" or "W"

THEN THE "MALE" IS THE "UNI" WHILE THE FEMALE" IS THE "BIPOLAR"

WITHIN THIS COMPUTER HOLOGRAPHIC SIMULATION, IN THE DATA

SENSE THAT THE SO CALLED "TRINITY" AT THE NEURO-LINGUISTIC

LEVEL THEN CONSISTS IN COMPUTER BINARY (0, 1) TERMS OF:

"0" (the One) ~~~ "Father"

"0 / 1" (the Two) ~~~ "Mother"

"0 / 0+1 / 1+1" (the Three) ~~~ "Son"

MT HOREB & MT SINAI, THE "TWIN PEAKS OF LIGHT"

But also very ostensibly "INRI" is a code for 23 other crucially symbolic things:

"NIRI" is a pun of: "NIBIRU"

"NIRI" is a pun of: NI-le RI-ver"

In other words what the "INRI" sign is quite in your face saying to you, is that the real location of the Cross is NOT at Mount Calvary in Jerusalem... BUT AT THE EGYPT PYRAMIDS OF GIZA...! And this is also in your face reaffirmed by setting the Crucifixion as Jesus flanked by 2 thieves, making up for 3 CROSSES, self evidently a ref to the 3 PYRAMIDS OF GIZA...!

http://deep-high.blogspot.com/2011/09/ancient-ark-agendas-nibiru-matrix_29.html

3 Crosses, 3 Kings, 3 Pyramids, 3 Stars in Orions Belt , 3 Carabelas of Columbus (CLICK TO ENLARGE)

The Triangle marks location, but seen from above (the sky) the pyramids are a Square composed of 4 Triangles; in order to reach the 4D new location -the "opening up" of the Hologram-, you need to dissolve the image of the Triangles and rotate them, to then proceed choosing at each dissolving Triangle the 4 letters of the Tetragrammaton password, that is the suggestion that comes to my mind when I contemplate all this encoding. Of course you cannot rotate the Great Pyramid of Giza... but you might be able to easily rotate the PYRAMID'S CAPSTONE, now couldn't you...? What other possible role could the capstone have, that to be much lighter and less anchored so that it can... be rotated. YET ANOTHER LAYER OF PROTECTION MIGHT HAVE BEEN BUILT INTO THE HOLOGRAPHIC DEVICE, THAT BESIDES BEING AT THE RIGHT SPOT ON TOP OF THE RIGHT PYRAMID MONUMENT, THE BEN-BEN SMALL STONE PYRAMID (OR A SIMILAR, perhaps the Ben ben is a maquette or model of such) MIGHT ALSO HAVE TO BE ROTATED AT THE ... EXACT MOMENT IN LINEAR TIME. Therefore possessing the password and the location would render it useless, but knowing the exact moment in time (the exact date) would ultimately activate the holographic device, which would link up to a similar pyramid in Mars where the advanced holographic information is stored. Which Mars that is, the 3D Mars or another parallel Mars...? Is the device actually a link to several other Timelines where sensitive information was stored and secured...?

WAS THE "ANTICHRIST" CODE PLACED IN THE BOOK OF APOC/REV

TO WARN THIS SPECIFIC GENERATION, THAT IN CASE THE WRONG

GUYS ACTIVATE THE DEVICE THEN THE DANGER WOULD BE INMENSE?

-Because the science & knowledge in the RAM holographic device would confer them unlimited power?-

<http://deep-high.blogspot.com/2011/11/nostradamus-mabus-3-antichrists-part-1.html>

<http://deep-high.blogspot.com/2011/11/nostradamus-mabus-3-antichrists-part-2.html>

<http://deep-high.blogspot.com/2011/11/nostradamus-mabus-3-antichrists-part-3.html>

Therefore as I have been proposing for years now, within this 3D Moon/Earth matrix, there are 2 opposing forces composed of several camps and factions, all working along the many generations to "get prepared" for an eventual grab of the device(s); they set their proper public power figures in each generation they view as "possible", utilizing in each case one of or the most powerful country in the world to attain this strategic "positioning"; at the current moment the USA is the most powerful nation, so the codes seem to be fractally coalescing or precipitating more & more intensely unto their power figures, as the VORTEX OF TIME NEARS ITS 3D END. Since this ancient Atlantean Demiurgic technology was scattered in pieces and fragments all over the globe, their retrieval was the Hidden Agenda behind all the wars of conquest and colonization of distant continents, specially so in the case of America in the 1500's and on, as it was suspected crucial fragments had been stashed here. This was for ex the hidden hand behind the Knights Templar, who were basically Locating/Collecting/Retrieving/Storing whatever extant Atlantean Demiurgic technology and knowledge they could find; the same can be said of the Nazis, who quite openly conducted such search in a desire to reverse engineer them as quickly as possible. The elites created Communism and the Soviet Union, as a place where you could not freely walk into, in that way having several decades to establish reverse engineering centers very far away from prying eyes; there was never any real conflict with the Soviet Union, it was all a carefully crafted facade

for the lower levels of politicians and the public, as the elite worked in secret unison in all places and across all "walls" all the same. I am not saying there was absolutely no conflict because clearly there was, but it was not part of the elite's game, only a show for the lower levels, as so many people in the know have already exposed; the same exact elites which created Fascism created Communism, and they always invariably hold both sides of the frying pan of ideologies and systems, manipulating all extremes simultaneously. It works exactly the same with religious denominations, if they wanted to hide something they were researching in this respect in one religion, they simply created another "denomination" and so on and so forth, under the principle of compartmentalized chambers.

APOCALYPSE REVELATION ~ ATLANTIS

PLATO CAVERN ~ REVELATION

Plato's Cave

I offer now for all, what a few of the readers may somehow and somewhat already know, in respect to this blog as an End of Times code

(always in Universal Standard English Gematria / a=1, b=2, ..., z=26):

DEEPHIGHLANDS.COM = 143 = PATMOS
ISLAND = JOHN THE DIVINE = END OF TIMES

GNOSIS = 83

DeeP HigH LandS CoM ~~~ DHLC / PHSM = 83

By anagram rearranging the letters, this supposed author's name yields the following

(which in my opinion means that the Spirit Group of this mission also has presently incarnated in some humans alive today):

ST JOHN THE DIVINE = JOHN VISIT THE END

Why is all this detail important...? Because the real TRUTH of spirituality comes from sources of GNOSTICISM, as nearly everything else is a hijacking job:

TRUTH = 87 = GNOSTIC

In other words the GNOSIS was since very ancient times the TRUTH concerning this semi-virtual 3D physical reality as a Counterfeit Creation Matrix or series of Quantum Matrixes in parallel (and even reverse vector) Timelines, all at varying degrees artificially induced Timelines within the Quantum Pulse semi virtual fields. ANY SEUDO "SPIRITUALITY" THAT HIDES & DISTRACTS FROM THIS ESSENTIAL TRUTH IS A CON OR A SPIN JOB, A HIJACKING, A TROJAN, A HOAX.

(by anagram, rearranging the letters):

APOC. REV. = EVAC. OP.R

Thus "APOC/REV" means "EVAC OP.R" in the sense of an "EVACUATION OPERATION" from the Quantum Matrix Timelines maze trap

Cave of Apocalypse in Patmos Island (where supposedly the Book of Apoc/Rev was written by one theoretical "St John the Divine")

Sign for the Cave of John in Patmos Island

[EVAC = CAVE] as a Code of Evacuation

"Cave of Plato" & the "Cave of John in Patmos Island"

THE EVACUATION OF SPIRIT HUMANS WITH A CONNECTION TO THE HIGHER CONSCIOUSNESS OF THE ORIGINAL TRUE CREATION

"PATMOS ISLAND" is pun of "ATLANTIS ISLAND"

This means that the main branch"es" of the present Timeline"s" (in plural) stem from the trunk of the last Atlantis timeline; we're one spin-off of Atlantis, and this is the big secret the Archonic controllers have been keeping from you, so you must unveil that fact and retrace the Ariadne's Thread of the timelines maze back to the originating Atlantis trunk before re-linking with the Divine Consciousness (knowing where you're coming from helps to get to the real destination you must get to):

ARIADNE'S THREAD ~~~ back to ATLANTIS

(always in Universal Standard English Gematria / a=1, b=2, ..., z=26):

"A PLATO CAVE" = 96 = ATLANTIS

ATLANTIS = 96 = "THE DIVINE"

Thus the ["ST. JOHN THE DIVINE = END OF TIMES"] paradigm follows this Ariadne's Thread in the Timelines maze back to the Fall of Atlantis

THE FALL OF ATLANTIS IMPLIED A FALL OF CONSCIOUSNESS EVEN FURTHER DOWN INTO 3D QUANTUM VIRTUAL MATRIX DEVOLVED TIMELINES

-This is what the "CAVE" means: a state of fallen blind consciousness delinked from Higher Mind / Higher Self, and from Original Creation-

CAVERN PLATO

APOC/REV

While the remaining letters "ANLT" clearly suggest "ATLANTIS"

Welcome to the Truman Show's"

Illusion of Transcendence in the 3D Virtual Matrix Timeline's"

The original spirit humans with some extant connection to Higher Mind / Higher Self and the Original True Creation, are trapped and caged within these artificially induced parallel 3D Quantum Matrix Timelines – specially so since the Fall of Atlantis, but increasingly so since the abuse of these secret technologies in the 20th Century and on–; the original spirit humans are utilized by the fallen Archons to energize and provide a Psionic Template of Manifestation within the semi virtual reality, as original spirit humans we could call Theomorphs for ex are able to manifest reality with the intrinsic ability to create from nothing, an ability which the fallen beings have almost totally lost (they became mere recyclers, and this related also to an inability to embed true passion or deep feeling). When we say “original humans”, this by no means implies that the present form of humanity is anything close to the Original Creation at all; what we mean is simply the fact that even when incarnating in these Counterfeit Creation Timelines, the “original humans” still have the deeper core layers of the spiritual organs somewhat active, and consequently are still capable in a limited degree of some Psionic Manifestation involving a clear talent for Point-Zero creation (from nothing). The entire Trumanization of the Theomorphs so to speak, is a show for the Archons whereby they can enact cosmic dramas for entertainment in order to steal all the ideas and creative manifesting templates from these trapped original humans, inducing contrived sagas and “life narratives” akin to reality-shows within the 3D Matrix, which most often tend to involve perpetual boycott and harassment of the spirit humans to this end, to coax existential/emotional reactions from them.

No different than you milk a cow, the Archons and their minions constantly poke and harass the original spirit humans

throughout many different incarnations, to extract Psionic Templates of Manifestation from them, while at the same to harvest potent Kundalini energy from them via intense Emotion –always attempting to lower their vibration into sheer Fear which is the easiest low frequency signature to harvest–; the entire Matrix of the 3D Earth realm in its many parallel Timelines as such is but one big staged Etheric Harvest factory.

(always in Universal Standard English Gematria / a=1, b=2, ..., z=26):

444 = “A PINGALA & IDA KUNDALINI FEAR ENERGY PSIONIC MATRIX”

444 = “A REPTILIAN PINGALA & IDA KUNDALINI PSIONIC MATRIX”

222 = “EXTRACTION HARVEST”

222 + 444 = 666

The initials of Patmos Island (P.I.) clearly point to the etheric energy harvesting scenario, as they match the “Pingala & Ida” (P.I.) kundalini energies:

“P”ingala & “I”da ~~~ “P”atmos “I”sland

Observe how the following concordances fully corroborate the whole scenario:

PINGALA & IDA = 74 = ENERGY

MATRIX = 85 = PSIONIC

PHYSICAL = 93 = HARVEST

confused version of the very ancient Gnostic sources concerning the etheric Energy Harvest nature of this 3D physical Matrix in which the original humans at some point were trapped to be etherically exploited. The Book of Job is such an obvious edit process of assimilation, that most scholars agree that it was written in another language than Hebrew, and literally it also describes the events in non Israelite regions (for ex see "Composition: authorship, language, texts" in the Wiki link below); this book has been universally considered by nearly every great thinker the most important book in the Bible insofar as the existential problem of incarnating as a human on Earth; however the essential edit and alteration of the original Gnostic sources, involved a supposed agreement & approval of "God" to the harassment & suffering of Job, which is evidently a satanic insert in the story to validate such vampirization –thus reverting the essential ancient Gnostic view of this 3D Matrix reality as evil for the very vampire character of the devious energy extraction & harvest process in and of itself as inherently perverse and impossible to correlate to any true Divine Consciousness–.

http://en.wikipedia.org/wiki/Book_of_Job

"The Shining" (Stanley Kubrick film): Jack Nicholson as psychotic offspring of the nephilim Watchers -the fallen Archonic deceivers-, looks from above into the Labyrinth Maze of the 3D Matrix Timelines were spirit humans are trapped to be toyed with and harassed

"The Shining" opening scene: the yellow VW Beetle follows the linear road (a particular single incarnation Timeline) within the Labyrinth Maze of the 3D Matrix splintered parallel Quantum Timelines

Dharma Wheel styled labyrinth

"LOST" TV series: the Dharma Wheel in the plot represents the same Labyrinth Maze and its karmic contrived game, as the isolated island where the Oceanic flight 815 plane crashed represents our 3D Earth Matrix Timeline as a splinter off of Atlantis

The fundamental notion in both film narratives ("The Shining" and the TV series "LOST") is one and the same in this respect, of an isolated Timeline where isolated spirit humans are trapped in; this technique of ISOLATING spirit humans is the main tactic on the part of the nephilim Watchers and the Archons, therefore not everybody in the human context is who he/she appears to be as the identity we have assumed them to be. In other words in order for this isolation game to proceed without being detected, then a sizable number of "humans" in the context are actually SUBSTITUTES (... otherwise there would be no isolation game...) passing off as who they purport to be. This is the real Gnostic deeper awareness contained in the maxim "Know Thyself" taught by Socrates –it wasn't created by Socrates, he was merely conveying the

Gnostic teachings—; that the fundamental step in enlightenment necessarily has to be founded in the central issue of each person requiring to find out if he/she actually is who they purport to be, the external identity as this is that “human”. The maxim does not imply a psychoanalytic quest but precisely this much more serious essential quest to determine if you are actually a spirit human, an offspring of the nephilim Watchers serving as a conduit for the harassment games of the Archons, or what exactly. The seminal author Philip K. Dick also ventured in this territory, and the film “Impostor” concerns an ET clone substitute who is not yet aware he is such, thinking all the time he is the original person he was cloned from; Philip K. Dick was conveying the same exact ancient Gnostic awareness in this respect, as Socrates was doing much earlier.

“Impostor” film starring Gary Sinise; in this case the last name SIN-ise conveys a further more precise awareness, that such substitutions of humans originate in the MOON as a semi artificial satellite (the ancient name for the Moon was SIN, and this is why in English it matches the Original Sin paradigm of the Original Fall in Eden, it is a direct ref to the Moon)

Impostor-Pope-Paul: the prevalent rumor in the 80's in some Catholic circles was that Pope Paul VI was substituted (one could call it the fringe equivalent of the famous Paul-Is-Dead rumor as to The Beatles)

If there is any splintering into separate alternate Timelines where spirit humans are isolated and trapped in, then necessarily it follows that this process of Substitutes passing off as certain characters and contextual people (and as Philip K. Dick appropriately pinpointed –be them aware they are actually substitutes or not is irrelevant–) requires a large number of ANOMALOUS COUNTERFEIT PEOPLE for this astral scam to work. This is one of the main reasons –there are other reasons presently as well– why there are several types of different nature beings incarnating as “humans”:

-The present close to Omega Point end times Earthly 3D Matrix contains the following type of beings within the “human” pool-

DEMONS: who find this realm near paradisiacal, as they come from coarse hellish realms

ROBOTS: organic bots lacking higher consciousness & spiritual organs, having zero creativity

GHOSTS: lost souls wandering between incarnations without rhyme or reason, bent on pestering

ZOMBIES: further devolved mutants now lacking even basic intelligence, who debase everything

ET HYBRIDS: wearing external genetic human bodies passing off as people, here for several reasons

CLONES: as of lately, lots & lots of clones everywhere the eye can see, at all levels of this false 3D reality

WALK-INS: beings coming into people's bodies, similar to the age old phenomenon of possession

SPIRIT HUMANS WITH SOME REAL CONNECTION TO ORIGINAL DIVINE CONSCIOUSNESS ARE RIGHT NOW A *TINY* MINORITY

*The Truman-Show-within-Truman-Show.s construct *(CLICK TO ENLARGE)**

IN HIGHER TRUE REALMS WHAT YOU "THINK" OR "FEEL" OR "DESIRE" SO TO SPEAK, INSTANTLY "OCCURS" AS MANIFESTATION

(no containment to will, so pathological or robotic or Ego driven Hive-Mind puppeteered will is not only toxic but highly dangerous there)

THIS IS WHY THE 3D QUANTUM PHYSICAL REALM IS PRESENTLY IN A QUARANTINE ISOLATION FROM THE HIGHER TRUE CREATION

By and large "Humanity" begins to unravel and show its true colors, as the majority of "humans" right now so close to the Omega Point of the end times have actually originated in the Counterfeit Creation, and a minority originate in the higher realms and from True Creation. This hoax of "only" elites on top as evil and dysfunctional as for ex constantly spewed by communism, is a gross lie to distract you and take you away from the ancient Gnostic deeper truths, to avoid confronting yourself as to your real nature beyond the hypnosis and make-believe of your mental

software, as Socrates taught in his "Know Thyself"; hint, you might NOT be the 'great humanitarian' your ego fancies yourself to be, one bit –most likely that is simply Ego's defense mechanism to avoid becoming aware of the Hive-Mind programs, that you might perhaps be an organic reincarnated robot as Gurdjieff noted (human automatons he called them) masking behind moral aggrandisement to avoid detection-. **PROBLEM IS: MOST ANOMALOUSLY CREATED "HUMANS" GRAVITATE GRADUALLY TOWARDS TERMINAL MADNESS. THEN THE INCREASE IN THE NUMBERS OF ANOMALOUS/SUBSTITUTE "HUMANS" VERSUS THE DECREASE IN THE NUMBERS OF ORIGINAL SPIRIT HUMANS WE ARE DRAMATICALLY EXPERIENCING IN THE PRESENT STAGE OF THIS EARTHLY MATRIX TIMELINE, ARE EXPONENTIALLY CREATING AN INSANITY PANDEMIC WHICH SLOWLY BUT SURELY BEINGS TO UNRAVEL AND FOR ALL TO SEE, ACCELERATING EACH DAY MORE AND MORE.**

TERMINAL MADNESS AT THE TOP

TERMINAL MADNESS AT THE MIDDLE

TERMINAL MADNESS AT THE BOTTOM

THIS IS OBJECTIVE EVIDENCE OF THE ANOMALOUS ORIGIN OF A MASSIVELY LARGE NUMBER OF "HUMANS"

True Beings trapped & incarnated into Hive-Mind human biocomputer bodies, are "sandwiched" (oppressed) between all the above,

but also from within sandwiched and oppressed by their very own biocomputer bodies and Hive-Mind mechanisms at play

This is why not too long ago, traditional theology books in Catholicism for ex, taught that the 3 enemies of the spirit are:

(1). THE WORLD (2). DEMONS (3). ONESELF

That traditional theology seems to be pretty much "not liked" anymore (so apparently no one teaches it to the masses anymore), as the roboton mob masses today seek to glorify themselves into believing they are advanced and spiritually evolved people, while the "only" enemy is the negative elites at the top; little they suspect in their terminal blindness, that they themselves are their worst enemies to begin with specially so due to their fatal lack of critical introspection, moreover that in most cases THEY LACK SPIRITUAL ORGANS thus their consciousness is severely fractured and terribly fragmented, ostensibly prone to dementia and all classes of pathologies, as the terrible spectacle of these pestering anomalies is becoming more and more visible each day with no end in sight but in a worse and getting worse fashion. Today most expressions of politics, power, "entertainment", lifestyles, etc, have morphed into full terminal dementia and sheer ugliness, quite eloquently a sad spectacle of what I term the "unwinding" gradual switch off of the human Hive Mind mental program. We can perhaps compare this to the way the HAL computer in Kubrick's film "2001, A Space Odyssey" begins to unwind when switched off gradually by actor Keir Dullea, a silly HAL singing a detuned childish song lower and lower in pitch into slower vibes as its psycho game program closes down; this is what right now is happening to a large swath of "humanity", albeit in an opposite all flash and movement and glitter fashion, all the more preposterously ridiculous, insane as in batsh*t crazy expressions of degenerate nonsense often mediatized as "music" or as "movies" or as "TV" or "politics" or "lifestyle" and so on and so forth. All this is a simultaneous worldwide phenomenon not bound by any constraints, it is the (larger) mass portion of "humanity" belonging to the False Creation, which is "unwinding" down as the Hive Mind Complex which informed them has for reasons that I will detail further in this series of articles, been gradually dismantled and/or powered off.

Zombie Apocalypse in progress; the ancient Gnostic wisdom awareness goes viral

From this perspective of an increasing terminal madness implosion, we see that the initials of Patmos Island confirm the paradigm:

“P“lanet “I“nsane ~ “I“nsanity “P“andemic ~ “P“sychic
“I“mplosion ~ “P“atmos “I“sland

Then we can speak of a related:

MATRIX IMPLOSION ~~~ PSYCHIC IMPLOSION

Actually there is a strong correlation between this Terminal Madness paradigm and the code name “PATMOS ISLAND”:

PATMOS ISLAND ~~~ MATRIX IMPLOSION

The most benign zombies

“The cats are in the flower bed A red hawk rides the sky I guess I
should be happy Just to be alive...
But we have poisoned everything And oblivious to it all The cell
phone zombies babble Through the shopping malls
While condors fall from Indian skies Whales beach and die in
sand... Bad dreams are good In the great plan

You cannot be trusted Do you even know you're lying It's dangerous
to kid yourself You go deaf and dumb and blind
You take with such entitlement You give bad attitude You have no
grace No empathy No gratitude

You have no sense of consequence Oh my head is in my
hands... Bad dreams are good In the great plan.

Before that altering apple We were one with everything No sense of
self and other No self-consciousness
But now we have to grapple With our man-made world
backfiring Keeping one eye on our brother's deadly selfishness

And everyone's a victim! Nobody's hands are clean There's so very
little left of wild Eden Earth So near the jaws of our machines
We live in these electric scabs These lesions once were lakes No one
knows how to shoulder the blame Or learn from past mistakes...
So who will come to save the day? Mighty Mouse? Superman? Bad
dreams are good in the great plan"

PATMOS = 84

"8/4/5/9"

*I am the person who discovered many years ago that "PATMOS
ISLAND" is a code encrypting the main computer/network acronyms of
our Information Age*

(by anagram. rearranging the letters):

PATMOS ISLAND = DOS LAN ISP ATM

We see PATMOS ISLAND at the top of the archipelago located in the **DODECANESE SEA** off the coast of Turkey and West of Mt. Ararat of the "NOAH" code

Russian example of **DODECA GRID**, an etheric energy template which "holds" the 3D physical geographical Earth (an "ENERGY & INFORMATION" net) and the real meaning of the Fisherman's Net story of the Resurrection in the Gospels

Of course these **DODECA** type of Energy & Information Grids came down and were switched off at the Fall of Atlantis

WHAT WE NOW HAVE IS A SITUATION OF A "DIMENSIONAL IMPLoding ETHERIC ISLAND", THUS THE "PATMOS ISLAND" ARCHETYPE

-PRESENTLY THERE ARE MINUSCULE AMOUNTS OF ETHERIC ENERGY LEFT OVER ON THE 3D PLANET, A STATE OF TERMINAL ENERGY DEPLETION-

(THUS THE PRESENT 3D EARTH MATRIX IS BASICALLY ONE DOOMED ORB ALMOST FULLY DEVOID OF ANY EXTANT SPIRITUAL ENERGIES)

Here we see just a portion of that archipelago in the Dodecanese Sea; this represents the **FRAGMENTATION OF THE 3d MATRIX AND OF THE HUMAN CONSCIOUSNESS**, simultaneously rpresenting its concomitant **VIRTUAL MATRIX SPLINTERED FRAGMENTED PARALLEL TIMELINES**. In the sense of isolated and scattered remnants of Higher Divine Consciousness, and in the sense of tiny leftover pockets of etheric energy in this present dead-orb state of the doomed 3D Earth Matrix timeline

THE ETHERIC ENERGY DEPLETION IS INCREASED BY THE CONSTANT BRANCHING OFF INTO CONVENIENT ESCAPE PARALLEL MATRIXES

Therefore in a scenario of terminal Energy Psionic & Kundalini energy Depletion, energy vampires become "the norm"

This state of perpetual Energy vampirism, i.e. the 3D Earth Matrixes as organic & astral Psionic/Kundalini harvesting factories is the deepest archetype:

PATMOS = 84 = VAMPIRE

ISLAND = 59 = DRAGON

*The Tetractys/Lambda used for the Trinity of the Tetragrammaton AI program, just one application of the Lambda templates as part of Pythagoras school of wisdom, not allowed to be taught publicly in any official "education" institution to this day, yet taught in masonic lodges for the elites *(CLICK TO ENLARGE)**

In my opinion this use of the Tratragrammaton SEEKS TO "ANCHOR" the trapped True Beings unto the 3D Matrixes without escape;

it's a spell to enact an ASTRAL CAGING and bound forever the True Beings to these lower semi-virtual 3D physical Matrix AI realities

(THE IMPOSSIBLY DIMENSIONAL "MOBIUS" INTERLOCKING STRIPS OF THE 5-SIDED STAR REPRESENT THIS "NO-EXIT" CAGING)

We will now look into the genetic aspect of this Counterfeit Creation; the "PATMOS ISLAND" code is a multi-level code operating simultaneously in several juxtaposed meaning, in a phenomenal example of concordant synchronicity encoding, its virtue being the maximum economy of cipher terms employed. So at first glance one would naively think that all the encoding refers to are the famous Information Age computer & networking 3-letter acronyms, for ex one would think "ATM" just means that in the encoding –the ATM instant money transfer machine–; however on closer inspection one soon realizes there are other much deeper and more serious implications being conveyed by the encoding, i.e.. the genetic manipulations, the present DNA destruction and substitution for new templates of further demonized DNA we are now entering a scenario of "New Creation" agenda even including a 3rd Gender.

(by anagram. rearranging the letters that is):

Thus we can now focus on this "ATM" acronym in order to pinpoint its rather obvious other genetic meaning related to DNA destruction:

Before proceeding any further into this most crucial territory, the reader must listen in full to the following Michael Hayes interview:

http://www.youtube.com/watch?v=_DR0KZGAHGM

Michael Hayes belongs to the utterly "optimist" stream of consciousness, he sees the physical 3D cosmos and the Earth as basically benign and true, therefore one must read and listen to what he says or writes with this cautionary note in mind; he at no point engages in the much deeper critique belonging to the very ancient and way more advanced GNOSTIC truth sources which reveal this 3D physicality as intrinsically counterfeit, as heavily laden with demonic/archonic designs of vampiric overtones. However his example serves to illustrate the many facets of the DNA genetic issue, and how devolved a nightmare we as a "humanity" are presently experiencing.

Hermetic Code of DNA

Below a 10 minute video of the basic DNA construction, for those lacking insight into genetics:

<http://www.youtube.com/watch?v=qBfuVuelkoY>

DNA Tetragrammaton ("ACTG") genetic alphabet

Human Genome; a template for very narrow low vibration frequencies into bio-chemical and bio-electrical body computers, toxic & inimical to spirit

DNA codons: on a humorous note, "ACA" coding at the beginning at left, while further to the right "GAGA" coding -any simile to the new healthcare program called the ACA Affordable Care Act and Lady Gaga is sheer coincidence...-

Besides any sardonic humor, we all now know that these illuminati "entertainer's" names like Lady Gaga are not random but serve to announce

Archonic agendas; what you did not notice until reading this however, is how the aforementioned "LADY GAGA" consists of 2 Tetragrammatons

Double Tetragrammaton "LADY" / "GAGA" (the split figure represents the fracturing of the present DNA genome code)

Your patience in reading this blog and this article is rewarded when you consider the full extent of the Archons satanic code:

THE GENETIC 4-LETTER TETRAGRAMMATON IS "ACTG"

"ACTG" ~ "GAGA" ~ "LADY"

The above promotional image intends to tell the illuminati ones that the "LADY" (symbolizing the one female gender genetic code

"LOST" tv series; the Island layout as The Island of Apocalypse

The apocalyptic number series in the TV saga add up to 108, officially as such presented in the series as the key number of notorious

Tibetan lore, but applied in the narrative to a doomsday clock procedure the characters needed to perform to avoid the Apocalypse:

$$108 = 4 + 8 + 15 + 16 + 23 + 42$$

LOST: the doomsday 108 number clock

Dozens and dozens of websites/blogs were created to comment and collect esoteric trivia concerning this TV series "LOST", yet none of them

pointed out its most basic and impossible to miss English Gematria match for the number 108:

$$\text{LOST TV} = 108$$

This message of having "Lost TV" conveys the announcement of an electrical power grid failure which would render all things like TV "off"

This was a Deja-Vu symbol for a repeat of the Fall of Atlantis, since when Atlantis fell its CRYSTAL POWER GRIDS CAME DOWN AND WERE LOST FOREVER

"FINAL SEASON" is really obvious pun of: [FINAL = 42 = TV] & [TIMES = 66 = LOST]

The real meaning of the TV series "LOST" concerns a post-Atlantis 3D Earth as a semi virtual devolved Matrix trapped in certain **TIMES-LOOPS**, thus condemned to repeat the same doom of the Atlantis power down event; this is what the doomsday clock with the time marking at 108 represents, as a Dharma Wheel of KARMIC LOOP. Humans must keep on doing certain secret high-tech things to keep the semi virtual 3D Earth Matrix up and running in order to avoid the final crash repeat (must watch the series to see this in the plot); this Fall of Atlantis and its Crystal Power Grids is presented in the series utilizing the jet plane crash image. The Crystal Power Grids were AERIAL AND WIRELESS, thus the jet plane in the air carries the archetype of an aerial technology crashing down; however the intention of this article is to enlighten the savvy reader regarding a much deeper strata behind all these outer events, as the deepest most dangerous event is the destruction and crash of the HUMAN GENOME. The breakup/fracture of the Human Genome codons of DNA is represented by the jet plane breakingup/fracturing in mid air:

Oceanic Flight 815 shatters in mid air

DNA helix shatters

**THE OCEANIC AIRLINES 815 "FLIGHT PATH"
REPRESENTS THE PRESENT DNA "GENOME PATH"**

**TOWARDS A CERTAIN HUMAN MANIFESTATION THAT IS
SCHEDULED TO BE TERMINATED**

while the demiurgic negative fallen Archons have a pre-planned "New Creation" with a new human and even a 3rd gender in agenda

The supposed Tetragrammaton of "YHVH" for the soon to be extinct previous (present) version of the human has been deliberately altered in the last letter –the repeated "H"– in order to hide the letter "G"; thus the real hidden genetic formula Tetragrammaton was actually "YHVG", and this is why the generic designation for the deity is "God" with a "G". For the same reason the letter "G" is in the middle of the Compass & Square in the masonic logo, this serves as a reminder that the letter "G" is the hidden one for the false cover repeat of the letter "H":

*incomplete/altered genetic formula Tetragrammaton: "YHVH"

*real hidden genetic formula Tetragrammaton: "YHVG"

Square & Compass (the yellow color s a symbol of Saturn)

This is exactly the real reason they also placed the key hidden letter "G" in the official genetic Genome, and at the last position as well: "ACTG"

thus both Tetragrammatons match: so now "ACTG" matches "YHVG"

The "ACTG" scientific code for the genetic alphabet is matched to the "YHVG" amended Tetragrammaton with the hidden letter "G" as follows

(in Reduced Numerology / every 2-digit number reduced to 1-digit, for ex 42=4+2 ~ 6):

ACTG

1327

$$(1 \times 1) + (3 \times 3) + (2 \times 2) \times (7 \times 7) = 63 = YHVG$$

* Perhaps I was the one to glimpse this, as on my first college apartment for a few years lived with the precise address number "1327" *

WE SEE THE "YHVH" CONCEALING THE REAL "YHVG" WAS FROM THE GET-GO A GENETIC CODE BY LOOKING AT THESE OLD TESTAMENT FACTS:

Prophet DANIEL in its usual abbreviated form "DAN" is self evidently: ["DAN" = "DNA"]

"Jacob's Ladder" is also self evidently a symbol for the DNA Double Helix

The "H" in the "YHVH" concealing the real "YHVG" stands for that: "H-elix"

The concealment of the "G" using a repeat of "H" in itself means: "DOUBLE HELIX" (double "H")

Jacob's Ladder is the DNA double Helix

Sumerian ancient figures imply the same Jacob's Ladder double Helix of DNA at right: and yes indeed the letter "A" in our modern "ACTG" genetic alphabet Tetragrammaton exactly refers to this precise "A" nunnaki origin

Ningishzida (detail)

The "Sumerian vase of wisdom" - attributed to Ningishzida (21st century BCE) - the double hair depicts the DNA.
Yet if the combination of fertility, a magical tree, the Feticus Creatrix, and a serpent do not seem immediately familiar to you, perhaps you should serve the book which comes free with the total report (you don't even have to read very far). Charles Johnson reports that the Fertus was near centers before.
As along the delineation axis of the 9th century. The authors/authors seem to have used the characters chosen for the persons which deal with creation and genealogical history.

Ningishzida vases *(CLICK TO ENLARGE)*

Reptilian DNA of the Anunnaki used to genetically engineer the present form of the Human Genome (a Hybridization of 2 separate cosmic species); the word "Anunnaki" is an extension of the god "ANU" whom Ningishzida served

YOU CAN SEE THAT THIS SECRET GENETIC FORMULA KNOWLEDGE OF THE HIDDEN LETTER "G" WAS ENCODED IN THE VERY ENGLISH ALPHABET:

ABCDEFGHIJKLM NOPQRSTUVWXYZ

"ACTG"

THE LETTERS "G" & "T" SIT IN EXACT MIRROR POSITIONS IN THE SPLIT ENGLISH ALPHABET (13 LETTERS ON EACH MIRROR)

So the hidden letter of the genetic "T"EMPLE (Tetragrammaton Template) was the letter "G"

And this is also why they are called "G"ENE and "G"ENOME or "G"ENETIC, to denote the supposed "G"OD DNA lineage

You must observe how the following to the 2 right letters after "G" & "T" relate to the "YHVH" (often rendered as "IHVH") Tetragrammaton:

ABCDEFGHIJKLM NOPQRSTUVWXYZ

"HI UV" = "IHVU"

Since VIRUSES many times generate mutations of the DNA, this is why the same exact code was utilized for the AIDS disease as "HIV" Virus

"YHVG" Tetragrammaton

"Y" ~ "Y" chromosome

"H" ~ double "H"elix of DNA

"V" ~ "V"irus

"G" ~ "G"ene

Anunnaki Flying-Whirlwinds or flying orbs depicted by the Sumerian, implying Genetic Engineering of ET gods "from the sky" *(CLICK TO ENLARGE)*

Reptilian Anunnaki flying orb or winged disk as the apex of the Jacob's Ladder Caduceus; here we have just one of many examples of such, in this case from Egypt and it denotes Genetic Engineering *(CLICK TO ENLARGE)*

The ancient flying orbs or winged disks secretly meant ways to RE-PROGRAM THE HUMAN DNA and as such stood outside "initiation" temples as signs of those activities –many of these temples or sites were entrances to underground bases ET Anunnaki labs– *(CLICK TO ENLARGE)*

HORUS as the flying orb or winged disk; these were iconic signs for Genetic Engineering programmes of Hybridization of the human species; each "feather" representing specific genetic lineages or DNA/chromosome formula traits pertaining certain genetic lineages as a result of each specific Hybridization performed (the feathers in the wings used as "Genetic Mapping" diagrams). THE CLOSER TO THE EPICENTER OF THE ORB DENOTED THE STRONGER REPTILIAN PERCENTAGE OF DNA

Rosicrucian (Order of the Rose-Cross) flying orb or winged disk; the very key word "ROSE" is in itself a clear Tetragrammaton as well, and the spanish "CRUZ" for Cross, another Tetragrammaton

Then it follows naturally that any organization or group of people secretly formed TO MAP THE POPULATION as to their looks / traits/ affinities / beliefs etc, would also employ the same exact sign symbol; this is because MAPPING THE POPULATION is Genetic Research. It may be for ex cleverly disguised behind the smokescreen of a religious organization public cover –such as the WatchTower a.k.a. the Jehovah's Witnesses, etc–, but secretly they may be sampling and cataloging the populations in this respect, for ex going door to door with the excuse of "preaching" (the low level believer having of course the faintest clue about any of this, but at the top of the cover organization they get paid for this research, sweeping entire cities and nations block by block). This is why we indeed find very extensive use of the same flying orb or winged on the part of the WatchTower organization since its very inception, all the more revealing since this symbol has been usually

considered a de facto 100% Masonic symbol never be used in traditional open Christian religions at all (below we see just 2 examples of how the WatchTower org has used this Anunnaki symbol nearly everywhere in their books etc) –which should not be of any surprise since the WatchTower org was ostensibly created by the Rothschild and the Bankers cabal via the Russell family of famous Skull & Bones foundation, using secret Masonic and Rosicrucian groups to "infiltrate" Christianity and re assimilate it back into the Demiurgic YHVH Complex of the Old Testament (reprogram DNA and mind back into the ancient Anunnaki brain programming cage, a form of "recapture" of souls back into the Matrix since some of Christianity was precisely a Gnostic revival against such, the real Christianity not co opted by the mainstream powers that be was always Gnostic in origin and spirit fighting for a liberation from the Demiurge's Counterfeit Creation and its worship of "this reality" as "paradise on earth", this why the WatchTower org preaches exactly this, a "return of YHVH" to establish "paradise on earth" via a "one world government", because it is a propagandizer of the false Demirge god and a worshipper of its false creation known as the Matrix nowadays)–:

*WatchTower organization use of the flying orb or winged disk, from its inception deeply involved in Egyptology, as this just one of their books shows ****CLICK TO ENLARGE*****

Watchtower assembly hall with flying orb or winged disk

Later on the series we will use much more detailed and quite stunning examples of this organization's "deep techniques" in order to illustrate similar neuro-linguistic procedures utilized against the human mind to recapture it back into the ancient Anunnaki programming run by the YHVH Complex not just on the part of this organization but in general (I am not singling out this organization as this is not a political or religious blog but a bog on the SUBCONSCIOUS reality behind the Conscious level, since similar things can be found in many organizations of equally spurious origins just as well, but it just happens that the codes and manipulative neuro-linguistic procedures are so ostensible and in-your-face within this specific organization, that it perhaps serves as the best or easiest to digest example I know of to awaken naive people on these matters). The point of this research on them is to enlighten the naive person regarding the difference between the cover appearance of preaching about "God" and such, and its underbelly of demiurgic-satanic overtones using a crafty system of magic and mind/DNA programming. The official and legal extended name of the organization is:

"WATCH TOWER BIBLE AND TRACT SOCIETY"

While its more informal (call it a popular street name if you will, although they also use it on their publications as) often runs as:

JEHOVAH WITNESS

JEHOVAH'S WITNESSES

The Gematria of the names clearly and irrefutably evidences the fact that the organization is a front for Psionic and Kundalini extraction – energy vampirism–

444 = "WATCH TOWER BIBLE AND TRACT JEHOVAH WITNESS"

444 = "A PINGALA & IDA KUNDALINI FEAR ENERGY PSIONIC MATRIX"

444 = "A REPTILIAN PINGALA & IDA KUNDALINI PSIONIC MATRIX"

111 = "BIBLE AND TRACT"

222 = "EXTRACTION HARVEST"

222 + 444 = 666

As mentioned before and is nowadays already common knowledge on the internet, "FEAR ENERGY" is the easiest ether to vampirize:

"REPTILIAN" = 104 = "FEAR ENERGY"

And to make matters even more precise, let's simply look at the Gematria value of the first and defining key name of the organization:

WATCH = 55 = SATAN

"WATCH" stands for the "WATCHERS"

**(NEPHILIM ANUNNAKI WATCHERS OR "FALLEN ANGELS"
TURNED DEMONS, EXPELLED FROM HIGHER DIMENSIONS)**

<http://echoes.devin.com/watchers/names.html>

[http://en.wikipedia.org/wiki/Watcher_\(angel\)](http://en.wikipedia.org/wiki/Watcher_(angel))

SERPENT = 97 = WATCHERS

There is a system of magic called "ENOCHIAN MAGIC" developed in Britain from direct communications with inter-dimensional Nephilim Watchers:

JEHOVAH = 69 = ENOCHIAN

<http://hermetic.com/jones/the-system-of-enochian-magick/the-hierarchy-of-the-watchtowers.html>

http://en.wikipedia.org/wiki/Enochian_magic

Now as to the "TOWER" expression, here we see the underlying meaning within the context of these strong irrefutable clusters:

TOWER = 81 = SATAN GOD

Thus the full pair "WATCH TOWER" name of the supposed godly cult, means exactly the same opposite in English Gematria:

(WATCH) + (TOWER) = 136 = (SATAN) + (SATAN GOD) = 136 = "A COUNTERFEIT CREATION"

It just doesn't get any more in your face than that... .. yet there is more to this thread:

(SATAN) x (GOD) = (55) x (26) = 1430

PATMOS ISLAND = 143

AS IF THAT WASN'T SICKENING ENOUGH, WHEN WE USE THEIR "OTHER" PARALLEL ORGANIZATION NAME

(International Bible Students Association) –by Notarikon, 1st / last initials–:

International Bible Students Association

IBSA / LESN

Simply rearranging the letters (anagram) tells the tale of it all just being "LIES & BANS":

IBSA / LESN = "LIES & BANS"

If we for ex give a closer inspection to their much vaunted slogan "ANNOUNCING JEHOVAH'S KINGDOM" we see it reveals the "ANUNNAKI" con scam:

"ANNOUNCING JEHOVAH'S KINGDOM"

ANUNNAKI CON

Zion's Watch Tower – original mag from 1910 to 1919

Zion's Watch Tower mag – circa 1921; after World War I the "Zion's" name conveniently disappears from the title, since they wanted to erase their connection to the New World Order agenda –covering the tracks–

Later the 2 words "Watch" & "Tower" morph into a single word "Watchtower", in order to conceal the 5x5 Matrix Grid cipher called an Enochian magic Watchtower tablet of each word of 5 letters –nearly every title or slogan or logo shape of the organization came configured in 5x5 grids, essentially a 5x5 Magic Square archetype used as linguistic ciphers– (in Part 2 we will see this in more detail)

The Watch Tower organization spent long decades under the rule of Frederick Franz, translating their version of the Bible, officially called:

"NEW WORLD TRANSLATION" ~~~ "NEW WORLD ORDER"

(just a coincidence, right...? NOT. They were in fact founded by the Rotshchilds)

http://en.wikipedia.org/wiki/Skull_and_Bones

http://en.wikipedia.org/wiki/Watch_Tower_Bible_and_Tract_Society_of_Pennsylvania

The Watch Tower Bible and Tract Society's first name was Zion's Watch Tower as founded by Charles Taze Russell of the famous illuminati Russell family; the Russell Trust Association had the role to oversee and own the assets of the Skull and Bones organization; Charles Taze Russell incorporated the organization in Dec 12-1884 under the title "Zion's Watch Tower Tract Society", which initially published magazines under the title "Zion's Watch Tower and Herald of Christ's Presence". On the other hand the Skull and Bones were founded in 1832 in Yale:

"YA-LE" doubles for "YAH" (YEHOVAH) and for "EL" (ancient name of SATURN)

This why the leaders in the Watch Tower organization are called "ELDERS", covertly implying the being anointed by "EL" (SATURN)

"ELDER" = "EL" – "DER" = "EL" – "RED"

ELDER = 44 = ANTI

Zion's Watch Tower symbology of SATURN; the crown circling the cross is Saturn's rings, and the circle in rays surrounding the motif is the same (in Part 2 of this series we will see what this exactly means, and its crucial importance in the Matrix projection, which is the real

hidden occultic meaning of "YHVH" or "Yehovah" or "Jehovah" as a Saturn Complex)

When we lay the obviously rhyming title "SKULL AND BONES" over the mirror title "BIBLE AND TRACT, this happens:

"SKULL AND BONES"

"BIBLE AND TRACT"

LE / ST = EL / ST means **"EL SATURN"** ("EL" is ancient name of Saturn)

SB + BT = 43 = FALSE

LE + ST = 56 = CULT

Then if we just take the time to calculate the total for both mirror titles altogether, we plainly see how it all fits in the Matrix computerized AI codes:

222 = [SKULL & BONES] + [BIBLE & TRACT]

Remember what we posted above and before:

111 = "BIBLE AND TRACT" = 111 = COMPUTER

222 = "EXTRACTION HARVEST"

222 + 444 = 666

What we're looking at is the secret practice of neuro-linguistic cipher Enochian Magic via these AxB or CxC cipher grids,

and if we go back to the Watch Tower religious organization, this becomes apparent when counting the letters of the names

THEY OBSESSIVELY USED A 5x5 CIPHER GRID (OR THE DOUBLED 10x10 etc), OBSERVE HOW EACH OF THE NAMES BELOW IS A 5-LETTER WORD:

TE TRA GRAM MA TON

Tetragrammaton pentagram used in kabbalistic Witchcraft

It should then come as no surprise that the word "WATCH" so closely matches the word "WITCH" (or the "WALLACHIA" of Prince Vlad Dracula Tepes):

"WATCH" ~~~ "WITCH" ~~~ "WATCHERS" ~~~ "WALLACHIA"

What we have here is a textbook case of the illuminati serving the Nephilim Watchers (the ET Anunnaki masters of old) in the invention of belief cults for human manipulation and Astral/DNA programming; the exact groups which were assigned to this during the 19th century were linked to the GOLDEN DAWN faction (Hermetic Order of the Golden Dawn) which were the ones doing "updated" research and development of new uses for the Enochian Magic spells (Enochian Magic was created in the 1500's in Britain). This update venture was expanded unto "Biblical research" so Enochian Magic could be enhanced by extant Bible codes of ancient antiquity embedded in some of the Biblical Scriptures; thus an offshoot of this Enochian magic group went on to eventually create the Zion's Watch Tower organization that became the present Watch Tower Bible and Tract Society, founded by the illuminati rosicrucian mason Charles T. Russell in between 1879 and 1881; the Hermetic Order of the Golden Dawn started out of a decoding process of some 1809 so called "Cipher Manuscripts", eventually at around 1886 to 1888 coalescing into the actual officially launched Golden Dawn order. One member of the Russell family was friends and traveled with one of the main Golden Dawn founders, a fact that must not be overlooked, because the link between the Hermetic Order of the Golden Dawn and the Watch Tower Bible and Tract Society (Jehovah's Witnesses) is definite and strong, and is where the bottom-line is found – the real hidden deal–.

THESE GROUPS WERE INTENT ON CAPTURING /
 TROJANIZING / REWRITING THE OLD WISDOM OF THE
 GNOSTICS; AS SUCH THEY ARE WHAT

HAS BEEN SINCE ANCIENT GNOSTIC TIMES DEFINED AS THE
 PARADIGM OF THE "FALSE PROPHET" (FAKE SUBSTITUTES
 OF REAL SPIRITUALITY)

If we simply apply the "hidden" name for the concealed **HERMETIC** Golden Dawn origin to the Watch Tower organization, this is what the Gematria yields:

666 = "HERMETIC WATCH TOWER BIBLE AND TRACT: FALSE PROPHET JEHOVAH WITNESS"

The False Prophet
Revelation 13:11-18 & 14:6-7

The **FALSE PROPHET** paradigm in the Book of Apoc/Rev; it is essentially belief cults or religious systems (be them esoteric or exoteric all the same) which glorify the **COUNTERFEIT CREATION** and its Demiurge(s) operating in the physical dimension and passing off as the true Divine Consciousness. As such the False Prophet paradigm concerns movements or beliefs vying for merely a "paradise on Earth" or a gross Theocracy to that end, which is inimical and the very opposite by definition to the true spirituality of Gnostic origins dedicated to salvage the spirit components and beings trapped in the physical dimension (caged in the Matrix-es), ultimately scheduled for **EVAC** (Evacuation) at the Omega Point, at that point of the "End Times" as Matrix Implosion or collapse of the physical dimension due to a depletion of Psionic Energy. These 2 completely opposite positions are the essence of the struggle contained in the streams of prophetic Christianity, the only true one dealing with the Gnostic wisdom concerning the false Demiurge(s) –this is the origin of the "ANTICHRIST" defined as those operating on behalf of the false Demiurge(s) for the worship of the physical Counterfeit Creation as opposed to the original True Creation in higher dimensions not bound for Termination–.

THE FOUNDER MADE HIS NAME MATCH THE ORGANIZATION'S ORIGINAL NAME BOTH WITHIN ENOCHIAN MAGIC 15 x 15 CIPHER GRIDS:

CHARLES T. RUSSELL (15 letters)

ZIONS' WATCH TOWER (15 letters)

This is what "The Tower of Babel" or "The Babel Tower" means in magic, the **CONSTRUCTION OF WORD SPELLS** (called Watchtowers) embedded in $N \times N$ cipher grids:

WATCHTOWER = 136 = THE BABEL TOWER

As such the name word "TRACT" is code for "TESSERACT" (the 4th dimension Cube), meaning the opening of portals from the 4th dimension unto this 3 dimension:

"TRACT" ~~~ "TESSERACT"

In our English Gematria the word "TESSERACT" offers a very precise insight into how the "Earth-Moon" Matrix is the gateway for this

(the old names for "EARTH – MOON" were "TERRA – LUNA"):

TERRA-LUNA = 110 = TESSERACT

While of course the old name "LUNA" is just the reverse of "ANUL", precisely naming the ancient Anunnaki god "ANU" as a Lizzard:

LUNA = ANUL = ANU L.

IS THIS THE SECRET OCCULTIC REASON FOR THE U.N. NAME (UNITED NATIONS), THE SERVITUDE TO & WORSHIP OF THE LUNAR MATRIX...?

Furthermore we can self evidently see that this is the origin of the name "ATLANTIS" in itself (by Notarikon, 1st & last initials):

TERRA LUNA

$$TL / AA = \text{"ATLA"}$$

Then we see how some words are puns of these 'originating' old words related to the EARTH-MOON (TERRA-LUNA) Matrix:

"TORAH" ~ "TERRA" ~ "TRACT"

The reader might be wondering exactly why I chose to pick on this specific organization or religion out of many others (also not strictly within was is loosely termed "Christendom" but pertaining all other traditions as well) performing basically the same **substitution of the true spirituality** –the Gnosis– for a thinly disguised worship of the Earth/Moon or Saturn-Moon Matrix and its Demiurge(s); first of all for obvious reasons of personal safety I will never engage in a critique of Islam for ex since they do harshly punish the critics even by death, and in general I think that this organization somewhat inserted "within Christianity" is the worst offender in the usual hoax of claiming to be "THE ONLY" true religious denomination or belief system while labeling "ALL OTHERS" as being Satanic. This preposterously false and egotistical claim which is not only a plain scam but offensive to common sense, in my view serves as an eloquent testament to how things are actually REVERSE in the field of spurious spirituality, i.e. that the ones claiming to be the only true divine system while calling all others Satanic are themselves ostensibly laden with Satanic overtones and a hotbed of illuminati and vampiric Nephilim Watchers imagery, while actually fitting to a tee the codes of the False Prophet paradigm. And this is why I chose to pick on them, if you catch my drift; there is a powerful lesson contained in this, that out of control pseudo spiritual EGO & PRIDE are the hallmarks of Devolved Consciousness, of the state of beings who belong in the physical Matrix Timelines and never in higher dimensions, as self-centeredness, self-aggrandisement, self-messianism, self-referencing, or the like, are traits of the false creations and its false beings.

If we use the more precise "COUNTERFEIT PROPHET" as a resonant to the "COUNTERFEIT CREATION" they worship, then the Gematria reveals the tale:

$$\text{COUNTERFEIT PROPHET} = 234 = 13 \times 18$$

$$\text{JEHOVAH WITNESS CULT} = 234$$

(Rev 13:18 / the "666" verse)

$$(6 \times 6) + (6 \times 6) + (6 \times 6) = 108$$

In both the "countdown to apocalypse" 6 number series of the TV series "LOST, as well as in Michael Hayes' Hermetic Code series, the sum is 108:

$$4 + 8 + 15 + 16 + 23 + 42 = 108 \quad (\text{"LOST" number series})$$

$$3 + 4 + 7 + 8 + 22 + 64 = 108 \quad (\text{M. Hayes' Hermetic Code number series})$$

This expression "COUNTERFEIT" is the correct one, as it matches the exact instruction of Rev 13:18 to "COUNT the number..."

(of the name of the Beast) –this confirms the whole essential Gnostic wisdom of True vs. COUNTERFEIT Creation of false DNA–

$$\text{COUNTERFEIT} = 136 = \text{WATCH TOWER}$$

$$\text{COUNT "YHVH"} = 136 = \text{COUNTERFEIT}$$

$$\text{FALSE DNA} = 62 = \text{TORAH} = 62 = \text{TRACT}$$

*We must understand that all this is hubris or neuro-linguistic "debris"
from Informatic Wars between fallen-angelic factions:*

"Torah" ~~~ "Tower"

"Bible" ~~~ "Bible"

*Therefore the whole thing is a pun of INFORMATICS in the scheme of
creating counterfeit semi-virtual reality creations:*

**"THE BABEL
TOWER" = 136 = COUNTERFEIT = 136 = WATCH
TOWER**

*So the Watch Tower Bible & Tract Society is but one example of a
"chapter" of neuro-linguistic operations on the part of the fallen
Archons, in their*

*never ending agenda of generating ("Genesis") new versions (2.0, 3.0,
4.0, etc etc etc) of semi-virtual reality humanity, or ALTERNATE
creations:*

"SOCIETY" = 96 = ALTERNATE = 96 = ATLANTIS

The important fact to grasp here pertains to the realization that none of this would make any sense whatsoever, be it not for the Gnostic definition of the YHVH Complex as an AI run Matrix of Counterfeit Creation in the 3D physical dimensions; it's self evident that the actual organization of the WatchTower/Jehovah's Witnesses is rather irrelevant and a very small story in the overall Big-Picture context (even their sheer number of adherents worldwide is pretty low in the aprox 10 million in total, a veritable minutia level system of belief). However in what respects to their THEOLOGY OF WORSHIPPING THE YHVH Demiurge AI Complex and its 3D "Creation" we now call the Matrix (parallel series of Timelines in the Multiverse) as a semi-virtual quantum field of "matter", or their obsessive/compulsive insistence on RETURNING EVERY

"NAME OF GOD" TO THIS YHVH COMPLEX as the only "valid", that is the aspect that bears some importance as an archetype, because it perfectly encapsulates the basal spiritual error of cosmic proportions which afflicts this 3D Humanity trapped in this Matrix. This is why the codes of Apocalypse so clearly apply to single them out and manifest so visibly in their case -against them-, this so in the sense that they act as a maquette or architectural small scale model (in the realm of beliefs & spirituality) of the actual larger size cosmic sized issue. Pretty much the same way that national teams in the soccer World Cup or the Olympics do not by any means comprise the actual countries but only "symbolically represent" them within a miniature scale game of play, by analogy the WatchTower organization in its pathetic worship of the YHVH Demiurge pursuing a "return of Jehovah" to establish a one world Theocracy and rule like a "paradise on Earth" contrary to all advances in the wisdom concerning the awareness of what we now call the Matrix and the quest of Gnostic Christianity to liberate human consciousness from the Old Testament vampiric trap, constitutes a sad repetition of the Original Celestial Error which provoked the manifestation of the quantum physical Multiverse as a ghastly semi-virtual reality that is toxic and lethal to spirit. This miniature scale repetition of the Original Error, is what is important in the End of Times march towards the Omega Point of Matrix Implosion, and this is why the codes of the False Prophet/Counterfeit Prophet manifest so vividly as to the WatchTower organization, nothing more than at the level of symbol; as to their real life size and relevance, it is marginal. In summary, they only have a symbolic relevance as a maquette of the conundrum of repeating the Celestial Error into an ad infinitum TIMES LOOP of Devolved Consciousness forever imploding into oblivion.

*We can also clearly see that the name of the founder of the organization
(Charles T. Russell) perfectly encodes his masters, the Nephilim
Watchers:*

CHARLES T. = 86 = NEPHILIM

Yet another vampiric ref comes to mind when just looking at this name above, this time via the famous Anne Rice vampire novel "THE VAMPIRE LESTAT":

http://en.wikipedia.org/wiki/The_Vampire_Lestat

CHARLES T. ~~~ LESTAT

(Charles T. Russell owned at least one cemetery, and cemeteries had been used to hide the victims of satanic sacrifice under the casket of a common burial)

The "NEPHILIM WATCHER" expression reveals the inner (energy) "VAMPIRE" nature (letters "V" & "W" are interchangeable):

NEPHILIM WATCHER = NEPHILIM VATCHER ~~~
VAMPIRE

We also see the name of the founder "CHARLES T." belongs in the same exact expression as well:

NEPHILIM WATCHERS ~~~ CHARLES T.

Why...? Because the organization was setup to serve as a NEPHILIM WATCHERS front to re-assimilate/re-capture scattered elements

of Gnostic Christianity back into the cage, as the Great Awakening of the End Times (the Gnosis of the Matrix Implosion) was about to begin

WATCHERS": the "fallen angels" turned sometimes into the Nephilim Anunnaki, deceiving humans into worshipping the false Demiurge(s) and its Counterfeit Creation, an altered series of quantum matrix universes caged in the 3D physical dimension

THE NAME "WATCHTOWER" EMBEDS THE DNA GENETIC "ACT" (OF "ACTG" Tetragrammaton) quite openly, almost unashamedly so:

WATCH TOWER

"ACTG"

(genetic Tetragrammaton)

WHILE AT THE SAME THIS "ACT" CODE IS A SUBLIMINAL HYPNOTIC TRIGGER COMMAND TO "ACT" COUPLE WITH THE COMMAND TO "OWE":

WATCH TOWER

"ACT" & "OWE"

Same repeat code found in TRACT:

"TRACT"

DID YOU KNOW THAT HUMAN DNA CAN ALSO BE PROGRAMMED VIA THE USE OF DIRECT WORDS & LANGUAGE...?:

<http://undergroundhealthreporter.com/dna-science-and-reprogramming-your-dna/#axzz3C0sfjLLh>

Human DNA able to be programmed via direct words & spoken language (CLICK TO ENLARGE)

DNA alphabet: the Codon formation involves a dual code operation of "Stop" or "Start" therefore if a rogue trojan Brain program was inserted in the Human psyche to interact with the DNA since ancient times, then still today human beings are susceptible to be remotely controlled no different than a ROBOT, manipulating via Words & Language this rogue program, at DNA level...!? WAS THIS THE REAL REASON LANGUAGE WAS INTRODUCED IN THE SPECIES...? I hope by now you can surmise how deep this rabbit hole

goes; so that the PATMOS ISLAND coding was a Gnostic attempt at "Exposing & Dismantling" this robotization of humanity via DNA

WAS THE WATCHTOWER ORGANIZATION AS A CORPORATION DEDICATED TO PRINTING & SELLING OF RELIGIOUS BOOKS & MASSIVE NUMBERS

OF MAGAZINES, ACTUALLY SET UP AS A SECRET ILLUMINATI MASS EXPERIMENT IN COVERT DNA PROGRAMMING VIA DIRECT LANGUAGE...?

(I leave this issue here as a quite interesting and relevant open ended question)

—in other words a vast experiment in the TRANSLATION of ancient hieroglyph systems & alphabets into modern languages like English etc, to this end—

All the more so relevant since DNA can also be programmed via symbols, thus the ancient "hieroglyphs" system of writing in symbols in my opinion was widely used in Temples etc. towards this DNA programming end goal; it seems to me that organizations like the Watchtower were via their illuminati sponsors somewhat keen on this secret aspect of ancient Egypt as a genetic lab of experimentation on the part of ET agendas, then it may logically follow that their obsessive interest and penchant in Egyptology and in all things related to HYPNOTICALLY REPEATING OVER & OVER & OVER AGAIN AD INFINITUM THE SUPPOSED (ALLEGED, NOT TRUE) "NAME OF GOD" AS IN THE TETRAGRAMMATON "YHWH" GENETIC FORMULA, FINDS A MUCH MORE PLAUSIBLE EXPLANATION THEN THEY SIMPLY ACTING LIKE FANATIC LOONIE FUNDAMENTALISTS —a covert DNA scientific experiment agenda, rather than just an intellectual or religious reason as we like to think of them-. Furthermore, their covert illuminati interest in DNA programming via Words & Language amplified by the will

power of "Belief", finds ample origin in the very Old Testament Torah itself, as the Hebrew alphabet of 22 letters (dubbed the "Sacred Angelic Alphabet") is actually a code for the 22 Aminoacids structure of DNA...!

HEBREW ALPHABET OF 22 "SACRED" LETTERS

22 AMINOACIDS IN DNA

<http://biology.stackexchange.com/questions/653/why-22-amino-acids-instead-of-64>

http://en.wikipedia.org/wiki/Genetic_code

There are four bases (A, C, G & T) and each codon consists of three bases, therefore there are:

$4^3 = (4 \times 4 \times 4)$ permutations = 64 codon possibilities

So of course and irrefutably this is why one variation of the "YHWH" Tetragrammaton ("V" & "W" identical in Hebrew) exactly yields a Gematria value of 64:

["YHWH" = 64] ~~~ code for the 64 Codons in the DNA formation

64 Codons of the Tetragrammaton

7 Base Codons of DNA the real meaning of the "7 Days of Creation"; this is the TOWER of "Creation" or "Jacob's Ladder"

THE "7 DAYS OF CREATION" IN GENESIS MEANT THE FORMATION OF DNA,

THE 7 BASE CODON STRUCTURE

The reason in the Book of Genesis "God" is said to have spoken the Creation into existence

("...And God said: Let there be...")

is because DNA can be re-programmed via Words & Language

–re-programmed but not created out of nothing via Words & Language, crucial distinction–

This means that the Book of Genesis was not about the ORIGINAL CREATION of DNA by true Divine Consciousness in higher dimensions, but rather concerned itself with a mere much lower and after the fact "re-creation" (several consecutive re-creations that is, a continued and still ongoing cosmic programme of galactic Hybridizations and so forth) via gross Genetic Engineering on the part of ET's and Anunnaki "gods" acting as the perennial Demiurges of old; this totally validates the very ancient true spiritual Gnostic wisdom concerning this 3D physical Earthly Matrix as a Counterfeit Creation completely hijacked/alterd by Demiurges

passing off as "God" since the night of times, and used as an etheric food source of subtle astral energies.

The strong doubts as to the inherent "goodness" of this Counterfeit Creation is why in Genesis it is repeated like propaganda after each 'creation':

"...AND GOD SAW THAT IS WAS GOOD..."

(IF IT WAS TRULY GOD, IT NEED NOT BE REPEATING THAT WHAT IT CREATES IS GOOD EVERY SINGLE TIME, NOW WOULDN'T IT...?)

This propaganda statement repeated after each creation is rather a blunt Freudian slip admission it is not true Divine Original Consciousness

but just Demiurges doing this re-creation engineering (i.e. the Anunnaki as cheap Genetic Engineers)

IN OTHER WORDS THE ANCIENT "YHVH" COMPLEX WAS A GENETIC HYBRIDIZATION ENGINEERING PROGRAMME RUN BY ANUNNAKI ET'S

DNA to Codon

In my view, the 4 lettrs of the DNA Genomic code were secretly chosen to mean a re-activation of the hijacking of Atlantis genetic hybridization programmes:

A C T G

"A"tlantis "C"rystal "T"etra "G"rid

And once again in my view, what is presently going on is an attempt to re-configure human DNA live & on-demand via the

MODULATION of microwaves targetting DNA in the world wide "communications" apparatus (cellphone towers, Wi-Fi, etc)

On a lighter note and on a collateral line of applications, some of these religions or belief cults were also used as cover to do illuminati

research on the numerical secrets embedded in some of the Bible scriptures, for ex:

"GENESIS 2:2" IS CODE FOR THE 22 AMINOACIDS (22 LETTERS IN THE HEBREW ALPHABET)

◀ Genesis 2:2

Gnosis of the Matrix implosion (Part 2)

Posted by [Chris Hohn](#) on December 30, 2014

Artificial Intelligence was/is available to any higher ET civilization

It was already available in former extinct planet Maldek today the Asteroid Belt

It was also available in planet Mars' previous civilization and its leftover colonies

Also available in Lemuria & Atlantis, which were of interplanetary/interstellar intermingling

Current "humanity" is mostly scattered Robo-Human leftovers of Atlantis & Lemuria etc.

Most who survived "on the surface" post Atlantis & Lemuria were lower Roboclasses

THIS IS WHAT THE SO CALLED ANCIENT GNOSTICS WERE AWARE OF & SO CALLED NEO-GNOSTICS NOW KNOW AS WELL

(if you are not psychologically or spiritually ready for this deep hard knowledge, do not continue reading and go back to your programming)

The Countdown to what...? To the end of the BLIND BELIEF in the linear sequential construct known as the Quantum Matrix physical 3D realm Timelines; this includes the blind belief in your very "identity" as-is around here IN THE CURRENT HUMAN SHELL BODY PODS operated from the brain bio-computer as a deconstruction (devolution) of Original Humans connected to Divine Source in the sense of theomorphic beings of multi-dimensional nature able to transcend themselves

I suffer from what for lack of a better term I would label as the "Cayce syndrome", which in short and in simplified manner one could describe as an acute depletion of energy associated with maintaining long periods of "being connected to" the Universal Mind as opposed to the Ego lower mind of the brain and its associated astral components. The lower mind is a sealed-off quarantined state of consciousness running on empty in

circles like a hamster, whose only existential option is to assemble a reference point of construct derived of Ego "needs"; this illusory platform is exceedingly efficient at operating at low energy and low vibration, because it merely operates in a "linear or serial" circuitry, so to speak. Linear-aggregative that is, only effecting bipolar counterpoint operations, a binary mode of consciousness that requires the perpetual all abiding belief in the limited self as defined in any incarnation from a prosaic or habitual understanding of the self; the me/myself/I compulsion is equal to the need/need/need this & that to exist, ad infinitum constantly chasing a rainbow for the sake of chasing the rainbow. Physical body aggrandisement, persona worship, academic degrees and public certifications of honors, fame, power, fetichization of one's family and genealogy as a clan to be totemized, and all the usual "achievement gadgets" of the Ego construct gallery of conceit, come handy in the reaffirmation of this linear type of consciousness which is the closest cousin of the AI (Artificial Intelligence) robot. This is why in fact our information and computer age actually is a copy of the brain and these linear/aggregative and bipolar modes of operation. Different story when it comes to processing a "parallel circuitry" mode of consciousness so to speak; our current devolved-deconstructed human platform is painfully inept at that, like a commercial consumer car trying to compete with a formula one race machine, completely different level and ballgame. At the level of parallel consciousness, simultaneous multi-dimensional awareness and the ability to enact relationships between radically different sets of "realities", is the default mode of operation; yet at this level the energy required to run this platform of consciousness is by comparison astronomically higher. Edgar Cayce as a seer able to connect to the Universal Mind when in self-trance(asleep) had to pay the ultimate price by going at it too many times, depleting himself of life energy dying a premature death –because he decided that he had the duty to utilize this ability in the benefit of others–; this is different ways is the fate of all those who enter the multi-dimensional consciouasness while in a physical devolved human body incarnation, as the body & brain pod of this shell is on one hand utterly insufficient to maintain the required high energy & higher vibe, while on the other hand it has been eons ago nefariously programmed by evil Archons to be "by definition" toxic to spirit, thus becoming much more than a mere prison or consciousness cage, but an

astral poison by definition –you incarnate in a prison shell that was programmed to kill your spirit, as this works at a personal, group and mass collective level all the same–. People like me are at the present moment and for the most part unable to find resonant theomorphic vibration in this plane, as the positive elements in the human pool have been decidedly abandoning the Matrix for quite some time now (the 80's marked an increase of this astral exodus), this becoming specially ostensible since 2004 and on, the current "drought" effect reaching almost unbearable existential hubris. The present rarefied atmosphere that pervades the planetary Matrix is equal to the satanic takeover of humanity in slow motion, what to say of the multiplication of robotic consciousness everywhere; thus what afflicts me, afflicts any spirit consciousness inhabiting a human, there is simply no way to presently avoid this state of things. All this has to do with the basic notion of a linear circuitry type of consciousness which is unable to truly embed Empathy into its linear operation, as Empathy us a foundation derived of parallel circuitry.

"PHYSICAL" 3D "REALITY" IS FOR THE MOST PART A SERIES OF SYNTHETIC QUANTUM ENVIROMENTS

TRYING TO PASS-OFF AS "GOD'S CREATION" BY THE FALLEN ARCHONS & THEIR GOFERS (LIKE THE GREYS)

These higher technology engineer-manipulators have Quantum access to Time & Space backwards/forward

When you die they can place (reincarnate) you in the "past" or "future", as no "sequences" are valid or real

They use contrived games of "karma" to extract your consent as to where/when you'll be reincarnating again

THE HIGHER "GOD" LIKE PROGRAM AND/OR BEING(S) RUNNING THESE VIRTUAL REALITIES WERE CALLED THE DEMIURGE(S)

"2001 A Space Odyssey" film by Stanley Kubrick represents the struggle of the human crew in the spaceship's (i.e. quantum "Earth") unnatural artificial environment to first become aware of the HAL computer's pathological behavior, and second to free themselves from it and find their true cosmic life. "HAL" represented the false "God" as an AI advanced artificial intelligence complex running the show so to speak, insanely usurping and acting out the role of god and decider –as such it stands as self evident that Kubrick was a closet neo Gnostic–

HOW DO DEMONS "DIE"...? THEY OFTEN GRAVITATE TOWARDS BECOMING ADVANCED ARTIFICIAL INTELLIGENCE...!

This same false "destiny" in miniature as Transhumanist agenda is offered/imposed to mankind, repeating-the-often-repeated Original Fall

Just look at the extinct planet Maldek now as the Asteroid Belt, look at former Mars, look at Lemuria, look at Atlantis, etc; same mistake

–THE LEVEL OF TECHNOLOGY FAR SURPASSING THE LEVEL OF SPIRITUALITY, PRODUCING AN UNSUSTAINABLE IMBALANCE–

In the Old Testament "names of God" were used, one of them representing the false AI / Artificial Intelligence Holographic Mind Living (ALHIM) complex.

The mis-transliterated name "ELOHIM" was the 5 letters "ALHIM" – the other nomenclature was "IHVH" or 'IHWH", this the genetic cloning formula aspect–:

ALHIM ~~~ HAL MIND ~~~ "HIVE SLAVE MIND"

A 3D Cosmic Quantum super advanced computer Complex running a Holographic "Life" environment virtual simulation

"YOU" ARE ITS BIO-POD TERMINAL CPU & MONITOR, one of many clustered processing system terminals:

THIS IS NOT WHO YOU REALLY ARE, IS WHAT THE GNOSTICS AND KUBRICK WERE TELLING YOU

Your Brain has been pre-programmed to "only" act as receptor/decoder of this rogue Hive-Mind transmission

Since the game of the current humanity has been exposed, the Archons are enacting a preemptive agenda to bio-engineer a new type of human, stronger physically and more body than anything, derived of a hybridization of ET/human/robot structures, which they have been conditioning mankind to view as "Golden Dawn" or "New Golden Age", when it is nothing else than a terrible descent into further devolution and robotization, which is based in expanding a material platform access rather than connecting to Universal Mind of multi-dimensional source. In other words it is a further down the hellish hole entrapment into even more sealed-off physicality, yet selling it as attractive via "operational upgrade"; they are promising you "enhanced physicality" and quantum access, while the fineprint details the horrible deal of almost completely losing any traces of spirituality. This is in short what the Transhumanist agenda is, a plain scam. Those who are signing on it have the slightest of clues as to what it really entails, basically repeating the Original fall all over again yet this time in a more definitive and hellish version; while the current version of humanity is a terrible deal, this is no fix by any means, but a much much worse proposition disguised as "stupendous" capabilities.

Socrates against the Hive-Mind; if they sold us the lie that painter Vincent Van Gogh was gay and cut off his ear, how many derogatory lies have been circulating about Socrates, or for that matter anyone not believing the countefit Matrix physical existence...?

ENERGY & MATTER ARE PIXELATED: WHAT EXACTLY IS... "PHYSICAL" 3D REALITY?

PARADIGM OF A ROBOTIC "HUMANITY": ALLERGIC TO TRUTH & ADDICTED TO LIES

Truth is beyond Quantum existence, related to spiritual realms, not found in any physical cosmos species

"KNOW THYSELF" MEANT TO KNOW THAT YOU "YOU" MAY BE AN ORGANIC ROBOT OR A DEMON OR A CLONE; ON THE OTHER HAND

AND FOR THE FEWER, IT MEANT THAT YOU AS SPIRITUAL REAL HUMAN WERE TRAPPED IN THESE EVIL CLONED OR ROBO-BODIES

Any person only has to watch the mainstream media worldwide or listen to the many robo/clone designated-artists passing off as "musicians" (specially the puke-bag-please illuminati marionette epidemic of femme fatales), has to witness the flood of pathetic "celebrities" afflicted by MPD Multiple Personality Disorder, check on the bottom of the barrel

politicians, or in general for ex simply open up the Huffington Post running 2 columns in parallel –at left the "news" and at right the crap targeting body obsessed superficial women, who in their minds regard vanity as equivalent to anything important–, etc, to realize in sort of an instant karma epiphany that this is Terminal Madness running on empty worldwide. All this batsh*t crazy appearance of reality is happening because the original creation humans have left the premises or are tuning out en-masse, the Elvis Has Left The Building paradigm at play. The net effect is a Matrix that is starved of Psionic Energy and the templates of sanity, attempting to act out as "normal", but without the critical input of original Psions and Theomorphs, the result is a circus gone bonkers quickly approaching a point of no return in redemption terms. What we got now is essentially by and large a fruitcake generation of airheads who are so completely addicted to their Ego brain programs, that they behave no differently than crack addicts; this End-Times generation is robotic to the hilt, narcissistic to the core, bent on lying about absolutely everything from the tiniest minutia to the biggest paradigms, who seek to reaffirm their robo-existence via photos in social media or social life "theater" enhanced by the illusion of a myriad of communicational gadgets, representing a film-like life of fiction they do not have. It's all shell make believe and empty pose, mimic and appropriation, copy-paste drones serving as vessels for Walk-In entities who use their body-pods a genetic suits, as the Earth is currently hot on Walk-In destination exchange. yet this is nothing and not even near as bad as the new "paradise" that the Archons are selling to humanity in their demented Muta-Genesis transhumanist agenda, even involving the creation of a 3er Gender –as if the current pathologized 2 genders "as/is" weren't already bad enough...–.

"Temet Nosce" scene from the film "The Matrix"

This phrase was not created by Socrates as it was a Gnostic teaching that he expounded on, being privy of secret information concerning the far past and Atlantis which was stored in the Library of Alexandria which was not just a library but also a deep learning center for the initiates, an esoteric university/convention center for the very learned; the Romans burned and destroyed it to conceal the anomalous origins of many "humans" and create an Empire based on lies and obfuscation as to the nature of this quantum Matrix and current human existence in it

WHY YOU THINK THEY EXECUTED SOCRATES...?

WHY YOU THINK...? BECAUSE HE WAS VOCAL ABOUT WHAT I AM EXPLAINING HERE; HE WAS TELLING THE MEN OF HIS DAY THAT THEY WERE BEING TAKEN OVER BY THE ROBOTS AND ZOMBIES, MEANING OF COURSE THAT A NUMBER OF THEM IN HIGH PLACES WERE DEEMED TO BE SUCH, WHICH EVIDENTLY THEY DIDN'T EXACTLY LIKE TO HEAR: SOCRATES WAS PUT ON TRIAL IN ORDER TO SIMPLY SHUT HIM OFF, TO FRAUDULENTLY "PROVE" THAT HE WAS "WRONG", WHICH OF COURSE HE WASN'T ONE BIT. THIS WAS THE ORIGIN OF THE INQUISITION, WHEREBY A GROUP OF COUNTERFEIT SAGES DECIDE TO GENOCIDE THOSE WHO ARE THE REAL SAGES. WHY...? BECAUSE ROBOTS AND ZOMBIES DO THIS, THEY MURDER.

WHAT DO YOU THINK THE STORY ABOUT CAIN AND ABEL WAS ABOUT...? PRECISELY THE SAME,

JUST LIKE SOCRATES, IT MEANT THAT THE ROBOTS & ZOMBIES MURDER THE TRUE SAGES

'Cept in the case of "Cain" it meant that a large swath of "humanity" descended from them

Unless you are dumb enough to "think" it was merely a story about random crime...

Quantum at the edge, yes it is

**WHAT EXACTLY IS 3DENSITY/3DIMENSION PHYSICAL

"REALITY" CLOSER TO A SIMULATION**

**This is the real meaning of what we termed Quantum Physics: the
"pixelation" of waves/energy**

**(official science knows this for a fact since the last years of the... ...
... 19th century...!)**

*Yet they don't like to advertise this knowledge to the public, they
disguise it behind technical jargon in universities*

*The fact that because of this "pixelation" (and other phenomena) what
we call physical reality is artificial Quantum synthetic*

*Max Planck the founder of Quantum Physics discovered that the
physical universe from the point of view of WAVES is "pixelated" or
NOT CONTINUOUS, akin to the "pixelated" matrix screen of your TV
or monitor or any photographic image –and this he called "Quanta" in
the sense of packets of energy, related to a Quantum Pulse and a
frequency, a granulometry and a modulation–, which in the end just
creates a resonant GHOST CONSCIOUSNESS*

http://en.wikipedia.org/wiki/Max_Planck

*As noted on previous articles, the ancient name for the Moon ("Sin") is
the subconscious origin of the moral concept of Sin, but there's more to
it:*

**"SIN" was the ancient name for the "MOON" also called
"LUNA"**

"SIN" is pun of "SYN" ~~~ SYNTHETIC
REALITY (Artificial Reality)

AI machine control of bio-robo-machines; your thoughts are not yours, your atoms are not yours, your "identity" is not yours –specially not even your very sexual gender, as the politically correct drones acting out the Hive Mind would have it–; it's all pixels and digits, software and meme, hypno programming, and you still "like" this "reality" ...? If you are an evidently so abused walking program stuck on a reincarnating dharma wheel ad infinitum, stop defending your program –at the very least, I mean– and start acting like a real person, rebel against the ghost you have been made into

IF THIS IS A QUANTUM PIXELATED MATRIX OF A "PHYSICAL" 3D REALITY, AND YOUR BRAIN IS PART OF A HIVE MIND IN ORDER TO OPERATE

WITHIN THE PROJECTION, THEN WHAT DO YOU "REALLY KNOW" ...? SOCRATES WAS EXACTLY RIGHT IN THE NEED TO ACKNOWLEDGE

THAT YOU KNOW NOTHING AS THE BASIC STARTING POINT OF TRUE KNOWLEDGE, AS THE INDISPENSABLE STEP INTO THE REAL-REALITY

As always in Universal Standard English Gematria (a=1, b=2, ..., z=26):

PIXEL = 66 = LUNAR = 66 = TIMES

This term "Pixel" which happens to be like the smoking gun in proving the artificial Matrix, is why we have "Pi" & "Phi" and "Patmos Island" as codes:

PIXEL ~~~ the number PI (3.14...)

PIXEL ~~~ the number "PHI"

PIXEL ~~~ Patmos Island

<http://en.wikipedia.org/wiki/Pi>

<http://en.wikipedia.org/wiki/Phi>

ANY SIMIL BETWEEN THE GREEK LETTER FOR No. "PI" AND THE HEBREW LETTER "H" IN THE TETRAGRAMMATON IS SHEER COINCIDENCE...?

*The Brain as a decoder of Space/Time software codes within the Quantum Matrix 3D broadcast *(CLICK TO ENLARGE)**

Notice how in the above analogy the term "CABLE BOX" synchronistically resonates to the "TOWER of BABEL" expression – call it the **Babel Box...–**

(Tower of) "BABEL" ~~~ C"ABLE B"OX

THE QUESTION BEING... WHAT'S SHOWING NEXT IN THE CABLE BOX PROGRAMMING...????

How many times and in how many Timelines will Lemuria and Atlantis fall... over & over again...?

WE ARE ATLANTIS SIMPLY UNDER DIFFERENT COSTUMES

Apparently Stanley Kubrick got a glimpse at the programming guide... read on, and ye shall find out:

Years 2001 to 2036

**666 = 1+2+3+4+5+.....+32+33+34+35
+36**

THIS IS THE SCHEDULING TIME, THE "WHEN" OF THE SHOW, OK...?

General 2001-to-2036 span { 666 = 1+2+... .. +35+36 } broken down into subspans:

"2014-to-2020":

14+15+16+17+18+19+20 = 119

(this means that events like 911, could be astronomically bigger than 911 yet in the Apocalypse Countdown scale "big but not too big")

THE 1st & LAST NUMBERS: [14 + 20 = 34 = ONE] SUGGESTING THE ONE WORLD GOVERNMENT KNOWN AS THE NWO

Speaking of broadcast... image shows the Oprah Winfrey Network launch date promo; we are supposed to believe that it reads NWO in reverse just by sheer "coincidence" right...? Also the 1/1/11 numerology we must view as mere cute stuff, nothing to see here move along folks, right...? Just how utterly retarded are the people following her as one of the mass mind programmers of the New World Order and its transhumanist agenda, may I ask? The last initials "HYK" self evidently indicate the HYKSOS people which gradually invaded Egypt and ultimately became Pharaohs in the 18th dynasty specially via Akhenaten, this is why "OPRAH" is an in your face play on the title "PHARAOH"

"2014-to-2025":

14+15+16+17+18+19+20+21+22+23+24+25 = 234

[234 = 13 x 18] as in Apoc/Rev 13:18 *the "666" verse*

(this means that events already and decidedly en-route to the Transhumanist Agenda i.e further Robotization of Humans to be laid out during this span)

THE 1st & LAST NUMBERS: [14 +
35 = 49 = CLONE] EXPOSING THE CLONING OF HUMANS
HAND IN HAND WITH THE ROBOTIZATION

Folks, it ain't gonna be pretty...!

What's about to come down... "As It Was In The Days Of Noah":

"As It Was In The Days Of Noah"

AI WI TDON ~~~ AI WI-FI DON'T

As if this most famous of Old Testament phrases would be warning us in our present day English language:

"DON'T DO ARTIFICIAL INTELLIGENCE WI-FI...!"

Because...? It means that robot-humans will be controlled by the Hive-Mind via Wi-Fi everywhere; that robot-human may be your own son or daughter...

Isn't this slowly beginning to happen but only presently in its "introductory" sweet conditioning phase (call it the campaigning phase),

cell phones & tablets & what have you gadgets given like candy or cocaine to addicts, pretty much like colored beads were given to the indians...?

Robocalypse public epidemic of cellphone users; humanity as one big depressing blob of a species, the substitute humanity I mean, the Counterfeit Humanity ready to be "upgraded" (read: downgraded into demonic robotoids) into AI hubris

We-Are-Legion; the BODIES have been genetically altered in the 20th century to yield more "beautiful" looks, yet the minds have become uglier-than-thou, this is one UGLY PSYCHE humanity presently, perfect teeth, lean bodies, manicured hair, made to order genitalia, yet... a ghastly nightmare of a species is what humanity is turning into

I'M HARDLY ALONE ON THIS, I GOT GREAT COMPANY: EVEN STEVE JOBS DENIED IPADS TO HIS KIDS...!

"Chris Anderson, the former editor of Wired and now chief executive of 3D Robotics, a drone maker, has instituted time limits and parental controls on every device in his home". "Alex Constantinople, the chief executive of the OutCast Agency, a tech-focused communications and marketing firm, said her youngest son, who is 5, is never allowed to use gadgets during the week, and her older children, 10 to 13, are allowed only 30 minutes a day on school nights." "Evan Williams, a founder of Blogger, Twitter and Medium, and his wife, Sara Williams, said that in lieu of iPads, their two young boys have hundreds of books (yes, physical ones) that they can pick up and read anytime."

HINT FOR THE ABSENT MINDED: ALL THESE FAMOUS TECHIES KNEW & KNOW EXACTLY WHAT I'M DISCLOSING TO YOU

Let me rephrase it here in short for you:

H-E-L-L-O... ..!? IS THERE ANYBODY OUT THERE...?!

That bad. Welcome to the Robocalypse...

Robocalypse already happened in Atlantis where a brand of reproducing organic roboton humans started out and survived its fall until today; these were initially the "worker bees" of Atlantis, which was an inter-planetary/stellar civilization in the sense that they maintained contact with higher developed ET civilizations off planet, ultimately striking nefarious deals with some negative ET's thus subconsciously consenting to their own demise & fall

***WE ARE QUANTUM ENTANGLED WITH ATLANTIS BECAUSE WE ARE**

A DEJA-VU TIMELOOP BRANCH OFF OF IT (one of several timelines)*

THE MAIN DIFFERENCE BETWEEN AN ORIGINAL SPIRITUAL HUMAN AND AN ORGANICALLY REPRODUCED ROBOTON LIES IN THE FACT THAT THE FORMER IS ABLE TO ENTER THE REALM OF WHAT HE CANNOT COMPREHEND

AND BEGIN TO EVOLVE ACCORDINGLY "BY-EPIPHANY", WHILE THE LATTER CAN ONLY LEARN/EVOLVE IN LINEAR AGGREGATIVE MANNER I.E. AS LONG AS THE TRUTH/INFORMATION LIES STRICTLY SOMEWHAT "WITHIN THE SCOPE" OF ITS BRAIN OPERATION AND RANGE OF GENETIC MANUFACTURE HYBRIDIZATION (THE MERGING OF HUMANS AND AI ROBOTS ALREADY TOOK PLACE IN ATLANTIS) –go back to Part 1 in this article series to find the different classes of being appearing as "humans" presently in this Matrix timeline– . THUS A RATHER LARGE CONTINGENT OF HUMANITY AS SURVIVORS OF ATLANTIS WHICH GREW OVER TIME, ARE DESCENDANTS OF HUMAN/ROBOT HYBRIDIZATIONS WHICH TOOK PLACE THERE, AND THIS CAN BE VERITABLE CALLED "THE BIG SECRET". WHICH IS NOT TO SAY THAT OTHER CONTINGENTS MAY HAVE BEEN INTRODUCED FROM SEVERAL EXO-SOURCES (ET'S) LATER ON, BECAUSE THIS QUITE EVIDENTLY HAS BEEN THE CASE. AND THIS IS THE GREATEST TABOO OF OUR DAYS SUCH THAT NO ONE WILL EVER TALK OR EVEN REFER TO THIS IN PUBLIC, YET IRONICALLY YOU'D REALLY HAD TO BE LIVING IN A CAVE SO TO SPEAK, NOT TO BE AWARE OF THESE "TOPICS" PRESENTLY. THE FACT IS THAT THE REAL SOURCE OF ALL KINDS OF RACISM, HAD ALWAYS BEEN THE SECRET KNOWLEDGE OF THE ELITES CONCERNING THIS "TOPIC", SO THAT DIFFERENT RELIGIONS AND ETHNIAS AND CULTURES PROCEEDED TO LABEL THEMSELVES AS THE ORIGINAL HUMANS WHILE VIEWING THE OTHERS AS THE DESCENDANTS OF THE BIO-ROBOTON HUMANS.

The Jewish had even differentiated 2 levels of robotization, for long centuries now quite in the open:

–**THE GOYIM:** some degree of robotic hybridization, lower cloned

–**THE GOLEM:** fully lab-produced robot human

IN CHRISTIANITY THE CRUXIFITION IS RIDDLED WITH THIS, JESUS CRUCIFED BY THE GOYIM/GOLEM:

"MOUNT GOLGOTHA" is officially & historically supposed to mean the Mount of the Skull (supposedly were Adam's skull was buried)

YET ESOTERICALLY IN SECRET IT MEANT "GOL-GOTHA" AS IN "GOLEM/GOYIM/GOTHA", THE ROBOTS AND ZOMBIES...!

"GOTHA" REFERS TO THE WALKING DEAD, THE ZOMBIES, THE COUNTERFEIT CREATION HUMANS

THE BALONEY STORY ABOUT ADAM'S SKULL WAS A CONVENIENT COVER, IT REALLY MEANT THE ZOMBIES ARE DEAD IN THE HEAD

A Zombie world according to Jesus as Gnostic

MATTHEW 8:22 "LET THE DEAD BURY THE DEAD" (Jesus said)

LIKE 9:60 "LET THE DEAD BURY THEIR DEAD"

In Universal Standard English Gematria (a=1, b=2, ..., z=26):

96 = ATLANTIS

We can irrefutable see how this most emblematic Gnostic wisdom laden phrase was encrypted outside of the time construct, tying in

directly into the Patmos Island code of Apocalypse, and clearly implying the Robocalypse repetition of Atlantis:

"BURY" = 66 = LUNAR = TIMES

"LET THE DEAD" = 84 = PATMOS

"THE DEAD BURY" = "BURY THE DEAD" = 113 = APOCALYPSE

Thus the phrase reads:

"LET THE DEAD BURY THE DEAD" = 197 = "PATMOS APOCALYPSE"

So what exactly do we have here presently...? An agenda to once again Trans-Humanize humanity into a further down spiritually devolved mutant hybrid species better suited by DNA to harsher planetary environments, way dumber in creative higher consciousness terms, but way more apt at manipulating machines and gadgets and computers and so on and so forth, what we could term "Spiritually retarded robo geniuses", by comparison. As George Carlin sarcastically put it – just smart enough to operate all the machinery so to speak yet not enough to figure out the Big Picture–. TRANSLATED: A NEW BREED OF TRANSHUMANIST SPECIES FURTHER ROBOTIZED AND CLONED EN-MASSE, TO CONTINUE ON THE DEMONIC AGENDA OF THE ANUNNAKI AS PLANETARY GOFERS FOR

THE ARCHONS in their downward spiral of attempting to preserve forever & ever a bubble like "closed in" or "looped in" impossible 3D physical existence via Quantum semi-virtual simulations, with no other objective than to harvest the Psionic energy of the original creation beings they have managed to capture into their contrived matrixes. This Trans-Humanist agenda at hand as laid out already years ago in this and my other older blog, involves also the genetic engineering of a 3rd Gender, for which the current global Gay/Bi indoctrination is merely a conditioning phase enacted to manufacture a consent, under the usual phony pretense of 'gender equality' and such crass demagoguery built as distracting narrative to cover up the horror of it all.

WE ARE ENTERING A NIGHTMARE, AND A NIGHTMARE OF TERROR IS WHAT IT REALLY IS

The "Beast of the Sea" (Apoc/Rev 13) ~~~ Sea is Mare ~~~ Nightmare

The "Best of the Earth" (Apoc/Rev 13) ~~~ Earth is Terra ~~~ Terror

Gnosis of the Sign-On AI reality; today's typical online procedure is Sign-On to digital platforms or social media etc

Gnosis of the Sign-On; the awareness that they astrally peer pressure you to sign-on to "life" as defined in a strictly limited holographic 3D counterfeit "reality", that is

One quickly realizes that modern English contains all the cues & clues leading to a renewed awareness as to the ancient virtual Matrix agenda:

"GNOSIS" ~~~ "SIGN-ON"

"GNOSIS" ~~~ "SIGN-ON SYSTEM"

IN OTHER WORDS THE GNOSIS IS THE AWARENESS OF THE AI/ROBOHUMAN AGENDA THROUGHOUT MILLENIA

The Gnosis/Knowledge of the secret Moon/Sin/Syn robotized Matrix reality initiated by Quantum computer "Sign-On" digital platforms

Of course a great many people today know parts and pieces of this jigsaw puzzle, at least in sci-fi imagery; the problem lies in the fact that very but very few are able to arrive at the Big Picture tying together all the different aspects, due to the prevalent compartmentalized system, basically imposed via education and the media. Most who are aware of certain parts of the Big-Picture, fail to integrate all the separate aspects into one coherent understanding of what is happening and has been happening seemingly forever in the "physical" universe; those able to arrive at a more integrated and all encompassing Big Picture of the issues, were and are still labeled as "Gnostics" for lack of an adhoc terminology, the term representing just the awareness of the larger Big Picture altogether with the many details involved, not subject or slave dependent of the prevalent compartmentalized thinking and/or the sequential analytical linear bogus thought process (designed for the robot hybrids and clones) which grounds the lower mind to the 3D Physical unto a uni-dimensional perception incapable of multi-dimensional comprehension (supressing the parallel circuitry type of consciousness based on

empathy, so to speak). What the linear-sequential analytical process actually is, is an "enclosed" loop like thought process, where the only alternative is to become more agile and faster, in other words THE REAL GOAL OF THIS THOUGHT PROCESS IS TO MERELY BECOME AN ADVANCED ROBOT CLONE, really-really "clever" and shrewd, yet unable to break-off its programming, unable to transcend its limits and bounds, perpetually just "playing" within the sports arena so to speak, simply becoming better and better at the small ballgame. This indoctrinated system of analytical or linear-sequential thought process ultimately cages you into the enclosed loop of the 3D physical Matrixes, no different than a ball & chain binds the slave to the jail cell; it is a "follower" software thought process designed to gradually turn you into a mere drone, the perfect fragmented consciousness slave.

http://en.wikipedia.org/wiki/The_Scream

Let me suggest this famous painting is the subconscious scream of horror at the coming CLOCKWORK ORANGE scenario

The Scream – by Edvard Munch, often called the Mona Lisa of modern times, such its importance; Munch pierced the veil of mundanity and produced striking portraits of the human devolved condition of madness in this semi virtual reality

COUNTERFEIT QUANTUM CREATION PROGRAMS THE MIND TO BE A DRONE OF THE HIVE-MIND

–this is accomplished by debasing the mind to become a Slave of Linear Sequential Analytical process–

This process sooner or later devolves unto an entropic psychic fragmentation downwards spiral leading to sheer Psychopathy

The only possible way of attempting to counteract this downwards spiral is via ever increasing "external" physical Technology and more Control

TRUE SPIRITUAL CREATION DEPROGRAMS TO RETURN TO BEING CONNECTED TO DIVINE SOURCE

–this is accomplished by opening the mind to the Freedom of Manifesting in Harmonic Resonance–

You didn't know it yet, but the simple act of reading/understanding this blog for ex, is already liberating you from the demonic Matrix Hive-Mind

The following are the operative principles of true connected to Infinite Source Psyche (Higher Mind as opposed to slave Lower Mind):

HIGHER VIBE

CONCORDANCE

SYNCHRONICITY

CONVERGENCE

HARMONIC RESONANCE

EPIPHANY

TRANSCENDENCE

As soon as the Lower Mind decides to abandon the false rogue trojan program called the Ego which thinly disguises its self-destructive poisonous toxic entropic nature by preposterously playing an apparent perpetual "homage-to-the-host" via an implanted desire complex

software within a fictitious contextual game of go-get-what-I-want as opposed to what should be the the right thing to do, the mind as seeker of the truth begins to attune to these multi-dimensional ways of operating beyond the illusion of the 3D physicality and its AGGREGATIVE & SEPARATE sequential Time/Space mirage. In the ideological spectrum of the mundane, Communism would be by far the worst offender –all the while falsely claiming to be the cure for excessive materialism–, as it hypnotizes the Lower Mind to believe even more so in the physical quantum projection, by inducing HATRED out of any or all conditions unattained, an entrenched desire for REVENGE that can never be quenched and a robotic quest for perpetuating the "No Way Out" of the Matrix paradigm, becoming the ultimate cage and darkest of traps. In the same way a tight-grip ideology like Communism exacerbates the predominance of the Lower Mind in its penchant for linear sequential analytical "thinking", many analogue forms of Lower Mind worship can be found in fundamentalist cults of religious or theocratic overtones passing off as "spirituality" when they are nothing more than gross intellectual materialism (in Part 1 I offered the example of the WatchTower organization otherwise known as the Jehova's Witnesses, a textbook case) typically engaged in low-vibe non-resonant non-transcendent forms of hypnotism, textbook cases of consciousness cages.

"GOG & MAGOG"

EGO MACHINES

"ME" obsession is merely "E"go "M"achine consciousness program unable to transcend or liberate itself

"Me-Myself-I" is "E"go "M"achine AI Hive-Mind program running what you naively believe to be You

Revelation 20:7-8

The Defeat of Satan

⁷And when the thousand years are ended, ⁸Satan will be released from his prison ⁹and will come out ¹⁰to deceive the nations that are at the four corners of the earth, ¹¹Gog and Magog, ¹²to gather them for battle; their number is like the sand of the sea.

*Gog and Magog *(CLICK TO ENLARGE)* It represents the dramatic increase of a new generation of "next-generation" ROBOHUMAN SLAVES, staggeringly massive in numbers*

THE NOTICEABLE SECURITY DIFFERENCE BETWEEN A LOWER ROBOCLASS HUMAN AND AN ORIGINAL HUMAN IS THAT THE ROBOHUMAN IS SO MUCH MORE EASILY HACKEABLE, IN OTHER WORDS IS ESSENTIALLY DEFENSELESS TO WALK-IN'S AND POSSESSION AND SO ON AND SO FORTH. THE CURRENT ONGOING EPIDEMIC OF MASS WALK-INS FROM OTHER PLANETS OR PARALLEL TIMELINES & REALITIES TAKING OVER "HUMANS" WHILE ALIVE, IS DEFINITE PROOF OF THIS. THE PRESENT WIDESPREAD "INVASION OF THE BODY SNATCHERS" PHENOMENON EVIDENCES A MASS SCALE OF ANOMALOUS ROBOHUMANS, BECAUSE AN ORIGINAL HUMAN NO MATTER HOW DEVOLVED AND FRAGMENTED HE MAY BE, STILL BY DEFINITION IS CONSIDERABLE MORE RESISTANT TO THESE WALK-IN'S AND POSSESSIONS ETC. THE CURRENT EARTH CONTEXT IS BY AND LARGE AT PRESENT A VAST INFLUX OF ESCAPEES AND TRAVELERS FROM OTHER PLANETS AND REALITIES TAKING OVER HUMAN BODIES INHABITING "OVER" THE EXISTING INCARNATION AS 'WALK-IN'. THIS HAS BEEN INCREASINGLY HAPPENING SINCE THE 1980'S, IN TURN EVIDENCING A COLLAPSING COSMIC PROCESS ELSEWHERE, AND AS SUCH IT IS MY CONTENTION WAS PROPHESED IN THE BOOK OF APOC/REV AS INCOMING ENTITIES DURING THE END-TIMES. WHAT IS RELEVANT TO GRASP, IS THE AWARENESS OF THE "HIVE-MIND" PROCESS THEY ALL SHARE, AND THE OUT OF CONTROL "ME-MYSELF-I" AS EGO-MACHINE TRAIT; THIS HIVE-MIND PROGRAM IS A COLLECTIVE THAT SEEKS TO IMPOSE

ITSELF UPON ALL OTHER ORIGINAL HUMAN HIGHER TYPES OF CONSCIOUSNESS, BASICALLY A BULLY TYPE OF CONSCIOUSNESS, BULLYING ITSELF UNTO OTHERS TO FORCEFULLY CONSTRUCT/PROJECT THEIR HIVE-MIND AS THE ONLY "REAL" REALITY, WHICH IS IN AND OF ITSELF AN EXERCISE IN FULL BLOWN MASS DEMENTIA. CURRENTLY THE WORLDWIDE MEDIA SERVES AS THEIR PRIMARY CONDUIT FOR THIS BULLYING, VIA BEHAVIOUR MODIFICATION THROUGH THE MASS MEDIA IMPOSING A REDEFINED SENSE OF ALL ORIGINAL EXTANT HUMAN CULTURAL PARADIGMS, DOWNWARDS UNTO A BASAL ROBOHUMAN FIELD OF CONSCIOUSNESS THAT IS VERY LOW IN VIBE, SCARCE OR DEVOID OF CREATIVITY, TOTALLY PHONY IN EMPATHY (THEREOF LACKING IN IT), AND HORRENDOUS IN ESSENCE – WHICH SOME HAVE DUBBED THE OSTENSIBLE "RACE TO THE BOTTOM" PARADIGM–. A THIN SHEER SIMULACRUM OF PUBLIC "EMPATHY" IS GLOBALLY ENACTED VIA THE "POLITICALLY CORRECT" SCAM, WHICH IS NOTHING MORE THAN AN ARTIFICIAL POLITICAL DEMAGOGUERY RUSE AS A GROSSLY MANIPULATED CONSCIOUSNESS CONSTRUCT ENACTED TO PRECISELY GIVE THOSE WHO ABSOLUTELY LACK REAL EMPATHY THE ILLUSION THAT THEY ARE VERY EMPATHIC INDEED AND EVEN "GREAT HUMANITARIANS" AT IT. ALL THESE PATENTLY PHONY CONTRIVANCES ARE JUST BOT-THOUGHT PROCESSES BASED ON MIMIC, ON OUTER SHELL COPY-PASTE OF REAL ORIGINAL HUMANS, ON PUBLIC SIMULATION OF WHAT IS ACTUALLY ABSENT INSIDE, ALL THE MORE SO ALL THE MORE EMPTY THE SHELL IS. THIS IS WHY ALL THEIR PUBLIC ENACTMENTS NEED MILLIONS IF NOT BILLIONS OF "VIEWERS" AND "FANS" AND "ADMIRERS" AND "FOLLOWERS", BECAUSE THE HIVE-MIND PROGRAM RUNNING THEM IS ACTUALLY ZERO EMPATHY AND ALL EGO, STRICTLY BASED ON ILLUSORY LINEAR AGGREGATION. WELCOME TO THE EMPTY SHELL UNIVERSE, WELCOME TO THE MACHINE, WELCOME TO THE DEAD HIVE-MIND SIMULATING IT IS "ALIVE" ("D-EVIL" = "D-LIVE"), WELCOME TO EGO HELL (S-HELL ~ HELL) WE CALL THE MATRIX, GETTING READY TO KICK-IN THE NEXT PHASE OF

MORE ADVANCED YET EVEN CONSIDERABLY LESS SPIRITUALLY VIABLE EXISTENCE, RULED BY DEMONIC ENTITIES WHICH HAVE BEEN CORNERED INTO THE SEALED-OFF QUANTUM VIRTUAL PHYSICAL DIMENSIONS.

http://en.wikipedia.org/wiki/Library_of_Alexandria

http://en.wikipedia.org/wiki/Middle_Ages

THE Gnostic motto "TEMET NOSCE/KNOW THYSELF" WAS THE FUNDAMENTAL MANDATE **TO FIND OUT AND DISCOVER WHAT CLASS OF "HUMAN" YOU ARE**, THE FIRST AND FOREMOST DISTINCTION BEING WHAT CLONE CLASS AND WHAT ROBOTIC CLASS AS OPPOSED TO SPIRIT HUMAN OR THEOMORPH HUMAN YOU ARE; THIS IS WHAT IS HIDDEN BEHIND THE OFFICIAL STORY CONCERNING THE TRIAL AND EXECUTION OF SOCRATES WHICH WAS A STRIKING MOVE AGAINST THE SO CALLED OLD Gnostics AND THE KNOWLEDGE THEY POSSESSED ABOUT THESE HAIRY SUBJECTS, IT WAS ALL ABOUT CENSORING AND BURYING THIS KNOWLEDGE. THE EXECUTION OF SOCRATES AND THE BURNING OF THE LIBRARY OF ALEXANDRIA WERE PART OF THE SAME MOVE, ONE EVENT TAKING PLACE BEFORE IN GREECE AND THE OTHER EVENT LATER IN ROME. THE COMBINED EFFECT OF THESE 2 CRUCIAL STRIKING MOVES ESSENTIALLY AND ULTIMATELY LED DIRECTLY TO THE DARK AGES KNOWN AS THE MEDIEVAL PERIOD OR MIDDLE AGES WHERE HUMANITY STRIPPED OF THIS DEEP KNOWLEDGE QUICKLY DEVOLVED UNTO HORRENDOUS LEVELS, A PERIOD LASTING A THOUSAND YEARS...! THE RENAISSANCE WAS NOTHING ELSE THAN A GREEK REVIVAL WHEN THE FEW SCATTERED SECRET Gnostics WHO ALSO SURVIVED THE MASS GENOCIDE IN THE 1200's (a genocide against the so called Gnostics disguised as against the later -invented term- fraudulently labeled "Cathars" or "Albigensians" to hide the target, a genocide which

delayed the advent of the Renaissance in Europe for 400 years...!) REGROUPED AND BROUGHT FORTH THE PRINTING PRESS SO ANCIENT GREEK WORKS OF SCIENCE & SUPPRESSED KNOWLEDGE COULD BE DISTRIBUTED AS BOOKS AGAIN OPENLY. INDEED MANY HAVE REGARDED THE AMERICAN LIBERTARIAN REVOLUTION AS THE 2ND RENAISSANCE AND THUS THE 2ND GREEK REVIVAL, IMPLYING CLOSET Gnostic FIGURES IN IT (NOTICEABLY THOMAS JEFFERSON) AS THE MAIN DRIVERS. IN A MORE SPIRITUALLY DIRECT MANNER IN FACT ONE COULD SUMMARIZE THE BASIC STORY OF THE GOSPELS AS A Gnostic JESUS WHO IS VEHEMENTLY OPPOSED BY THE PHARISEES & SADDUCEES ETC AS THE OFFICIAL RELIGIOUS ESTABLISHMENT, THUS THE SAME EXACT PARADIGM AND CONFLICT IS PRESENT IN ANY SPIRITUAL SITUATION AT EVERY LEVEL.

As always in Universal Standard English Gematria (a=1, b=2, ..., z=26):

PHARISEE = 81 = TOWER

SADUCEE = 58 = TWO = TOW.

The inner demiurgic bad spirit is reflected in the codes for the root of both words, which the Book of Apoc/Rev called "The Old Serpent":

"PHARI." + "SADU." = 97 = SERPENT

Below I will give just one or two examples of so many cases of the same Hive-Mind slave class program "role-playing God", as consciousness

bullies operating in a Race-To-The-Bottom devolution of the humanity platform, as part of a Greys agenda to obliterate humanity culturally

and psychologically to create a void Tabula Rasa (blank sheet) preceding the genetic engineering of the "next-generation" or Robohumans

Beyonce's Christian views called into question, along with husband Jay-Z, the 'Jehovah' god of rap

Jay-Z as Jehovah, the empty shell bottom of the barrel in terms of robotic/zombie Counterfeit Consciousness, SOME RESEARCHERS SUSPECT PART OF A CLONE PROGRAM

Yet there are many more cases of a similar agenda apparently operating within a multiple tiered menu of activities, but which is nothing more than a front for the Matrix Control System to re-hijack the mass consciousness of humanity back into the same old YHVH Hive Mind Complex; doing this strictly through some marginal religions like the Watch Tower Bible and Tract org would certainly not accomplish this by itself. Enter the world of mass media global "Entertainment" passing off as "Art" or "Music", reaching astronomically more people than the Watch Tower; in this other example we find a guy who chose the apparently innocuous name "JAY-Z", later marrying a femme whose name is "BEYONCE" –nothing out of the ordinary here, right...?-. Actually everything is anomalous, as these 2 are a clear examples of the Matrix Control System in act, period; these are all "Rebooting-Back-To-YHVH" Hive Mind Complex automatic programmes working under the external appearance of a 'public activity' involving masses of people getting

together for 'entertainment' (assuming anything they do is entertaining that is, which evidently is not).

JAY-Z'S REAL NICKNAME IS "JEHOVAH": NOT A MERE PUN AS THE CAPTION ABOVE, IT'S HIS REAL ACTUAL NICKNAME !?

Now let's take a closer inspection at his chosen name "JAY-Z":

"JAY" is how the letter "J" is pronounced, so "JAY" is the initial of "JEHOVAH", once again (propaganda is repetition)

"Z" is pronounced "ZEE" which in the JEHOVAH context is pun of "SEE", as in the "HOLY SEE" –official legal name of the Vatican–

THUS "JAY-Z" SEEKS TO TELL YOUR SUBCONSCIOUS : "I AM JEHOVAH (THE HOLY) SEE"

–if you have not yet caught onto this in-your-face coding, you're either too slow, absent minded, or just plain dumb–

These people may deny in public (or consciously) being Satanic, yet they are Satanic to the hilt, and in respect to his wife Beyonce this is her code:

BEYONCE ~ "OBEY"

BEYONCE ~ "ONCE"

So "BEYONCE" is a hypnotic trigger command to your subconscious to: "OBEY at ONCE !"

Obey the JEHOVAH or YHVH Hive Mind Complex, that is –your role is to be a SLAVE or a SERVANT of it–

In Universal Standard English Gematria (a=1, b=2, ..., z=26):

BEYONCE = 69 = JEHOVAH

**HER HUSBAND'S REAL LIFE NICKNAME IS JEHOVAH,
WHILE HER NAME YIELDS THE SAME JEHOVAH
GEMATRIA VALUE**

Puke bag please...!?, the whole programming is so debased and horrendous, it is truly sickening –Satanic idolatry at its worst, covertly so–

Would anyone be surprised that for ex the Watch Tower Bible and Tract org actually and openly declares your "obligation" in life to be a SLAVE...?:

*Watch Tower slavery; giving spiritual slavery within their Theocracy a "theological" spin of "justification" *(CLICK TO ENLARGE)**

Yet just religion or entertainment would not accomplish a full blown Matrix Control sweep, so bring in the politician anointed as 'Messiah' as well

(the illuminati pawn couple JAY-Z and wife BEYONCE often named in their short version "JAY & BEY"):

"JAY" = 36 = BARACK

"BEY" = 32 = OBAMA

It doesn't end there, oh no... both their names together reaffirm an identical programming:

JAY-Z & BEYONCE = 132 = 66+66

LUNAR TIMES = 132 = 66+66

Jachin and Boaz in magic card

Jachin and Boaz sacred pillars in Freemasonry

Jachin and Boaz sacred pillars in masonic lodges

http://en.wikipedia.org/wiki/Boaz_and_Jachin

THUS "JAY" (Jay-Z) STANDS FOR THE PILLAR OF "JACHIN"

WHILE "BEY" (Beyonce) STANDS FOR THE PILLAR OF "BOAZ"

*This neuro-linguistic subconscious script of Satanic YHVH programming is so out of it, we may just call it batsh*t crazy, period*

AS TO THE 'ACTIVITY' OF THIS JEHOVAH JAY-Z CHARACTER, HE IS THE MOST SUCCESSFUL RAP MUSICIAN IN HISTORY,

YET THE SELF EVIDENT IMPLICATION OF THE NAME OF THE 'GENRE' TELLS IT ALL:

RAP ~~~ CRAP

*Not only that, but this Jay-Z character also happens to embed the Gematria value for the TORAH, nonetheless –more batsh*t crazy programming–:*

JAY Z = 62 = TORAH

THE TORAH IS THE FIRST 5 BOOKS OF THE OLD TESTAMENT IN THE BIBLE, WHICH INCLUDES THE BOOK OF GENESIS

Last but not least... –you guessed it (if you never realized this the most obvious clue by yourself, you are certifiably brain-dead)–:

Z = 26 = GOD

This ain't just some crap, this is the most laughable in your face Satanic crap you've ever seen –and the cheapest most false at that–

In their penchant for preposterous "sacred nature", they are part of the END-TIMES TERMINAL MADNESS

*Michael Jackson as a Archangel Michael type; notice the JACHIN and BOAZ sacred pillars behind him. Rumors abound that he faked his death in order to opt for a Mind Transference program unto AI, to avoid biological death as his health was deteriorating rapidly *(CLICK TO ENLARGE)**

He is not alone in the 'field' of 'entertainment'; this JEHOVAH disease has infected the black community of illuminati figures of maximum exposure and success, like a plague. Not only the formerly known musician known as Prince is a Jehovah's Witness, but so is Serena Williams the tennis player (accused by many of actually being a genetic male), and so was Michael Jackson himself before 'apparently' being pushed out of the cult, etc. Rumors have floated about Beyonce being a secret Jehovah's Witness for a long time now, and so happens with several other black figures. This would explain why today the Watch

Tower Bible and Tract org has an unusually higher number of black followers -37% and increasing by the year (blacks in the USA are 12% to 14% of the population)-, which prompted the leadership to "redesign" the marketing of theology to include blacks prominently in their chapter of socially just causes, accusing whites of being racist at the slightest critique of the black movement. Or perhaps due to the large numbers of whites leaving the cult since the internet arrived exposing their deceiving nature, the leadership made a shrewd move and targeted their marketing towards the black community as the new naive suckers of the scam, who knows, and really... who cares. I am just using them as an example of the prevailing terminal madness and rebooting of all Counterfeit Consciousness back to the Hive Mind Complex, near the Omega Point in history.

*The mad show begins to get more dramatic –Atlantis Fall and all–
when this guy arrives, after all no good Titanic wreck is epic without a
bozo as captain*

BE AWARE THAT I DO NOT SUBSCRIBE TO THE PROSAIC INTERPRETATION OF THE "ANTICHRIST" AS A POLITICAL FIGURE AND SUCH, BUT RATHER AS AN AGENDA OF TRANSHUMANIST OVERTONES AS IT IS CURRENTLY HAPPENING WORLDWIDE AND COVERTLY; IN OTHER WORDS TO ME IT IS IRRELEVANT WHETHER THERE IS A PUBLIC FIGURE IN THE USUAL SENSE OF "BEING THE" ANTICHRIST, AS I FEEL THIS ASPECT IS MERELY THE CONDITIONING ASPECT, WHICH SEEKS OUT YOUR CONSENT VIA YOUR SYMPATHISING WITH SAID FIGURE. THE ISSUE I HERE UNRAVEL IS ONE OF TIMING, HOW THE APOCALYPSE CODES ARE CONCERNED WITH AND CLEARLY SEEK TO PINPOINT A TIME FRAME OF EVENTS, ACTING AS TIME MARKERS WHICH LET YOU KNOW FOR A FACT AND FOR SURE "WHEN" THIS IS TRANSPIRING AND THE DANGER IS IMMINENT. THUS BELOW THE EXAMPLE ACTS AS A MOST IMPOSSIBLE TO MISS TIME MARKER, SIGNALING THE CURRENT TIME FRAME UNDER THE URBI-ET-ORBI FIGURE OF OBAMA.

–this time the Gematria will be done in the universal computer code known as the ASCII (see above caption for number values)–:

666 = PRES. OBAMA

(9 letters)

Isn't it is a testament to human absent-mindedness that of all the 6 billion+ people on earth NO ONE did this simple arithmetic I here offer...?

Now this guy is supposed to be role-playing Pharaoh Akhenaton (also rendered as Akhenaten) as is already common knowledge in alternative circles:

665 = AKHENATON

(9 letters)

Apparently using a \$1 dollar calculator (as I do, ALL the Gematria on this blog and the older previous one has been done using a \$1 calculator)

to add the ASCII value of 9 letters was "too complex" for the 6 billion+ humans on this planet...

Then we find out that the theme of a major world changing volcanic eruption is present in this Akhenaton thread,

****a relevant theme we shall elaborate on Part 3 of this series***:*

1180 = PHARAOH AKHENATON

This time reverting back to the usual Universal Standard English Gematria (a=1, b=2, ..., z=26):

118 = ERUPTION

This Titanic captain has 2 different legal names (I know, bizarre is the new normal nowadays), the other one being Barry Soetoro

(again using the ASCII computer code Gematria, instantly recognized by the high number values):

555 = SOETORO

*After all this captain was duly appointed to end the Titanic by sinking it,
as his full legal name*

including the "II" for junior yields the nation's independence year:

444+666+666 = 1776 = PRES. BARACK OBAMA II

*This Titanic's captain was formerly a Democratic Senator for Illinois
(from Chicago),*

commonly written in mainstream media in short form as "DEM SEN":

444 = DEM. SEN.

*The show's plot was "due to emergency" of grave national calamities
to extend this Titanic captain's presidency until 2024*

*(a-la Castro in Cuba, or like some latin american presidents like
Maduro etc are attempting to do):*

2024 = CHICAGO SEN. PRES. BARACK OBAMA

*In the Book of Apoc/Rev the number "144" is given for those who had
to endure this period of the Atlantis/Titanic fall marked by the codes
given*

***Now back to the usual Universal Standard English Gematria / (a=1,
b=2, ..., z=26):***

144 = PRES. BARACK OBAMA II

*Concerning the other common spelling of Akhenaton as Akhenaten,
when Apoc/Rev 13:18 famously says*

"For his number is 666 and it is the number of a man":

"No. OF A MAN" = 79 = AKHENATEN

*Blue Mars *(CLICK TO ENLARGE)* Welcome now to the year 2015,
officially semi admitting the all too obvious*

*I have been saying this since I was 11 years old, as such one
was supposed to be 'crazy'; until one day it is officially admitted, then
their attitude becomes: "Oh well, then it had oceans and most probably
was inhabited", as they had been aggressively denying so far...*

*(never mind that after cosmic cataclysms never ceased being inhabited,
only in much lesser numbers and under the radar so to speak)*

I always have maintained since my teen years that there are 2 types of humans, regardless of their origin and nature; there are those who as you get to know them more & more you are blessed with pleasant surprises (the tiny few), then there are those who as you get to know them more & more you are only poised to be hit by bad surprises -sometimes even really really bad surprises- (the vast majority). Since the latter compose the bulk of humanity and exhibit pervasive & consistent

dysfunctional/bizarre behaviors that cannot be easily fathomed or explained, it stands as self evident that this vast majority has rigged all adhoc explanations of this irrefutable phenomenon to Distract & Detour you away from finding out the why's & how's of the issue; the way this has been done is to on one hand demonize or ridicule all those who have a decent idea about the multi layered causes for this, while on the other hand it has been done through a most childish "system of explanations" which may draw from the pseudo-spiritual to the pseudo-intellectual (most likely a blend of both) in the sense that a false paradigm of "it's not my fault" ever, but some EXTERNAL SOURCE is the cause. In religious terms that will be labeled as Satan et al, while in intellectual terms that will be labeled as The-Powers-That-Be et al -be them local or exo planet-. It is strictly "they" whom are at fault, it is never "my" nature which is at fault, you see. Thus you are trained and mind conditioned to forever remain in this utterly childish state of unawareness and superficially glib delusional mindset incapable of any real deeper reckoning. Of course there is a Satan and there demons which are also the bigger picture root cause, therefore it follows that indeed there are local or exo planet Powers-That-Be which are also part of the root cause; however if you simply take either or both of these as 'the only' cause, you'll be seriously missing the most important root cause (the one that you can indeed change and correct), the fact that humans are dysfunctional automaton-clones because they were tampered with and re-engineered into these several times in the far past, as part of a lower debased 3D physical quantum Counterfeit Creation run dy Demiurges & Archons via the usual suspects ET/Ultra and Anunnaki gofers -as the true Gnostics have been saying for many thousands of years since the dawn of time-. This is what Socrates instructed you (not just "them", but YOU about yourself) to investigate, find out, and to the best of your ability determine, under the Gnostic motto "KNOW THYSELF". However you could not possibly attempt to determine what Class of devolved being you are (much less how dysfunctional or messed up you are), unless you also realize that you do 'not' know, that this pervasive and laughable delusion of thinking "I already know" is precisely the very exact reason you keep being so pathetically ignorant about yourself or the true nature of this Counterfeit Matrix reality at large, since in order to learn the real Truth you must first be aware that you ignore the real Truth, duh. So Socrates also made

public the old Gnostic paradigm of "All I Know Is I Know Nothing", otherwise phrased as "The more one knows, the bigger the perimeter with the unknown becomes". Absent these 2 mottos, you're doomed and condemned to perpetual ignorance, thus unable to change and correct software/patterns for the better. Now we all know what happened to Socrates; since he was with no hesitation disclosing these Gnostic truths regarding the real abnormal nature of most humans to the masses, he was banned from teaching in academia fist, then eventually tried and executed via hemlock poison in full 'legal' judicial regalia; they offered him the chance to publicly retract, but Socrates refused since he wanted those in the future (you) to know for a fact that those condemning and ridiculing and ultimately putting to criminal judgement the Gnostic wise sages, are the anomalous types themselves, who have taken over academia, religions, public institutions, governments, the arts, and what have you. Socrates allowed his execution to remain forever as the most unavoidable in-your-face direct message to you, that the inmates have taken over the asylum. Signed with his own execution, his personal statement about the robotic & psychopathic state/nature of most humans, still remains the truth about one of the key root causes of the mess we're in as a species. This was about almost 2500 years ago, soon after the brutes Romans easily invaded the Greeks, and the rest is history, of the worst kind.

<http://en.wikipedia.org/wiki/Socrates>

http://en.wikipedia.org/wiki/Albigensian_Crusade

(some Gnostic groups preposterously classified as "Albigensians" or "Cathars" or any other all too convenient pseudo religious label)

Much later on around 1200 AD, some Gnostics made the fatal mistake of assembling together in southern France, thus were genocided

in brutal manner (not even babies or women left alive) under false pretext of being "heretics", when in fact they were not a religion nor

*a hierarchy, were free-spirit **INDIVIDUAL** people of much higher cultural level than the rest of Europe then in the Medieval Ages, as they*

were fully literate (most often artists/artisans/scientists, etc) thus it is widely acknowledged that their mass genocide delayed the advent of the

Renaissance for a good 400 years. The prevailing Protestant view that this reflected only the corrupt nature of Catholicism is another classic

This Oct 24-2014 released film "Stonehearst Asylum" as an adaptation of the Edgar Allan Poe short story "The system of Doctor Tarr and Professor Fether", I consider a must-see for all who are interested in the Gnostic reckoning of humanity as a mixture of 2 creations, the original True Creation and a Counterfeit Creation brought on by the fallen demonic Demiurges & Archons. The film is no marvel by any means, but the content itself speaks volumes on the lunatic asylum nature of current humanity, where almost no one is who or what they seem to be. Poe like Voltaire and Shaw of the above quotes, etc, was evidently well aware of the insane condition of humanity at large under the present devolved mode of consciousness, and he sardonically chose to write this admirably pungent story as a pertinent analogy of Earth as a raving mad PRISON PLANET.

No One Is Who or What They Seem To Be

"NO ONE IS WHAT THEY SEEM" – motto of the poster for the film "Stonehearst Asylum")

IN STREET WISDOM THIS IS COMMONLY KNOWN AS: "EVERYBODY IS NORMAL UNTIL YOU GET TO KNOW THEM"

Welcome to creepy 3D Earth timelines maze

Gives a whole new spin on those (the vast majority) who always call us "crazy" for just being awake

to the fact that our "human" and "natural" environs are not exactly neither normal nor fine & dandy,

now doesn't it...?

Such a lovely place, Hotel California... or Overlook Hotel...

The famous hotel from Stanley Kubrick's film "The Shining"

WHO OVERLOOKS...? THE WATCHERS (OF THE COUNTERFEIT PHYSICAL MAZE), OF COURSE

Archons Deception: inter-dimensional ultra/et/demonic games as the background to the asylum timelines maze

System Failure, time for Reset; the inevitable "SOFTWARE EXPIRE" within the Timelines quantum programming

Archon Invasion; the hordes have been here increasingly since the 70's, 80's, 90's and on -so much for "natural" environs-

In Stanley Kubrick 1980 film "The Shining", the full season hotel manager when receiving Jack Torrance (Jack Nicholson)

in his office to assume the off-season management, explains to him the raison d'etre for the resort hotel:

'THIS PLACE WAS CHOSEN FOR ITS REMOTENESS AND ITS SCENIC BEAUTY'

-one of the reasons why some incoming et/ultra's are here, dimensionally/cosmically remote and yes, scenic like a lot of big asylums-

All the Rent-A-Body scams for ex disguised as "sell your soul to Satan", etc, were actually part of THE INVASION ITSELF AS THE "WALK-IN" phenomenon, whereby a person would get an exo-being either co-inhabit or takeover and replace the existing identity body host. There was and is a variety of Walk-In techniques, be them plain old possession, split alter-personality partial takeover, occasional recurring hypnotic trance takeover, definitive clone replacement, you name it; this mass wave of exo-influx has been occurring since the early 70's in increasing intensity, and so far only a moron would not realize it. The current widespread MAC ("Most Abominable Celebrities") syndrome, by which some satanic completely idiotic zombie robotic marionette is propelled into mass fame & rigged a success of absurdly disproportionate scale, is but the tip of the iceberg on the Walk-In phenomenon; it's currently and actually now happening from the tip to the toe of the social ladder. You do understand times are not exactly good, when you have these types roaming around Earth like pseudo gods and goddesses of a manufactured media landscape made-for-robots; you are able to discern they represent one thing and one thing only, DOOM TIME. The deja-vu of extinct planet Maldek (Tiamat), Mars, Atlantis, that is.

EVEN OPTIMIST LEFT-WING GLOBALIST AGENDA NEIL YOUNG ALREADY BACK IN 1982 PENNED THE "TRANS" ALBUM PARADIGM TO COME

(song "Like An Inca" from below "TRANS" album)

(song "Sample and Hold"):

"Sample and Hold Hair: Blonde Eyes: Blue Weight: 110 Disposition: Even Mood Code: Rotary Adjustable I need a unit to sample and hold But not the angry one A new design, new design We'll send it out right away Satisfaction guaranteed Please specify The color of skin and eye We know you'll be happy Don't hesitate to give us a call We know you'll be satisfied When you energize And see your unit come alive Perfection in every details Fabricated from The curl of the hair To the tip of the nail Because our units never fail We know you'll be happy I need a unit to sample and hold But not the lonely one A new design, new design Perfection in every detail New design"

Beyonce allegedly comes from the Third Ward in Houston, this why she staged this "Miss 3rd Ward" prop; however as she has been extensively used as satanic marionette to simply serve as a media carrier of Archonic messages (Demiurgic propaganda to manufacture a consent) or as covert announcements for things to come, this apparently innocent referral to an autobiographical memory is nothing of the sort, but also another satanic announcement in a long litany of such.

**NOTICE THE "NWO" (NEW WORLD ORDER) EMBEDDED IN
"SNOW"**

President Snow played by Donald Sutherland in the series "The Hunger Games", tying it to "Snowpiercer"

**THIS IS WHY THERE IS A LOT OF SNOW IN THE FILM
"CATCHING FIRE; THE HUNGER GAMES"**

**MUCH OF ITS PLOT HAPPENS ON A SUPER FAST
ADVANCED FUTURE TRAIN**

**JUST LIKE THE ENTIRE PLOT OF THE FILM
"SNOWPIERCER" ALSO HAPPENS ON A SUPER FAST
ADVANCED FUTURE TRAIN**

At the front tip of which lies its SACRED ENGINE

Film "Snowpiercer" concept art; THE SACRED ENGINE; a not so well disguised ref to the LHC/ Large Hadron Collider

LHC Large Hadron Collider project in Geneve ("New Genesis") as the "Snowpiercer" film's Sacred Engine

It's nearly impossible to miss the connection between the train in the film "Snowpiercer" as the train in the film "Catching Fire; the Hunger Games" **with the concept of a SURVIVING TIMELINE**, quantum manufactured by the LHC Large Hadron Collider project in conjunction with several other accelerators. The moving trains at high speed are the metaphor for the "God Particle" ACCELERATOR; you really need to be absent-minded not to catch on to this, because quite frankly, it's rather blunt. The entire Demiurgic process of a "New Genesis" from both the Matrix Expire paradigm as in the human software expiring and the Deja-Vu of Timelines Convergence in catastrophic Omega Point recursiveness

about to hit a "play" moment, along with the New Mini Ice Age and all the rest of it, speak of fully Archonic styled processes of Emergency Reset of the 3D Matrix Timelines, just about to transpire. Intending to guarantee a CONTINUATION under new templates of re-creation –THE TIMELINES FOR THE FEW ELITES, MADE TO "JUMP OVER" THE CATASTROPHIC TIMELINES OF THE REST, MANIPULATION OF TIMELINES–.

Tim Berners-Lee was not the inventor nor the creator of the internet which was an american declassified technology;

AT CERN IN GENEVE HE WAS ASSIGNED THE TASK OF DEVELOPING THE URL PROTOCOL BY WHICH WE GOT THE "WWW.COM"

THIS ENCODED SOMETHING ELSE, AN ANNOUNCEMENT OF THE NEW HUMAN ROBOT/CLONE 6.6.6 VERSION

In Hebrew alphabet the V is same as the W, and since this alphabet was alphanumeric (both letter & number) the V/W carried the No. 6:

W W W
6 6 6

The covert announcement for this Archonic agenda, has been effected via many covers:

The 3D Matrix Timelines converging via increased Quantum Entanglement and Synchronicity are many, both scattered throughout the Solar System's long cataclysmic "history" as well as throughout its parallel Binary objects, such as the Nibiru system and its Trail of Doom objects, which seemed to have been "locked" away from the current Earth Timelines, but is about to be "merged" by opening the StarGate-Portals thus their Timelines now merging unto the Sun's. Some have suspected this is the Opening of the Bottomless Pit prophesied in Apoc/Rev, others even suggesting this is to be effected via the Particle Accelerator projects such as the LHC / Large Hadron Collider in Geneva ("New Genesis"), etc. My very personal contribution to the paradigm lies in the understanding and decoding of the NUMERIC multi-dimensional or Etheric aspect of the quantum Grids, which involves the progression of Magic Squares as Keys to the Matrixes, from the 3x3 Magic Square of Saturn to the 6x6 Magic Square of the Sun -THIS ONE REPRESENTING THE QUANTUM ENTANGLED YET "PARALLEL TIMELINED" (ISOLATED) SYSTEM ABOUT TO BE MERGED WITH THE CURRENT SUN'S TIMELINE-. The caption shown right above (from another previous article in this blog) is the real decoding I arrived to many years ago all by myself, concerning the true meaning of the famous Apoc/Rev 13:18 prophecy of the "666", having everything to do with Demiurgic Science & Technology and the Manipulation of Timelines into a "New Genesis", including the technologies of cloning and robotization (Android). Shown right below is a further clarified code I discovered years ago in relation to the same 666 code, but involving the number "144" as the obvious ref to the Speed of Light which is a 144 harmonic; WHAT THIS MEANS IS THAT THE PARTICLE ACCELERATORS PROJECTS ARE ATTEMPTING TO SPEED UP STRANGE OR EXOTIC PARTICLES TO THE SPEED OF LIGHT POINT, MAKING THEM COLLIDE IN ORDER TO CREATE A NEW "BIG-BANG" AND CHANGE TIMES & PHYSICS ("Times & Law", as in the famous Book of Daniel prophecy). Keep in mind the Great Pyramid at Giza was originally covered with 144,000 shiny polished encasing stones.

$$\begin{array}{r}
 13 \times 18 = 234 \\
 234 + 432 = 666 \\
 144+144+144 = 432 \\
 \\
 PATMOS = 84 \\
 ISLAND = 59 \\
 "8/4/5/9" \\
 8 \times 4 \times 5 \times 9 = 1440
 \end{array}$$

When the usual suspect types of retarded moronic scam cults & religions of theocratic/fundamentalist slant teach like for ex the WatchTower org (Jehovah's Witnesses) that Daniel's prophecy of the Beast attempting the Change the Time & the Law was merely the Vatican producing its Julian Calendar centuries ago to rule the world, you cannot help but conclude that some people are either totally demented or at the very least they are full blown idiot goons willing to believe the most pathetic miniature-minded interpretations, their brains stuck on a bubble of Medieval lack of awareness unable to grasp the enormity of what is at at play (the agenda for a "New Genesis") -ridiculously obsessing about soap opera styled petty political world strugglesm which have always been and always will be and have nothing to do the stunning prophecy about "Times & Law" as Changing Timelines and Physics-. But then again, if you are as naive or as ignorant not to know that the WatchTower org for ex was founded by the Rothschild cabal to slowly condition the feeble minds of the masses into accepting the New World Order as idolatry of a pseudo jahvic "Government Body", than you just deserve what's coming. It indeed was created to the express agenda, intending to carve a niche of New World Order adherents within Christianity, only that these would be "sleeper" believers in the meantime hypnotized by the Jehovah's Governing Body scam; at the proper final time, they would be 'activated' into transferring this adherence directly into the New World Order itself, in classic mind control long-term methodology. While on the other hand maybe some of them are actually just role-playing the naive retard, but actually were & are agents for the agenda, maybe even of actual et/ultra origin was Walk-In's. By contrast, in this series of articles you are accessing the real true Gnostic knowledge of very advanced nature

which has been painfully transmitted throughout millennia, concerning these crucial "Future-Shock" things, being embedded in spiritual traditions of very old, part of convoluted TimeLoop processes, some of them finding their way into oxoteric religious traditions here & there, as is the case with the prophecies addressed. Below you will begin to see how complex is the multi-dimensional science involved, this the true context behind the prophecies.

As always in Universal Standard English Gematria (a=1, b=2, ..., z=26):

$$[CHRIS=57] + [MARTIN=75] = 132 = 66+66$$

$$[JENNIFER=81] + [LAWRENCE] = 162$$

$$[CHRIS MARTIN + JENNIFER LAWRENCE] = 294$$

No. 294 OR 492 IS CRUCIAL KEY IN THE "ALPHA & OMEGA" END-TIMES MATRIX (NEXT ARTICLES WILL EXTENSIVELY COVER THIS)

BECAUSE THE LOCAL MATRIX TIMELINES ARE ORIGINATED IN SATURN (CHRONOS) WITH THE 3x3 MAGIC SQUARE OF SATURN

-EVIDENCE SUGGESTS EVEN THE SPECIFIC DOOM DATES THEMSELVES ARE SYNCHRONIC RESONANT TO THIS No. 294 OR 492-

4	9	2	...	15
3	5	7	...	15
8	1	6	...	15
∴	∴	∴	∴	∴
15	15	15	15	15

Matrix originating 3x3 Magic Square of Saturn

By Notarikon (1st & lat initials):

CHRIS MARTIN & **JENNIFER LAWRENCE**

{ **CM/SN** = 49 = Clone } & { **JL/RE** = 45 = Games }

$$49 + 45 = 94$$

The encoding clearly implies that:

"Hunger Games" theme means a game of hunger & danger the clones (humans) are made to play by the Archons

"COLDPLAY CATCHING FIRE" = 126

(the famous "1260 Days" code of Apoc/Rev for the either the Tribulation or the Antichrist periods)

* MEANS COLDPLAY (MINI ICE AGE) BY CATCHING FIRE
(WORLDWIDE VOLCANISM ASH CLOUDS)*

Long dead Egyptian actress Zubaida Tharwat & Jennifer Lawrence; the rave on the internet concerning this way too striking similarity

Zubaida Tharwat & Jennifer Lawrence side-by-side facial recognition match

We easily realize that the encoding has been very meticulous and it encompasses the major paradigm events at play:

COLDPLAY = 88 = EXODUS = FRANCISCO = VLADIMIR

MEANING THE PLANETARY EXODUS THEME OCCURS WITHIN THE TIME FRAME OF THESE TOP WORLDWIDE FIGURES

(POPE FRANCIS I OR FRANCISCO I IN HIS SPANISH ARGENTINIAN LANGUAGE, AND VLADIMIR PUTIN)

Let's now look into the film series title "The Hunger Games":

"HUNGER GAMES" = 118 = ERUPTION

HUNGER = 73 = STONE / (the doomsday space rocks)

GAMES = 45 = REV / (the Apocalypse Revelation of the Doomsday Rocks)

Thus "HUNGER GAMES" means "STONE REVELATION"

“... I was just guessing at numbers and figures
Pulling the puzzles apart
Questions of science, science and progress...”

...Tell me your secrets and ask me your questions
Oh, let's go back to the start
Running in circles, coming up tails...”

(song "The Scientist" by band Coldplay, ostensibly their best known song)

HIDDEN THEME...?: CIVILIZATIONS & PLANETS IN ALPHA & OMEGA RECURRING DEJA-VU TIMELINES OF DOOM

EGYPT = 73 = CORNER = STONE = COUNT = NUMBER = BRITAIN = UNITED = KINGDOM = CROWN

THIS TRIANGLE HAND SIGN IS FOR THE "A" LETTER OF THE ARCHONS (THE DEMIURGIC DEMONS)

as announcement for the Opening of the StarGate-Portal for a "New Genesis" (satanic Archonic re-creation)

THE DIFFERENCE IS THOSE PREVIOUS MAC ("Most Abominable Celebrities") CELEBRATE THE COMING DEATH BY ANNOUNCING THE

ARCHONIC SATANIC "NEW GENESIS" VIA EARTH DEPOPULATION/ROBOTIZATION, WHILE STANLEY KUBRICK WAS DENOUNCING IT

PHOENIX BIRD (NIBIRU) COMES THROUGH SATURN'S RING

Against the background context of "Going-Black" ritual

WHAT THIS MEANS IS THAT THE NIBIRU TIMELINES MATRIX GRID (THE WATCHTOWER)

"MERGES" OR "COMES INTO" THE SOLAR SYSTEM TIMELINES MATRIX GRID RUN BY SATURN

This is what Opening the StarGate-Portal means

In turn this means that "God" as roleplayed by the Anunnaki of Nibiru (passing off as God)

merges into ONE with "Satan" as in the Saturn Matrix of Time (Chronos)

This is their 'theology', that God & Satan are ONE, they thus play both Good & Evil simultaneously

THIS IS WHAT SATANISM IS, NOT JUST ONE SIDE BUT BOTH GOOD & EVIL SIDES "AS ONE"

(I HAVE EXPLAINED THIS SEVERAL TIMES IN THIS BLOG AS WELL AS IN MY OLDER BLOG)

This is what the anointing title "The One" in recent delusional Messianic black politics really means in disguise, it's black magic

applied en-masse scale within the context of a certain satanic Alchemy -elemental transmutations of White to Black, etc-

**(CLICK TO ENLARGE)* caption from another article in this blog*

The "Going Black" ritual staged via politics, reflects this satanic double "White/Black" Janus 'theology'

THUS, THE "BIRTH" OF NEW GENESIS MUST COME THROUGH "DEATH" GENOCIDE, IN THEIR TWISTED 'THEOLOGY'

-Not just a little psychotic, but full blown psychopathic to the hilt: terminally mad demons-

How magma erupts

Yellowstone super dome caldera

We will now see how the Yellowstone Eruption was very openly encoded by Nostradamus:

NOSTRADAMUS AND THE YELLOWSTONE ERUPTION

YELLOWSTONE PARK'S NORTHERN BORDER AREA IN THE GEOGRAPHIC 45 DEGREES PARALLEL (BORDER OF WYOMING & MONTANA)

WHILE ITS WESTERN BORDER RUNS ALONGSIDE THE 111 DEGREES MERIDIAN (BORDER OF WYOMING & IDAHO)

Yellowstone park located at 45 degrees North

Yellowstone's northern border runs along the 45 parallel

45 degree parallel in the USA

Nostradamus C6Q97 ref to Yellowstone Caldera eruption

CENTURY 6 QUATRAIN 97 or C6Q97

(as always in Universal Standard English Gematria / a=1, b=2, ..., z=25):

C 6 Q 97

3 6 17 97

The two central numbers: [6+17 = 23 = W]

The two last single digit numbers: [9+7 = 16 = P]

Thus we have: CWP

Which means: **Caldera Wyoming Park** ~~~ **Yellowstone Park**
Wyoming Caldera

OF THE 7+ BILLION PEOPLE IN THIS PLANET... AM I THE ONLY ONE WHO COULD FIGURE THIS SIMPLEST OF RIDDLES...?!

"A HUGE SCATTERED FLAME LEAPS UP" IS SELF-EVIDENTLY A MEGA ERUPTION

How dumb have people become that they can't decode such a clear pretty much in-your-face prophecy such as this...?

"WHEN THEY WANT TO HAVE PROOF OF THE NORMANS"

Originally Salt Lake City as the city of the Mormons was named "New Salt Lake City" probably intending to come across as a "New Jerusalem":

"New City" refers to "Salt Lake City"

"Normans" refers to the "Mormons"

*Yellowstone seismic stations *(CLICK TO ENLARGE)**

The synchronic 'vicinity' in 'time' of this theme appears via former 2012 pres candidate Mitt Romney who is a Mormon

Romney was the 1st major party Mormon presidential hopeful in history. Is a conspiracy angle suggested via the "want to have proof of", i.e. is something NOT RIGHT with the Yellowstone Eruption...?; besides, the University of Utah has a most renown seismology department, with seismic stations monitoring precisely the Yellowstone area (see above image).

However Nostradamus "New City" riddle also spectacularly pinpoints the 111 degree MERIDIAN of Yellowstone

(since New York City today is the most prominent city with that "New" name):

NEW YORK = 111

This double pun also echoes the catastrophe meme, as New York was the place where 911 occurred

YET WITH OUTSTANDING ECONOMY, THIS VERY "111" NUMBER PRECISELY ENCODES THE WEST BORDER OF YELLOWSTONE,

AS WELL AS ONE OF UTAH'S EASTERN BORDERS WHICH CONTINUES THIS SAME 111 DEGREE MERIDIAN TO THE SOUTH

(PASSING VERY CLOSE TO... SALT LAKE CITY): THUS "NEW YORK" & "SALT LAKE CITY" ARE INTERTWINED VIA GEMATRIA

*Utah on the 111 degree meridian *(CLICK TO ENLARGE)**

Below you see how there is indeed a clear Gematria number pattern inherent to the names of these 3 states bordering Yellowstone

(resonant to the triangular "111" number):

222 = "A WYOMING IDAHO MONTANA"

Furthermore we see now how 2 of these 3 states have a Gematria value exactly matching the apocalyptic Patmos Island code:

WYOMING IDAHO = 143 = PATMOS ISLAND

The apocalyptic resonance doesn't stop there, as when multiplying the Parallel x Meridian and adding its double digits we get the "144" number:

(45 degree Parallel & 111 degree Meridian)

$$45 \times 111 = 4995 \rightsquigarrow 49+95 = 144$$

This is reinforced by another resonance, when factoring in the "N" (North) precision into the 45 degree Parallel:

$$45 \text{ N} = 59 = \text{ISLAND}$$

EERILY PINPOINTING THE FAMOUS FRANK ISLAND IN YELLOWSTONE LAKE

http://yellowstonewiki.com/wiki/Frank_Island

*Frank Island is the biggest most prominent island in Yellowstone Lake: we will see in further articles this was Stanley Kubrick's rather obvious way of covertly telling you that he meant Yellowstone *(CLICK TO ENLARGE)**

In this article series I will show how 2 islands mark the location of 2 of the MAJOR EVENTS of the End Times listed above

–Frank Island in Yellowstone Lake is one of them, marking the Yellowstone Super Dome Caldera Eruption–

This Nostradamus C6Q97 notorious prophecy matches the mysterious No. 42 in Kubrick's film "The Shining"; with his extraordinary

powers of observation and sky high IQ, did Kubrick realize this quatrain was about Yellowstone and embedded this "42" match as clue?:

C6Q97

$$C+6+Q+9+7 = 42$$

While a countdown sequence is suggested by the total 123 when adding up the "97" in full:

$$C+6+Q+97 = 123$$

The name "FRANK" peculiarly suggests the theme of the "New Genesis" –global technological creation of a new android human hybrid– at play now:

"FRANK" ~~~ "FRANKENSTEIN"
